Mario Canepa, Sergio Merlo

Ordinamento Penitenziario Commentato Volume 2 Ordinamento Penitenziario Commentato Volume 2:

Manuale di diritto penitenziario. Le norme, gli organi, le modalità dell'esecuzione delle sanzioni penali Mario Canepa, Sergio Merlo, 2010 **Studi in onore di Antonio Fiorella (volume II)** Mauro Catenacci, Roberto Rampioni, Vincenzo Nico D'Ascola, 2021-09-29 L'opera collaziona un consistente numero di saggi dedicati ad Antonio Fiorella quale testimonianza del significativo contributo da lui fornito alla scienza penalistica e firmati sia da esponenti di chiara fama italiani e stranieri dell'Accademia della Magistratura e dell'Avvocatura che da giovani studiosi della materia penalistica. Con essa si intese offrire un luogo di confronto e di approfondimento critico sullo stato del diritto penale e sulle sue possibili prospettive di sviluppo in un momento storico come quello attuale nel quale le categorie fondamentali del diritto penale liberale sembrano messe duramente alla prova dall'emergere sia nel sentire sociale che nella stessa legislazione di preoccupanti istanze iper securitarie e iper punitive. DOI 10.13134/9791259770417 **La tutela della salute nei luoghi di detenzione. Un'indagine di diritto penale intorno a carcere, REMS e CPR** Antonella Massaro, 2017-06-01 Il volume ponendosi dalla prospettiva del diritto penale intende offrire degli spunti di riflessione in riferimento all'intricato tema della tutela della salute dei soggetti sottoposti a limitazioni coattive della propria libertà personale. La premessa è quella di una nozione ampia di luoghi di detenzione all'interno della quale ricondurre non solo il carcere ma anche le residenze per l'esecuzione delle misure di sicurezza REMS e i centri di permanenza per i rimpatri CPR destinati al trattenimento degli stranieri irregolari. Ciascuna delle tre sezioni in cui si articola il volume fornisce anzitutto una ricostruzione del dato normativo di riferimento evidenziando quella fuga dalla legalità che troppo spesso caratterizza l'esecuzione delle pene delle misure di sicurezza personali e del trattenimento degli stranieri irregolari. Si cerca poi di affrontare questioni specifiche e particolarmente problematiche come il carcere duro, il diritto di rifiutare le cure del soggetto in vincoli, la responsabilità del medico psichiatra nel nuovo sistema delle REMS. Un'attenzione particolare è stata infine riservata alla giurisprudenza della Corte europea dei diritti dell'uomo vista la sempre più significativa influenza della stessa per una ridefinizione degli standard minimi di tutela all'interno dei luoghi di detenzione. **Vulnerabilità, carcere e nuove tecnologie** Giuseppe Caputo, Carlo Botrugno, 2020-07-16 Il presente volume raccoglie otto saggi frutto di altrettante esperienze di ricerca sociologica in ambito giuridico accomunate tra loro dalla circostanza di fondare la propria analisi su una prospettiva marcatamente interdisciplinare. Tale prospettiva da una parte comporta una serie di questioni già a livello epistemologico dall'altra solleva ulteriori nodi critici con riferimento alla piena accettazione della stessa nell'ambito delle scienze giuridiche. I saggi che qui presentiamo tentano di raccogliere la sfida epistemologica presentando ricerche condotte attraverso una varietà di metodi sia qualitativi sia quantitativi: case law, analisi documentale, interviste, analisi statistica ecc. La cui intersezione genera differenti spunti interpretativi e conoscitivi. I temi trattati, la vulnerabilità, il carcere, il genere e le nuove tecnologie convergono sul terreno comune del diritto alla salute la cui effettività rappresenta un filone d'indagine inesauribile tanto per i giuristi quanto
