*Opuscula Sancti Patris Francisci Assisiensis Sec. Codices Mss. Emendata Et Denuo Edita a Pp. Collegii S. Bonaventurae - Primary Source Edition* of Assisi Saint Francis, Quaracchi Collegium S. Bonaventurae, 2014-02 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book St. Francis of Assisi Michael Robinson, 1999-01-10 Instead of simply narrating the life of the saint Robson looks at Francis through the thoughts and writings of those who knew him his parents the local bishop Pope Innocent III Cardinal Ugolino Saint Anthony of Padua and Saint Clare What emerges is a new understanding of the saint **Virgo Ecclesia Facta** Johannes Schneider, Saint Francis (of Assisi), 2004 An in depth scholarly study of the presence of Mary in the vocation spirituality thought and work of St Francis and St Clare of Assisi Point of departure for this study is the Crucifix of San Damiano and the Office of the Passion composed by St Francis in the framework of his famous Marian antiphon Thoroughly documented with exhaustive bibliography this study shows how totally Marian St Francis is and how Marian he intended his Order and movement to be in order to repair the Church Praised by Pope John Paul II as the best mariological study published in 1998 PROD ID AIB VEC016 466 pp sewn softcover **Holy Feast and Holy Fast** Caroline Walker Bynum, 1988-01-07 In the period between 1200 and 1500 in western Europe a number of religious women gained widespread veneration and even canonization as saints for their extraordinary devotion to the Christian eucharist supernatural multiplications of food and drink and miracles of bodily manipulation including stigmata and inedia living without eating The occurrence of such phenomena sheds much light on the nature of medieval society and medieval religion It also forms a chapter in the history of women Previous scholars have occasionally noted the various phenomena in isolation from each other and have sometimes applied modern medical or psychological theories to them Using materials based on saints lives and the religious and mystical writings of medieval women and men Caroline Walker Bynum uncovers the pattern lying behind these aspects of women s religiosity and behind the fascination men and women felt for such miracles and devotional practices She argues that food lies at the heart of much of women s piety Women renounced ordinary food through fasting in order to prepare for receiving extraordinary food in the eucharist They also offered themselves as food in miracles of feeding and bodily manipulation Providing both functionalist and phenomenological explanations Bynum explores the ways in which food practices enabled women to exert control within the family and to define their religious vocations She also describes what women meant by seeing their own bodies and God s body as food and what men meant when they too associated women with food and flesh The author s interpretation of women s piety offers a

new view of the nature of medieval asceticism and drawing upon both anthropology and feminist theory she illuminates the distinctive features of women's use of symbols Rejecting presentist interpretations of women as exploited or masochistic she shows the power and creativity of women's writing and women's lives      *Systematic Mariology* Peter Damian Fehlner OFM Conv.,2023-08-14 This second volume of Collected Essays Systematic Mariology contains Peter Damian Fehlner's essays on several central Marian topics and disputes Written over the span of more than twenty years these essays represent Fehlner's most complete studies on the question of Mary's participation with Christ in the redemption her role with the Holy Spirit in the mediation of grace and her place in the sacramental economy flowing from the Eucharist Fehlner provides theological resolutions to these inquiries by establishing Mary's predestination as the Immaculate Mother of God and Spouse of the Holy Spirit in the eternal plan of the Father This flows into a theological vision of the divine missions that is Trinitarian christological and pneumatological This triple viewpoint opens upon a theological account of divine action and perfect creaturely reaction because it is framed within an ecclesiology that decodes Mary's virginal and divine maternity as the Great Sign of the perfection and promise of the church through Christ her spouse in the love of the Holy Spirit

**Ecclesiology and the Franciscan Charism** Peter Damian Fehlner OFM Conv.,2023-09-22 This volume of the Collected Essays of Peter Damian Fehlner on Ecclesiology and the Franciscan Charism contains some of the most practical of all of Fehlner's writings This volume is divided into three parts In the first we are treated to Fehlner's first reflections on ecclesiology in the wake of Vatican II and his own earlier research into Bonaventure's ecclesiology and Duns Scotus's teachings on grace and personhood To Fehlner these studies along with his *Tractatus de gratia* and teaching notes on the mission of the Holy Spirit all from the 1960s contain the *rationes seminales* of the entirety of his later thought In part two we find writings mainly from the following two decades on the Conventual Franciscan charism the *ecclesiola* the church in microcosm Here we can readily discern the radical effects of Fehlner's encounter with Maximilian Kolbe and this volume's close affinity with volume six of this series on St Maximilian Kolbe In part three of this volume comprising essays from the final fifteen years of his life Fehlner brings his lifetime of prayerful contemplation and research directly to bear upon practical spirituality In these essays Fehlner's spiritual testament our author presents his Catholic and Franciscan charismatic vision of Christian life      **Franciscan Organisation in the Mendicant Context** Michael J. P. Robson,Jens

Röhrkasten,2010 Emanating from the tradition of the Italian hermit communities the Franciscans developed organisational structures already early in their history allowing them to offer pastoral care on a wide scale This process of transition led firstly to constitutional structures as defined in the order's early legislation but it also occurred within relationship networks at different levels in the context of Church and papacy within the different European regions and before the background of the emerging Canon Law The term organisation has been given a wide definition in the articles published in this volume They offer a survey of general issues related to the structuring and running of religious orders as well as a number of case studies

