Self-Suggestion and the New Huna Theory of Mesmerism and Hypnosis Max Freedom Long, 2023-11-26 In Self Suggestion and the New Huna Theory of Mesmerism and Hypnosis Max Freedom Long presents a compelling synthesis of Hawaiian spiritual practices and modern psychological principles This groundbreaking work delves into the mechanisms of self suggestion examining how the mind s unconscious processes can influence physiological and emotional states Long s literary style marries scholarly rigor with accessible prose enabling readers to grasp intricate concepts of the Huna philosophy and its applications in hypnotic practices Set against the backdrop of early 20th century psychology the book positions itself within a growing interest in Eastern philosophies and their integration with Western thought Max Freedom Long was deeply influenced by his experiences in Hawaii and his studies in both psychology and philosophy which informed his exploration of Huna A pioneer in this field Long sought to demystify ancient Hawaiian knowledge and align it with contemporary ideas of the subconscious His background as an educator and researcher allowed him to approach these subjects with both a critical eye and a reverence for traditional wisdom leading him to develop a unique framework that bridges cultures I highly recommend this riveting exploration to readers interested in psychology spirituality and the

interplay of mind and body Long's insightful analysis not only challenges existing paradigms but also invites practitioners of hypnosis and self improvement to rethink their methods This book is essential for anyone seeking to enhance their understanding of the mind's potential through self suggestion *Huna* Enid Hoffman,1976-01-01 Centuries ago the Kahuna the ancient Hawaiian miracle workers discovered the fundamental pattern of energy flow in the Universe Their secrets of psychic and intra psychic communication refined and enriched by modern scientific research are now revealed in this practical readable book Learn to talk directly to your own unconscious selves and others It could change your life **Cero**

History of a Western Category Nicolas Meylan proposes a critical account of Western imaginations of mana a word belonging originally to Oceanic languages but borrowed by European languages in which it acquired the meaning supernatural power While mana is best known for its tenure in the disciplines studying religion Nicolas Meylan situates such academic uses in a wider context analyzing the ways Westerners conceptualized mana in the earlier colonial context as well as its mobilizations in the late 20th and early 21st centuries by video game designers and Neo Pagan witches This focus on various Western uses of mana allows for the critical investigation of the ways power has been mystified in conjunction with religion *The Huna Code In Religions* Max Freedom Long,2015-01-09 In the year 1953 the presence of coded Huna information in the Bible was discovered Since that time the research work has progressed with a number of additional pieces of coded information uncovered This book gives not only the later findings but further expands the study to show similar coded information in the religions of the ancient Egyptians Israelites Buddhists and practitioners of Yoga The complete investigation of the Bible and Gnostic literature has not yet been finished and the reader who wishes to do so may carry on for himself without much difficulty once this book has been read and the research method is understood Yesterday the unveiling of the coded knowledge would have been countered by the Church with burnings and any torture needed for the suppression of heresy Today happily even the humblest Galileo is able safely to take up his telescope and peer into the realms of the new and strange and still forbidden From the Forward Get Your Copy Today **Das letzte Geheimnis von "Zero Limits"** Joe
