Partnership For Sustainable Communities Urban Farm Business Plan Handbook

Chmm Nancy Zikmanis

Partnership For Sustainable Communities Urban Farm Business Plan Handbook:

Partnership for Sustainable Communities: Urban Farm Business Plan Handbook United States United States Government, 2014-11-14 As communities look for sustainable reuses for brownfield and other abandoned properties and opportunities to provide healthier food choices to the community interest in establishing community gardens and other forms of farming has been growing in urban areas Urban farms however present unique challenges that are different from conventional agricultural development Developed land often has a history of uses that may have affected the quality of the soil e g environmental contamination building debris and other fill material unfit for plant growth that may require substantial site preparation e g environmental cleanup demolition or placement of topsoil or special growing techniques e g raised growing beds vertical gardens Urban farms typically need to address security issues for the crops buildings and tools In many cases urban farm development and operating practices will have to account for the proximity of residential and or commercial neighbors and the compatibility of the farm operations with these neighbors In addition the success of an urban farm may depend on a diversity of products as opposed to a single crop and volunteer labor to support the start up and initial operations As urban farming moves towards income earning or food producing activities it is important to develop a plan for the start up and operation of the business regardless of whether it is intended to be a for profit business or a non profit business A business plan provides a road map that not only serves as an internal planning tool but can be used to provide information to external stakeholders important to the successful start up and operation of the business such as investors and funding sources It is used to map out the strategies for the start up and operation of a business and to track progress of that business against its goals Through EPA s Office of Brownfields and Land Revitalization and the Partnership for Sustainable Communities technical assistance was provided to support the development of a business plan for an urban farm in Toledo The technical assistance was intended to support the Toledo Community Development Corporation CDC in achieving its vision to reuse a two plus acre former industrial site as an economically viable and accessible source of fresh locally grown fruits and vegetables jobs and job training and education on growing and preserving fresh produce and improved health through better diet for the community

Urban Farm Business Plan Handbook U. S. Environmental Protection Agency, 2018-02-02 As communities look for sustainable reuses for brownfield and other abandoned properties and opportunities to provide healthier food choices to the community interest in establishing community gardens and other forms of farming has been growing in urban areas Urban farms however present unique challenges that are different from conventional agricultural development Developed land often has a history of uses that may have affected the quality of the soil e g environmental contamination building debris and other fill material unfit for plant growth that may require substantial site preparation e g environmental cleanup demolition or placement of topsoil or special growing techniques e g raised growing beds vertical gardens Urban farms typically need to address security issues for the crops buildings and tools

In many cases urban farm development and operating practices will have to account for the proximity of residential and or commercial neighbors and the compatibility of the farm operations with these neighbors In addition the success of an urban farm may depend on a diversity of products as opposed to a single crop and volunteer labor to support the start up and initial operations As urban farming moves towards income earning or foodproducing activities it is important to develop a plan for the start up and operation of the business regardless of whether it is intended to be a for profit business or a non profit business A business plan provides a road map that not only serves as an internal planning tool but can be used to provide information to external stakeholders important to the successful start up and operation of the business such as investors and funding sources It is used to map out the strategies for the start up and operation of a business and to track progress of that business against its goals ation and the Partnership for Sustainable Communities technical assistance was provided to support the development of a business plan for an urban farm in Toledo The technical assistance was intended to support the Toledo Community Development Corporation CDC in achieving its vision to reuse a two plus acre former industrial site as an economically viable and accessible source of fresh locally grown fruits and vegetables jobs and job training and education on growing and preserving fresh produce and improved health through better diet for the community

Promoting Local Economic Development Through Strategic Planning: Action guide ,2005 Departments of Transportation, and Housing and Urban Development, and Related Agencies Appropriations for 2011 United States. Congress. House. Committee on Appropriations. Subcommittee on Transportation, Housing and Urban Development, and Related Agencies,2010 **The Routledge Handbook of Sustainable Cities and Landscapes in the Pacific Rim** Yizhao Yang,Anne Taufen,2022-03-17

This handbook addresses a growing list of challenges faced by regions and cities in the Pacific Rim drawing connections around the what why and how questions that are fundamental to sustainable development policies and planning practices These include the connection between cities and surrounding landscapes across different boundaries and scales the persistence of environmental and development inequities and the growing impacts of global climate change including how physical conditions and social implications are being anticipated and addressed Building upon localized knowledge and contextualized experiences this edited collection brings attention to place based approaches across the Pacific Rim and makes an important contribution to the scholarly and practical understanding of sustainable urban development models that have mostly emerged out of the Western experiences Nine sections each grounded in research dialogue and collaboration with practical examples and analysis focus on a theme or dimension that carries critical impacts on a holistic vision of city landscape development such as resilient communities ecosystem services and biodiversity energy water health and planning and engagement This international edited collection will appeal to academics and students engaged in research involving landscape architecture architecture planning public policy law urban studies geography environmental science and area studies It also informs policy makers professionals and advocates of actionable knowledge and adoptable ideas by connecting

those issues with the Sustainable Development Goals SDGs of the United Nations The collection of writings presented in this book speaks to multiyear collaboration of scholars through the APRU Sustainable Cities and Landscapes SCL Program and its global network facilitated by SCL Annual Conferences and involving more than 100 contributors from more than 30 institutions The Open Access version of chapters 1 2 4 11 17 23 30 37 42 49 and 56 of this book available at <http://www.taylorfrancis.com/books/e/9781003033530> have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Sustainable Communities Task Force Report President's Council on Sustainable Development. Sustainable Communities Task Force, 1998

