The Poison Path Grimoire Coby Michael, 2024-11-05 Shares a detailed formulary including rituals magical correspondences and recipes for working with the baneful herbs of occult herbalism Looks at the plants of fate and the divination practices they support love magic with poison plants shadow work and spell work the devil's garden and the use of nightshades as power plants for medicine and magic Explores poison history lore occult toxicology and the alchemical power of working with poison Examining the art and science of working with noxious and malefic plants and fungi Coby Michael discusses the occult properties of poison and how poison plants can be used in spell work and other magical operations He looks at the plants of Fate and the divination practices they support love magic with poison plants shadow work the devil's garden and the use of nightshades as power plants for medicine and magic Presenting a detailed formulary he shares rituals magical correspondences and recipes for working with specific poison plant allies and other baneful herbs of occult herbalism Exploring the path of dark herbalism the author explains how it encompasses not only veneficium poisonous plants

and fungi but all plants that humanity has tried to forget from invasive plants and those we can't domesticate to those that have been regulated arbitrarily or simply feared as toxic or poison. He shows how the dark herbalist seeks out plants that are adversarial or taboo because the qualities we consider dark are really the plant's spiritual medicine and can offer powerful wisdom and healing. Examining poison history, lore, and occult toxicology, he explains how the aim of using these plants is not to cause physical death but rather death of the ego. He shows how poison in this sense is an alchemical force that allows the practitioner to become a vessel for the forbidden fruit of knowledge and how the transmutation of our personal poisons can lead to powerful self-transformation.
