## **Partner To The Poor A Paul Farmer Reader:**

*Partner to the Poor* Paul Farmer, 2010 Dr Paul Farmer is one of the most extraordinary people I've ever known. *Partner to the Poor* recounts his relentless efforts to eradicate disease, humanize health care, alleviate poverty, and increase opportunity and empowerment in the developing world. It will inspire us all to do our parts. William J. Clinton. If the world is curious about Paul Farmer, there is a reason for that. No one has done more than he has in bringing modern medicine to the poor across the globe, and no one has exceeded him in making us appreciate the diverse barriers that prevent proper medicine from reaching the underdogs of the world. In this wonderful collection of essays putting together Paul Farmer's writings over more than two decades, we can see how his far-reaching ideas have developed and radically enhanced the understanding of the challenges faced by healthcare in the uneven world in which we live. This is an altogether outstanding book. Amartya Sen, Nobel Laureate, Economics. To delve into these pages is to join one of the world's great explorers on an epic life journey to grapple with culture, poverty, disease, health care, ethics, and ultimately our common humanity in the Age of AIDS. Paul Farmer is a pioneer, guide, and inspiration at a time of unprecedented contrasts between wealth and poverty, power and powerlessness, health and disease, compassion and neglect. His medical expertise, anthropological vision, and unflinching decency have helped to recharge our world with moral purpose. Jeffrey D. Sachs, Columbia University. Wow. Perfect for teaching. This is more than vintage Farmer. Editor Haun Saussy knows Farmer's work inside out and has assembled and organized 25 classic articles that project the heart of Farmer's brilliant, radical, inspiring, eminently practical, and dare I say genuinely subversive work. Philippe Bourgois, author of *Righteous Dopefiend*. If they gave Nobel Prizes for raising moral awareness, Paul Farmer would have won his a long time ago. For several decades now, his work has posed a challenge to anyone who dares say that radically improving the health of the world's poor can't be done. This splendid compilation of the best of his work allows us to follow a restless, creative, compassionate mind in action in and out of prisons and barrios and mud huts and hospital wards from Haiti to Rwanda to Moscow, never taking no for an answer. Adam Hochschild, author of *Bury the Chains*. Paul Farmer is a deep scholar of Haitian society, a formidable medical anthropologist, an implacable theorist of structural violence and health as a human right, and an ethicist for whom the place of social justice in medicine and in the world is an existential need. This book is the platform of interconnected intellectual, academic, and practical engagements upon which the amazing world-transforming life of Farmer stands. Arthur Kleinman, author of *What Really Matters: Living a Moral Life amidst Uncertainty and Danger*. This collection shows the impressive catalytic effects of original scholarship when combined with action, activism, and a commitment to social justice in health. Paul Farmer and his PIH colleagues have twice changed World Health Organization policies; they continue to have a lasting impact on the global health movement and on the lives of the poor. Peter Brown, Emory University.

**Fighting to Breathe** Nicole Fabricant, 2022-12-13 Industrial toxic emissions on the South Baltimore Peninsula are among the highest in the nation. Because of the concentration of factories and other chemical industries in

their neighborhoods residents face elevated rates of lung cancer and other respiratory illnesses in addition to heart attacks strokes and cardiovascular disease all of which can lead to premature death Fighting to Breathe follows a dynamic and creative group of high school students who decided to fight back against the race and class based health disparities and inequality in their city For more than a decade student organizers stood up to unequal land use practices and the proposed construction of an incinerator and instead initiated new waste management strategies As a Baltimore resident and activist scholar Nicole Fabricant documents how these young organizers came to envision design and create a more just and sustainable Baltimore

*They Leave Their Kidneys in the Fields* Sarah Bronwen Horton, 2016-07-19 They Leave Their Kidneys in the Fields takes the reader on an ethnographic tour of the melon and corn harvesting fields of California s Central Valley to understand why farmworkers suffer heatstroke and chronic illness at rates higher than workers in any other industry Through captivating accounts of the daily lives of a core group of farmworkers over nearly a decade Sarah Bronwen Horton documents in startling detail how a tightly interwoven web of public policies and private interests creates exceptional and needless suffering

