The Billionaire's Flame: An Alpha Billionaire Romance Michelle Love, 2022-07-11 Enjoy this bad boy book by Best-selling billionaire romance author Michelle Love. Cole Waters was done with women. It seemed that every relationship he had ever had revolved around one thing: his money. Being the wealthy CEO of a major banking corporation and a good-looking one at that, he attracted a lot of the wrong attention from women. On the other side of town, Deanna Williams, an up-and-coming journalist from Texas, is settling into her new surroundings. Fresh out of college, she manages to land herself a job at a small financial magazine in New York City. So far, the only friends she has made are her coworkers. She is unaware of her rustic beauty and new to the Big Apple, she finds herself spending more and more nights at home. She feels so alone.

Blindfolded: An Alpha Billionaire Romance Michelle Love, Ellen Lane, 2024-10-24 Once I learned about her innocence, I wanted to corrupt and dominate the hell out of her. Lock her up in my penthouse. And discover every delicious way to make her scream. I control my life. I control my world. In my high-end billionaire lifestyle, seducing women is a piece of cake. And I just found a new woman to play with: my new publicist, Ava Parker. She is my new babysitter, and she will pretend to tell me what to do. But I know much better. I will make her vulnerable and make her mine. Then I meet her, and I am screwed. There's something about her that draws me in. She's so tiny, innocent, and breathless, and I can sense a fiery passion burning inside. She woke up something in me that I swore I would never deal with again. But a woman like her can't tame me without getting burned. She better watch out. I will be coming for her hard.

She might think she can change me but it's she who's due for a big surprise **The Counterintelligence Chronology**

Edward Mickolus, 2015-09-15 Spying in the United States began during the Revolutionary War with George Washington as the first director of American intelligence and Benedict Arnold as the first turncoat. The history of American espionage is full of intrigue, failures and triumphs and motives honorable and corrupt. Several notorious spies became household names: Aldrich Ames, Robert Hanssen, the Walkers, the Rosenbergs, and were the subjects of major motion pictures and television series. Many others have received less attention. This book summarizes hundreds of cases of espionage for and against U.S. interests and offers suggestions for further reading. Milestones in the history of American counterintelligence are noted. Charts describe the motivations of traitors, American targets of foreign intelligence services, and American traitors and their foreign handlers. A former member of the U.S. intelligence community, the author discusses trends in intelligence gathering and what the future may hold. An annotated bibliography is provided, written by Hayden Peake, curator of the Historical Intelligence Collection of the Central Intelligence Agency. Secret Agenda

Rochelle Alers, 2009-05-01 On paper Vivienne Neal had a lifestyle most people would envy. Only she knows what a sham her marriage really was. So when her politician husband is killed in a hit and run accident, she moves to Florida and takes a job as a personal assistant to Diego Cole Thomas, a powerful CEO with an intimidating reputation. Vivienne's intelligence and social grace prove invaluable to Diego, and on a business trip to South Carolina's lush Low Country, their business relationship takes a sensual detour. But when threatening letters arrive at Diego's office, he realizes that Vivienne's husband's death was no accident and that she will meet a similar fate unless they can uncover the scandalous truth together. **The Rules(TM) II**