A Guide to USDA and Other Federal Resources for Sustainable Agriculture and Forestry Enterprises Romana A. Vysatova, Laurie S. Z. Greenberg, 1998

The CQ Press Guide to Urban Politics and Policy in the United States Christine Kelleher Palus, Richardson Dilworth, 2016-02-11

The CQ Press Guide to Urban Politics and Policy in the United States will bring the CQ Press reference guide approach to topics in urban politics and policy in the United States If the old adage that all politics is local is even partially true then cities are important centers for political activity and for the delivery of public goods and services U S cities are diverse in terms of their political and economic development demographic makeup governance structures and public policies Yet there are some durable patterns across American cities too Despite differences in governance and or geographic size most cities face similar challenges in the management of public finances the administration of public safety and education And all U S cities have a similar legal status within the federal system This reference guide will help students understand how American cities from old to new have developed over time Part I how the various city governance structures allocate power across city officials and agencies Part II how civic and social forces interact with the organs of city government and organize to win control over these organs and or their policy outputs Part III and what patterns of public goods and services cities produce for their residents Part IV The thematic and narrative structure allows students to dip into a topic in urban politics for deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text

FEATURES

Approximately 40 chapters organized in major thematic parts in one volume available in both print and electronic formats

Front matter includes an Introduction by the Editors along with biographical backgrounds about the Editors and the Contributing Authors

Back matter includes a compilation of relevant topical data or tabular presentation of major historical developments population growth size of city budgets etc or historical figures e.g. mayors a bibliographic essay and a detailed index

Sidebar are provided throughout and chapters conclude with References Further Readings and Cross References to related chapters as links in the e version

This Guide is a valuable reference on the topics in urban politics and policy in the United States The thematic and narrative structure allows researchers to dip into a topic in urban politics for a deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text

Utopian Designing - Developing a Community Strategic Plan for You and Future Generations Chmm Nancy

Zikmanis,2014-04-22 Utopian Designing is a complete guide to planning and implementing a development or redevelopment project and includes templates forms and resources to help planners and others effectively and efficiently move through the process for the best utopian result Sustainability consists of three different key concepts to be addressed social equity economics and ecological environmental health It encompasses a wide variety of disciplines and ideas to reshape our actions and our way of thinking It s important to understand these concepts so decisions can be made outside the vacuum of city planners Utopian Designing focuses on the strategic process from design through implementation for development and redevelopment of an area It also looks at sustainable principles to help a community thrive into the future spur the public input process and information gathering options obtain data evaluation to select the best project options secure partnerships resources and funding options and determine implementation strategies to bring a project to fruition Strategies beyond implementation will ensure your development stays sustainable and meets your needs well into the future Appendices provide resources and helpful templates to help move through your project s planning and implementation phases

The Farm on the Roof Anastasia Cole Plakias,2016-04-05 The founders of Brooklyn Grange the world s largest green rooftop farm share their inspirational story of changing the world through entrepreneurship In their effort to build the world s first and largest commercial green rooftop farm the founders of Brooklyn Grange learned a lot about building and sustaining a business while never losing sight of their mission to serve their community by providing delicious organic food and changing the way people think about what they eat But their story is about more than just farming It serves as an inspirational and instructional guide for anyone looking to start a business that is successful while making a positive impact In The Farm on the Roof the team behind Brooklyn Grange tell the complete story of how their farmily made their dream a reality Along the way they share valuable lessons about finding the right partners seeking funding expanding and identifying potential sources of revenue without compromising your core values lessons any socially conscious entrepreneur can apply toward his or her own venture Filled with colorful anecdotes about the ups and downs of farming in the middle of New York City this story is not just about rooftop farming it s about utilizing whatever resources you have to turn your backyard idea into a sky high success

guide covers all the bases including what to plant in every season how to select varieties assess a microclimate organize a garden manage pests and weeds safely and effectively attract beneficial creatures conserve water improve soil make compost harvest wisely and garden in containers It includes delicious seasonal garden to table recipes and an essay on learning to eat from a garden Charts sidebars illustrations maps resource lists and cross references make it easy for readers to find the information they need This vegetable gardening book will especially help readers in the San Francisco Bay Area and in California coastal areas from Humboldt County south to San Luis Obispo as well as those in nearby mild winter inland climates including Alameda San Mateo Marin Santa Clara Monterey and Santa Cruz counties

