R60/5 R75/5 Workshop Manual Floyd Clymer,2024-03-21 210 pages and more than 350 illustrations and charts size 8 25 x 10
 75 inches This publication is a reproduction of the August 1969 BMW factory workshop manual part number 01 51 9 099 051
 This manual is applicable to all 1969 through 1973 BMW R50 5 R60 5 and R75 5 motorcycles At the time of Floyd s
 unexpected demise in 1970 there were a number of manuals that had been completed and were ready for publication This
 BMW motorcycle manual is one of those previously unpublished Floyd Clymer publications Dated August 1969 this manual
 was obviously intended to be a follow up from his previous 1967 BMW R50 R26 series manual The original 1969 proof copy
 that was included in the Floyd Clymer archives was likely finalized in early 1970 However as the BMW 5 series of
 motorcycles remained in production through 1973 we are pleased to present a newly prepared edition of Floyd s work as a
 service to all BMW motorcycle enthusiasts worldwide Unfortunately owners of the 1969 1973 BMW 5 series models are
 subjected to considerable confusion surrounding the appropriate selection of the multitude of originals and reprints of the
 various manuals that have recently flooded the marketplace We encourage you to exercise caution when purchasing a
 manual for your motorcycle or automobile as many of the reprints found on internet websites are from bedroom sellers at
 enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality
 comb bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are

deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years