*Exit Wounds* Ieva Jusionyte, 2025-04 Turns the familiar story of trafficking across the US Mexico border on its head looking at firearms smuggled south from the United States to Mexico and their ricochet effects American guns have entangled the lives of people on both sides of the US Mexico border in a vicious circle of violence After treating wounded migrants and refugees seeking safety in the United States anthropologist Ieva Jusionyte boldly embarked on a journey in the opposite direction following the guns from dealers in Arizona and Texas to crime scenes in Mexico An expert work of narrative nonfiction Exit Wounds provides a rare intimate look into the world of firearms trafficking and urges us to understand the effects of lax US gun laws abroad Jusionyte masterfully weaves together the gripping stories of people who live and work with guns north and south of the border a Mexican businessman who smuggles guns for protection a teenage girl turned trained assassin two US federal agents trying to stop gun traffickers and a journalist who risks his life to report on organized crime Based on years of fieldwork Exit Wounds expands current debates about guns in America grappling with US complicity in violence on both sides of the border

**The United States of War** David Vine, 2021-09-07 2020 L A Times Book Prize Finalist History A provocative examination of how the U S military has shaped our entire world from today s costly endless wars to the prominence of violence in everyday American life The United States has been fighting wars constantly since invading Afghanistan in 2001 This nonstop warfare is far less exceptional than it might seem the United States has been at war or has invaded other countries almost every year since independence In The United States of War David Vine traces this pattern of bloody conflict from Columbus s 1494 arrival in Guantanamo Bay through the 250 year expansion of a global U S empire Drawing on historical and firsthand anthropological research in fourteen countries and territories The United States of War demonstrates how U S leaders across generations have locked the United States in a self perpetuating system of permanent war by constructing the world s largest ever collection of foreign military bases a global matrix that has

made offensive interventionist wars more likely Beyond exposing the profit making desires political interests racism and toxic masculinity underlying the country s relationship to war and empire The United States of War shows how the long history of U S military expansion shapes our daily lives from today s multi trillion dollar wars to the pervasiveness of violence and militarism in everyday U S life The book concludes by confronting the catastrophic toll of American wars which have left millions dead wounded and displaced while offering proposals for how we can end the fighting

**The Spirit Ambulance** Scott Stonington,2020-08-25 The Spirit Ambulance is a journey into decision making at the end of life in Thailand where families attempt to craft good deaths for their elders in the face of clashing ethical frameworks from a rapidly developing universal medical system to national and global human rights politics to contemporary movements in Buddhist metaphysics Scott Stonington s gripping ethnography documents how Thai families attempt to pay back a debt of life to their elders through intensive medical care followed by a medically assisted rush from the hospital to home to ensure a spiritually advantageous last breath The result is a powerful exploration of the nature of death and the complexities arising from the globalization of biomedical expertise and ethics around the world

*All I Eat Is Medicine* Ippolytos Kalofonos,2021-08-24 All I Eat Is Medicine charts the lives of individuals and the operation of institutions in the thick of the AIDS epidemic in Mozambique during the global scale up of treatment for HIV AIDS at the turn of the twenty first century Even as the AIDS treatment scale up saved lives it perpetuated the exploitation and exclusion that was implicated in the propagation of the epidemic in the first place This book calls attention to the global social commitments and responsibilities that a truly therapeutic global health requires

Returned Deborah Boehm,2016-05-10 Returned follows transnational Mexicans as they experience the alienation and unpredictability of deportation tracing the particular ways that U S immigration policies and state removals affect families Deportation an emergent global order of social injustice reaches far beyond the individual deportee as family members with diverse U S immigration statuses including U S citizens also return after deportation or migrate for the first time The book includes accounts of displacement struggle suffering and profound loss but also of resilience flexibility and imaginings of what may come Returned tells the story of the chaos and design of deportation and its aftermath

**Coptic Culture and Community** Mariam F. Ayad,2024-01-16 A wide ranging exploration of the daily lives of ordinary Coptic Christians from late Antiquity until today This volume brings together leading experts from a range of disciplines to examine aspects of the daily lived experiences of Egypt s Coptic Christian minority from late Antiquity to the present In doing so it serves as a supplement and a corrective to institutional or theological narratives which are generally rooted in studying the wielders of historical power and control Coptic Culture and Community reveals the humanity of the Coptic tradition giving granular depth to how Copts have lived their lives through and because of their faith for two thousand years The first three sections consider in turn the breadth of the daily life approach perspectives on poverty and power in a variety of different contexts and matters of identity and persecution The final section reflects on the global Coptic diaspora

*Claiming Her Dignity* L. Juliana M. Claassens, 2016-10-06 To be human means to resist dehumanization In the darkest periods of human history men and women have risen up and in many different voices said this one thing Do not treat me like this Treat me like the human being that I am Claiming Her Dignity explores a number of stories from the Old Testament in which women in a

variety of creative ways resist the violence of war rape heterarchy and poverty Amid the life denying circumstances that seek to attack violate and destroy the bodies and psyches of women men and children the women featured in this book absolutely refuse to succumb to the explicit and at times subtle but no less harmful manifestations of violence that they face

