# ORIENTAL DESPOTISM

A COMPARATIVE STUDY OF  
TOTAL POWER

The background of the book cover features a silhouette of a large, domed building, likely a mosque or a palace, set against a warm, orange-hued sky at sunset. The sun is a bright, glowing orb on the right side of the image. The foreground is a dark, textured expanse, possibly water or a field.

Under Construction Eike-Christian Heine, 2015 On construction sites the world is altered in a very solid material way This is not the whole story of course if someone builds a house a railroad or any other thing there is more under construction than the mere object itself With spade and excavator contemporary imaginations visions and historical concepts are equally reshaped or renewed Interventions into the physical landscape are always accompanied by interventions into the imaginary landscape Here eleven authors from seven European countries examine the discursive alongside the performative
