McCartney: Bass Master Tony Bacon, Gareth Morgan, 2006-10 At the core of this book are full transcriptions including tab and chord names of nine of McCartney's finest bass parts You Won't See Me Drive My Car The Word and In My Life from Rubber Soul the classic B side Rain Taxman and I'm Only Sleeping from Revolver Lovely Rita from Sgt Pepper and Dear Prudence from the White Album Each of these nine key tracks is taken apart and examined in detail to remind today's bassists how much we can still learn from McCartney's remarkable playing skills The nine transcriptions are set in the context of the story of McCartney's role as bass player in The Beatles from the first single Love Me Do in 1962 to the last album Let It Be in 1970 Drawing on an interview with McCartney the authors show how he started as a guitarist in the group but soon came to expand and transform bass playing bringing new musical ideas and a fresh outlook on sound that virtually defined the role of the modern bassist in pop music All bass players owe a debt to McCartney's groundbreaking and revolutionary work with The Beatles and for the first time this book shows exactly why **The Beatles - Basslines*** Paul McCartney, 1996 This superb folio contains Paul McCartney's bass lines from ten of The Beatles' greatest hits **Paul**

the book in case you want to sing or to simply help you follow along The online audio is available for streaming or download using the unique access code printed inside the cover This pack includes All My Loving Back in the U S S R Day Tripper Eight Days a Week Get Back I Saw Her Standing There Paperback Writer Taxman **The Beatles and Their Revolutionary Bass Player** Dennis Alstrand,2014 How the hell did four guys from a city on the Northwest Coast of England come to rule the world I can not imagine what life would have been like without them Can you How would the current economic state or all of the sorrows of the world compare to going through life never hearing She Loves You or A Day in the Life Instead we were able to live vicariously through a story that would make a great novel if someone ever chose to write it as such It has everything you need desire early failures bleak moments heartbreak love affairs dragon women and helpless maidens martyrs incredible characters some dark and some light coming and going just when they were most needed insecurity and loyalty triumph against all odds the world held in the sway of four men who changed it all a breakup that was viewed with more despair than Charles and Diana and finally four figures four separate Phoenixes stumbling to their feet and learning for the first time how to stand up without their three mates at their side The intention of this book is to capture some of that story with a focus on the evolution of the bass playing of Paul McCartney The book s genesis was a website devoted to his bass guitar work still online at www.alstrand.com but it became clear that any discussion of one aspect of the Beatles leaves the rest of the story wanting For example to talk only about McCartney s most famous bass line the one in Come Together ignores the innovative drumming of Ringo Starr the swampiness of Paul s electric piano the quality of John Lennon s voice and the mere fact that he is saying shoot me at the start of each instrumental riff To talk about one thing you have to talk about it all Writing this book I soon realized was like riding on an emotional roller coaster Pull out an old Beatles chestnut and listen closely to it with the intention of explaining it to someone else and you ll see what I mean In my case maybe something about the structure of the arrangement would strike me as brilliant and I d grapple for words to describe it Words that did not make me sound like a wide eyed throat gurgling gob smacked fanatic Which I am but I do try to hide it in these pages The songs that I had the most fun with were She Loves You A Day in the Life Hey Jude Come Together and I Want You She s So Heavy Each song presents itself as a well orchestrated masterpiece complete in every way To me the Beatles were such an incredible team such a tight unit that whatever an individual did had an impact on the larger unit In the early days the group would generally run their songs through what I call the Beatles Machine A song would go in with chords and melody and come out a full fledged Beatles song Paul McCartney Paul McCartney,2014-04 Bass Play Along The Bass Play Along Series will help you play your favorite songs quickly and easily Just follow the tab listen to the CD to hear how the bass should sound and then play along using the separate backing tracks The melody and lyrics are also included in the book in case you want to sing or to simply help you follow along The audio CD is playable on any CD player For PC and Mac computer users the CD is enhanced so you can adjust the recording to any tempo without changing pitch This volume
