only one written by a Northerner offers a unique perspective on daily life at the fringes of America's bloodiest conflict. An articulate, educated and keen observer, Stevens took note of seemingly everything: the weather, illnesses, food shortages, parties, church attendance, chores, schools, childbirth, death, the family's slaves and political and military news. As she confided her private thoughts to her journal, she unwittingly revealed how her love for her Texas family and the Confederate soldier boys she came to care for blurred her loyalties, even as she continued to long for her home in Ohio. Showing how the ties of heritage, kinship, friendship and community transcended the sharpest division in US history, this rare diary and Vicki Adams Tongate's insightful historical commentary on it provide a trove of information on women's history, Texas history and Civil War history.
