that is often difficult for contemporary audiences to assess In a thorough introduction to the text Leonard situates de Brosses's work within the cultural and intellectual milieu of its time Then Morris traces the concept of fetishism through its extraordinary permutations as it was picked up and transformed by the fields of philosophy comparative religion political economy psychoanalysis and anthropology Ultimately she breaks new ground moving into and beyond recent studies by thinkers such as William Pietz Hartmut Böhme and Alfonso Iacono through illuminating new discussions on topics ranging from translation issues to Africanity and the new materialisms