Local Food Systems in Old Industrial Regions Jay D. Gatrell, Paula S. Ross, 2016-05-06 In recent years there has been an explosion of interest in local food systems among policy makers planners and public health professionals as well as environmentalists community developers academics farmers and ordinary citizens While most local food systems share common characteristics the chapters in this book explore the unique challenges and opportunities of local food systems located within mature and or declining industrial regions Local food systems have the potential to provide residents with a supply of safe and nutritious food such systems also have the potential to create much needed employment opportunities However challenges are numerous and include developing local markets of a sufficient scale adequately matching supply and demand and meeting the environmental challenges of finding safe growing locations Interrogating the scale scope and economic context of local food systems in aging industrialized cities this book provides a foundation for the development of new sub fields in economic urban and agricultural geographies that focus on local food systems The book represents a first attempt to provide a systematic picture of the opportunities and challenges facing the development of local food systems in old industrial regions

2016 Catalog of Federal Domestic Assistance United States. Congress. Senate. Office of Management and Budget. Executive Office of the President, 2016 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs

Sustainable food planning: evolving theory and practice André Viljoen, 2023-09-04 Half the world's population is now urbanised and cities are assuming a larger role in debates about the security and sustainability of the global food system Hence planning for sustainable food production and consumption is becoming an increasingly important issue for planners policymakers designers farmers suppliers activists business and scientists alike The rapid growth of the food planning movement owes much to the unique multi functional character of food systems In the wider contexts of global climate change resource depletion a burgeoning world population competing food production systems and diet related public health concerns new paradigms for urban and regional planning capable of supporting sustainable and equitable food systems are urgently needed This book addresses this urgent need By working at a range of scales and with a variety of practical and theoretical models this book reviews and elaborates definitions of sustainable food systems and begins to define ways of achieving them

Four different themes have been defined as entry points into the discussion of sustainable food planning These are 1 urban food governance 2 integrating health environment and society 3 urban agriculture 4 planning and design This is an important compilation on a timely topic It brings together the work of planners and designers from both sides of the Atlantic and challenges us to think about how to create food systems that deliver healthy just and sustainable communities and vital places The book moves dexterously between the grassroots and policy halls and draws valuable lessons for theory and practice Dr Kami Pothukuchi Department of Urban Studies Planning Wayne State University To address the problems of urban food production we need to look at the city in a completely different way This timely book will act as an important source for those who have an ethical interest not only in food but in improving the quality and justice of life in our city communities Prof Flora Samuel School of Architecture University of Sheffield and member of Royal Institute of British Architects Research and Development Committee This publication provides a lot of food for thought not just for persons professionally involved in the food sector and officials dealing with national food policies but especially for local and regional authorities urban planners and architects NGOs and community based organisations health and environmental officers and concerned consumers Against the background of the growing awareness of the elevated social health and ecological costs of the mainstream globalized agri food system this book analyses the emergence of a new vision and many initiatives that seek to reconnect sustainable production with sustainable consumption Hence the book delivers what is promised in its title it discusses new concepts related to food and sustainable urban regional planning based on a critical review of innovative practices at various levels Ir Henk de Zeeuw Director RUAF Foundation For those who work to address the future challenges facing city development this book is a must Why Because today practitioners and professionals are being asked to understand urban food production within a social economic and ecological context This book shows us how these connections are being made The chapters are accessible and fascinating and will help beginners and experts to deal with food production in their everyday work Dr Carlo W Becker bgmr Landscape Architects Berlin Leipzig and Technical Universit *Towards a Sustainable America* President's Council on Sustainable Development,1999 SUDAN SOUTH: Doing Business, Investing and International Assistance in South Sudan Guide Volume 1 Strategic and Practical Information IBP, Inc,2009-03-20 Doing Business Investing and International Assistance in South Sudan Guide **Towards Sustainable Rural Communities** University of Guelph. University School of Rural Planning and Development,Arkleton Trust,1994 Toward a Sustainable America Martin A. Spitzer,1999-08 Each chapter of this report corresponds to one of the substantive policy areas the President s Council on Sustainable Development has considered The introduction establishes the context and illuminates some of the cross cutting lessons findings and recommendations that inform the council s work Chapters climate change environmental management metropolitan and rural strategies for sustainable communities and international leadership Appendixes environmental management examples of sustainable community initiatives international capital flows and council

member profiles Further reading **Sustainable and Resilient Communities** Stephen J. Coyle, 2011-05-12 Many of today's communities face an unprecedented struggle to adapt and maintain their environmental economic and social well being in an era beleaguered by fiscal constraints uncertainty about energy prices and supplies rapid demographic shifts and accelerated climate impacts This step by step guidebook for urban planners and urban designers explains how to create and implement an actionable plan for making neighborhoods communities and regions more environmentally healthy resource conserving and economically resilient Sustainable and Resilient Communities delineates measures for repairing retrofitting and transforming our built environments and supporting systems
