sent to a detention center for violating a court order to attend school In a work that Lisa Delpit calls imperative reading Monique W Morris chronicles the experiences of Black girls across the country whose complex lives are misunderstood highly judged by teachers administrators and the justice system and degraded by the very institutions charged with helping them flourish Painting a chilling picture of the plight of black girls and women today The Atlantic Morris exposes a world of confined potential and supports the rising movement to challenge the policies practices and cultural illiteracy that push countless students out of school and into unhealthy unstable and often unsafe futures At a moment when Black girls are the fastest growing population in the juvenile justice system Pushout is truly a book for everyone who cares about children
