The Concept of the Foreign Rebecca Saunders, 2003-01-01. The Concept of the Foreign investigates the diverse and consequential uses of the concept of the foreign, a formidable and hitherto untheorized force in everyday discourse and practice. This highly original work, whose experimental nature moves beyond traditional academic bounds, undertakes to theorize the meanings, deployments, and consequences of foreignness, a term largely overlooked by academic debates. Innovative in format, the book comprises an introductory theoretical dialogue and seven essays, each authored by a scholar from a different discipline: anthropology, literary theory, psychology, philosophy, social work, history, and women's studies. Who investigate how his/her disciplines engage and define the concept of the foreign. Drawing out literal and metaphorical meanings of foreignness, this wide-ranging volume offers much to scholars of postcolonial gender and cultural studies seeking new approaches to the study of alterity.

Kinderleben, oder, Das Märchen ohne Ende Friedrich Wilhelm Carové, Sarah Austin, 1995. A fascinating analysis of one of the most popular children's works of all time. *Kinderleben oder das Märchen ohne Ende* 1830 is a unique product of late German Romanticism. As a *Kunstmärchen* or artificial fairy tale, as opposed to the more authentic tales collected by the Grimm brothers, for example, it combines aspects of the traditional fairy tale with philosophical ideals, particularly those of idealism. Although only one edition ever appeared in Germany, it enjoyed wide popularity in England and the United States as *The Story Without an End* 1834, adapted by the foremost English translator of the period, Sarah Austin, on whom much critical attention has recently been focused. This new edition of text and translation includes a valuable commentary with notes on the nine illustrators and a list of all previous editions of the work.

Parting the Desert Zachary Karabell, 2009-08-26. Award-winning historian Zachary Karabell tells the epic story of the greatest engineering feat of the nineteenth century: the building of the Suez Canal, and shows how it changed the world. The dream was a waterway that would unite the East and the West, and the ambitious energetic French diplomat and entrepreneur Ferdinand de Lesseps was the mastermind behind the project. Lesseps saw the project through fifteen years of financial challenges, technical obstacles, and political intrigues. He convinced ordinary French citizens to invest their money, and he won the backing of Napoleon III and of Egypt's prince Muhammad Said.

But the triumph was far from perfect the construction relied heavily on forced labor and technical and diplomatic obstacles constantly threatened completion The inauguration in 1869 captured the imagination of the world The Suez Canal was heralded as a symbol of progress that would unite nations but its legacy is mixed Parting the Desert is both a transporting narrative and a meditation on the origins of the modern Middle East

Women Writing the Neo-Victorian Novel Kathleen Renk, 2020-07-27 *Women Writing the Neo Victorian Novel* Erotic Victorians focuses on the work of British Irish and Commonwealth women writers such as A S Byatt Emma Donoghue Sarah Waters Helen Humphreys Margaret Atwood and Ahdaf Soueif among others and their attempts to re envision the erotic Kathleen Renk argues that women writers of the neo Victorian novel are far more philosophical in their approach to representing the erotic than male writers and draw more heavily on Victorian conventions that would proscribe the graphic depiction of sexual acts thus leaving more to the reader s imagination This book addresses the following questions Why are women writers drawn to the neo Victorian genre and what does this reveal about the state of contemporary feminism How do classical and contemporary forms of the erotic play into the ways in which women writers address the Victorian woman question How exactly is the erotic used to underscore women s creative potential

The Palgrave Encyclopedia of Victorian Women's Writing Lesa Scholl, Emily Morris, 2022-12-15 Since the late twentieth century there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature However with the increased understanding of the importance of interdisciplinarity in the twenty first century there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century a time that was intrinsically interdisciplinary in approach to scholarly writing and public intellectual engagement

Imperial Boredom Jeffrey A. Auerbach, 2018-10-03 *Imperial Boredom* offers a radical reconsideration of the British Empire during its heyday in the nineteenth century Challenging the long established view that the empire was about adventure and excitement with heroic men and intrepid women eagerly spreading commerce and civilization around the globe this thoroughly researched engagingly written and lavishly illustrated account suggests instead that boredom was central to the experience of empire Combining individual stories of pain and perseverance with broader analysis Professor Auerbach considers what it was actually like to sail to Australia to serve as a soldier in South Africa or to accompany a colonial official to the hill stations of India He reveals that for numerous men and women from explorers to governors tourists to settlers the Victorian Empire was dull and disappointing Drawing on diaries letters memoirs and travelogues *Imperial Boredom* demonstrates that all across the empire men and women found the landscapes monotonous the physical and psychological distance from home debilitating the routines of everyday life wearisome and their work tedious and unfulfilling The empires early years may have

been about wonder and marvel but the Victorian Empire was a far less exciting project Many books about the British Empire focus on what happened this book concentrates on how people felt **The Poisoned Well** Roger Hardy,2019 In The Poisoned Well veteran BBC journalist Roger Hardy presents a realist s history of the Middle East by weaving together stories of political strife and vivid firsthand accounts to illustrate that the current conflicts and crises of the Middle East are borne out of the troubled legacy of Western imperialism in the region The Whirligig of Time Judith van Oosterom-Pooley,2010 Rev ed of Whirligigge of time Leiden Leiden University 2004 *Wonderful Things: A History of Egyptology, Volume 1* Jason Thompson,2015-03-01 The discovery of ancient Egypt and the development of Egyptology are momentous events in intellectual and cultural history The history of Egyptology is the story of the people famous and obscure who constructed the picture of ancient Egypt that we have today recovered the Egyptian past while inventing it anew and made a lost civilization comprehensible to generations of enchanted readers and viewers thousands of years later This the first of a three volume survey of the history of Egyptology follows the fascination with ancient Egypt from antiquity until 1881 tracing the recovery of ancient Egypt and its impact on the human imagination in a saga filled with intriguing mysteries great discoveries and scholarly creativity Wonderful Things affirms that the history of ancient Egypt has proved continually fascinating but it also demonstrates that the history of Egyptology is no less so Only by understanding how Egyptology has developed can we truly understand the Egyptian past Fanny Hensel R.
