An epic story filled with an unfolding array of evocatively described landscapes and sharply drawn unforgettable people Dayton Duncan writer and producer for Ken Burns documentary films and author of fourteen books on American history and national parks Edwin Land had barely settled into his seat on the plane when the flash went off An idea for an innovative WWII technology that might help eradicate the fascist cancer devouring the free world It was Polaroid s Optical Ring Sight which magically projected a bullseye of brilliantly colored rings onto the sky like rings of fire to aim American antiaircraft guns that previously couldn t hit the broad side of a barn *Rings of Fire* is the compelling story of American ingenuity determination and grit told through the personal stories of the amazing people who transformed insight into gunsight From scientists to ordinary Americans to drifters and ex cons characterized as the underbelly of America they crossed cultural barriers to tackle a shared crisis California desert rat artist John Hilton whose mining claim supplied the calcite crystals desperately needed for the device assisted by Gen George S Patton Miners Steve Modesto and John Owens a Cahuilla Indian ranch hand and a white meat cutter from Kansas whose friendship led to an astonishing discovery Moonshiner Al Hansen whose calcite prospecting in Montana started with a lucky strike but cascaded into a wild west vigilante showdown Crystal Crackin Mama Irene Frederick whose calcite crystal processing skills silenced male skeptics and helped rescue the Polaroid project from disaster Edwin Stanton whose hubris led to a fat FBI dossier and tragedy while prospecting in Mexico Cecil Kegans a rough Oklahoman with a huge smile starting his Marine career by fetching groceries for calcite miners and ending it in a bloody pool on Saipan And miner Harry Sikkenga whose fist fight with a shift boss packed him off to the army artillery just in time to invade Germany and encounter the horror

of Dachau Teamed together they overcame enormous personal obstacles to produce ring sights for Navy ships aircraft and Army bazookas And afterwards their product went from aiming the guns of war to the cameras of peacetime for television and on the helmets of skydiving videographers And then all the way to the moon aiming NASA s space cameras culminating with perhaps the most influential photograph of all time Earthrise Larry Hughes unfolds this gripping never told story with accessible explanations of the science and the art behind the project but always lets the colorful characters drive a warm and vivid adventure The Indian World of George Washington Colin G. Calloway,2018-03-09 George Washington s place in the foundations of the Republic remains unrivalled His life story from his beginnings as a surveyor and farmer to colonial soldier in the Virginia Regiment leader of the Patriot cause commander of the Continental Army and finally first president of the United States reflects the narrative of the nation he guided into existence There is rightfully no more chronicled figure Yet American history has largely forgotten what Washington himself knew clearly that the new Republic s fate depended less on grand rhetoric of independence and self governance and more on land Indian land Colin G Calloway s biography of the greatest founding father reveals in full the relationship between Washington and the Native leaders he dealt with intimately across the decades Shingas Tanaghrisson Guyasuta Attakullakulla Bloody Fellow Joseph Brant Cornplanter Red Jacket and Little Turtle among many others Using the prism of Washington s life to bring focus to these figures and the tribes they represented the Iroquois Confederacy Lenape Miami Creek Delaware Calloway reveals how central their role truly was in Washington s and therefore the nation s foundational narrative Calloway gives the First Americans their due revealing the full extent and complexity of the relationships between the man who rose to become the nation s most powerful figure and those whose power and dominion declined in almost equal degree during his lifetime His book invites us to look at America s origins in a new light The Indian World of George Washington is a brilliant portrait of both the most revered man in American history and those whose story during the tumultuous century in which the country was formed has until now been only partially told **The Athenæum** ,1852 **The Law Times** ,1854 Back to the Blanket Kimberly G. Wieser,2017-11-16 For thousands of years American Indian cultures have recorded their truths in the narratives and metaphors of oral tradition Stories languages and artifacts such as glyphs and drawings all carry Indigenous knowledge directly contributing to American Indian rhetorical structures that have proven resistant and sometimes antithetical to Western academic discourse It is this tradition that Kimberly G Wieser seeks to restore in Back to the Blanket as she explores the rich possibilities that Native notions of relatedness offer for understanding American Indian knowledge arguments and perspectives Back to the Blanket analyzes a wide array of American Indian rhetorical traditions then applies them in close readings of writings speeches and other forms of communication by historical and present day figures Wieser turns this pathbreaking approach to modes of thinking found in the oratory of eighteenth century Mohegan and Presbyterian cleric Samson Occom visual communication in Laguna Pueblo author Leslie Marmon Silko s Almanac of the Dead patterns of honesty and manipulation in

the speeches of former president George W Bush and rhetorics and relationships in the communication of Indigenous leaders such as Ada gal kala Tsi yug nsi ni and Inoli Exploring the multimodal rhetorics oral written material visual embodied kinesthetic that create meaning in historical discourse Wieser argues for the rediscovery and practice of traditional Native modes of communication a modern day going back to the blanket or returning to Native practices Her work shows how these Indigenous insights might be applied in models of education for Native American students in Native American communities more broadly and in transcultural communication negotiation debate and decision making *Mark Lane Express* ,1918