**Structural Approaches in Public Health** Marni Sommer, Richard Parker, 2013-04-26 A CHOICE Outstanding Academic Title 2014 That health has many social determinants is well established and a myriad range of structural factors social cultural political economic and environmental are now known to impact on population well being Public health practice has started exploring and responding to a range of health related challenges from a structural paradigm including individual and population vulnerability to infection with HIV and AIDS injury prevention obesity and smoking cessation Recognising the inadequacy of public health responses that focus solely on individual behaviour change to improve population health outcomes this text promotes a more holistic approach Discussing the structural factors related to health and well being that are both within and outside of an individual s control it explores what form structural approaches can take the underlying theory of structure as a risk factor and the local realities environments and priorities that public health practitioners need to take into consideration Anchored in empirical evidence the book provides case studies of innovative and influential interventions from the 100% condom program to urban planning injury prevention and the provision of adequate clean drinking water and sanitation systems and concludes with a section on implementing and evaluating structural public health programs This comprehensive text brings together a selection of internationally recognised authors to provide an overview for students and practitioners working in or concerned with public health around the globe **Getting Beyond Better**

Roger L. Martin, Sally Osberg, 2015-09-15 Who drives transformation in society How do they do it In this compelling book strategy guru Roger L Martin and Skoll Foundation President and CEO Sally R Osberg describe how social entrepreneurs target systems that exist in a stable but unjust equilibrium and transform them into entirely new superior and sustainable equilibria All of these leaders call them disrupters visionaries or changemakers develop build and scale their solutions in ways that bring about the truly revolutionary change that makes the world a fairer and better place The book begins with a probing and useful theory of social entrepreneurship moving through history to illuminate what it is how it works and the nature of its role in modern society The authors then set out a framework for understanding how successful social entrepreneurs actually go about producing transformative change There are four key stages understanding the world envisioning a new future building a model for change and scaling the solution With both depth and nuance Martin and Osberg offer rich examples and personal stories and share lessons and tools invaluable to anyone who aspires to drive positive change whatever the context Getting Beyond Better sets forth a bold new framework demonstrating how and why meaningful change actually happens in the world and providing concrete lessons and a practical model for businesses policymakers civil society organizations and individuals who seek to transform our world for good **Textures of Terror**

Victoria Sanford, 2023-05-09 Investigating the unsolved murder of a female law student and the pervasive violence against Guatemalan women that drives migration Part memoir and part forensic investigation Textures of Terror is a gripping first person story of women violence and migration out of Guatemala and how the United States is implicated Accompanying Jorge Vel squez in a years long search for answers after the brutal murder of his daughter Claudina Isabel Victoria Sanford explores what it means to seek justice in postconflict countries where violence never ended Through this father s determined struggle and other stories of justice denied Textures of Terror offers a deeper understanding of US policies in Latin America and their ripple effect on migration Sanford offers an up close appraisal of the inner workings of the Guatemalan criminal justice system and how it maintains inequality patriarchy and impunity Presenting the stories of other women who have suffered at the hands of strangers intimate partners and the security forces this work reveals the deeply gendered nature of power and violence in Guatemala

**Driving after Class** Rachel Heiman, 2015-01-16 A paradoxical situation emerged at the turn of the twenty first century the dramatic upscaling of the suburban American dream even as the possibilities for achieving and maintaining it diminished Having fled to the suburbs in search of affordable homes open space and better schools city raised parents found their modest homes eclipsed by McMansions local schools and roads overburdened and underfunded and their ability to keep up with the pressures of extravagant consumerism increasingly tenuous How do class anxieties play out amid such disconcerting cultural political and economic changes In this incisive ethnography set in a New Jersey suburb outside New York City Rachel Heiman takes us into people s homes their community meetings where they debate security gates and school redistricting and even their cars to offer an intimate view of the tensions and uncertainties of being middle class at that time With a gift for bringing to life the everyday workings of class in the lives of children youth and their parents Heiman offers an illuminating look at the contemporary complexities of class rooted in racialized lives hyperconsumption and neoliberal citizenship She argues convincingly that to understand our current economic situation we need to attend to the subtle but forceful formation of sensibilities spaces and habits that durably motivate people and shape their actions and outlooks Rugged entitlement is Heiman s name for the middle class s sense of entitlement to a way of life that is increasingly untenable and that is accompanied by an anxious feeling that they must vigilantly pursue their own interests to maintain and further their class position Driving after Class is a model of fine grained ethnography that shows how families try to make sense of who they are and where they are going in a highly competitive and uncertain time