Comparisons with other mendicant orders offer an analysis of the issues in a wider context      **Franciscan Virtue** Krijn Pansters,2012-01-20 This book provides an in depth analysis of the virtues of evangelical life according to three major Franciscan authors Francis of Assisi Bonaventure of Bagnoregio and David of Augsburg It is the first to offer a historical and source based treatment of early Franciscan virtue discourse by answering the following questions How do the authors describe and prescribe the essential virtues for the life in the footsteps of Jesus Christ How are the spiritual virtues acquired or lost How do the development and application of these virtues shape perfect individuals as well as the good of the community This work is a valuable contribution to our understanding of how the virtues functioned as central organizing elements in early Franciscan literature and instruction      *Pray Without Ceasing* Fabio Giardini,1998      The Cambridge History of Medieval Political Thought C.350-c.1450 J. H. Burns,1988 This volume examines the history of a complex and varied body of ideas over a period of more than a thousand years      *The Cambridge Companion to Francis of Assisi* Michael J. P. Robson,2012 Looks at the life of Francis of Assisi and explores how his heritage influenced the apostolic activities of his followers      *Episcopacy, Authority, and Gender* Jan Wim Buisman,Marjet Derks,Peter Raedts,2015-09-07 What is the base of religious leadership and how has it changed over the centuries This volume presents a range of actors both men and women who in a variety of historical contexts claimed to be the living voices or intermediaries of God The essays analyse the foundation of their authoritative claims and ask how and how far they succeeded in securing obedience from the Christians to whom they addressed their message Religious authority is not understood as a monolithic entity but as something derived from many sources and claims Whatever the national background whether ordained or supposedly appointed through divine intervention the histories of the people portrayed underline the long term manifestations and multifaceted nature of Christian identity      **Self-representation of Medieval Religious Communities** Anne Müller,Karen Stöber,2009 This book explores the medieval monastery as symbolic space locus symbolicus and looks at forms of self representation in medieval monastic life Papers focus on both the transitory nature of organised religious life which is based on symbols and the separate identities religious communities developed by using their own specific forms of ritual and symbolisation Case studies treat the British Isles and the broader European context Among the key issues explored here are rituals in internal organisation the symbolic use of space architecture and art symbolism in social interactions and symbolic constructions of the past      **Bonaventure, John Duns Scotus, and the Franciscan Tradition** Peter Damian Fehlner,2023-09-07 In this fourth volume of *Collected Essays Bonaventure John Duns Scotus and the Franciscan Tradition* Peter Damian Fehlner traces the development of the Franciscan theologies of redemption co redemption and the Immaculate Conception as they both flow from and return to a very concrete spirituality rooted in devotion to the persons of Jesus and Mary The main protagonists in these studies are the towering figures of Bonaventure and John Duns Scotus Framed within an ecclesiological and sacramental worldview shaped by the correlative and markedly Franciscan doctrines of the Absolute Primacy of Jesus and

the Immaculate Conception Fehlner outlines the theological background and rationale for affirming Mary's co-redemptive role in creation and salvation history. In articulating this great vision of the church, Fehlner discloses the Catholic and Franciscan understanding of Tradition and its progressive penetration and integration of doctrinal and devotional development into the life of the church. For Fehlner, Mary's co-redemptive association with her Son and her union in charity with the Holy Spirit provides both the primary instance of and the hermeneutical key for prayerfully receiving and living the mysteries of our salvation.

*Early Franciscan Theology* Lydia Schumacher, 2019-07-04 Demonstrates the innovativeness of early Franciscan theology contesting the longstanding view that it simply rehearses the views of earlier authorities.

Saint Francis of Assisi Jacques Le Goff, 2023-09-28 Known for speaking with the birds for professing poverty, receiving the stigmata, and for initiating the Franciscan order, Francis of Assisi is one of the most radical and inspiring figures in Christianity. In this outstanding and celebrated biography, the distinguished medievalist Jacques Le Goff paints a fascinating picture of the life of Francis of Assisi, locating Francis in the feudal world of the twelfth and thirteenth centuries and exploring the social and political changes taking place at the time. Le Goff assesses the dramatic influence of the saint on the medieval church and celebrates his role in the spiritual revival of the Catholic Church. This Routledge Classics edition includes a new Foreword by Sean L. Field.

From Bonaventure to Bellini John V. Fleming, 2017-03-14 In this study of Giovanni Bellini's great masterpiece, the so-called Frick St. Francis, John V. Fleming moves beyond earlier discussions of the work to offer a detailed and comprehensive iconographic analysis with the further intention of exploring the nature of the medieval Franciscan imagination and showing how fundamental Franciscan ideas, often by nature more poetic and pictorial than discursive, found powerful expression in word and image. Originally published in 1983, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

*The Two Reformations* Heiko A. Oberman, 2008-10-01 In this last collection of his vital, controversial, and accessible writings, Heiko A. Oberman seeks to liberate and broaden our understanding of the European Reformation from its origins in medieval philosophy and theology through the Puritan settlers who brought Calvin's vision to the New World. Ranging over many topics, Oberman finds fascinating connections between aspects of the Reformation and twentieth-century history and thought, most notably the connection to Nazism and the Holocaust. He revisits his earlier work on the history of anti-Semitism, rejects the notion of an unbroken line from Luther to Hitler to the Holocaust, and offers a new perspective on the Christian legacy of anti-Semitism and its murderous result in the twentieth century. Oberman demonstrates how the simplifications and rigidities of modern historiography have obscured the existential spirits of such great figures as Luther and Calvin. He explores the

debt of both Luther and Calvin to medieval religious thought and the impact of diverse features of the long fifteenth century including the Black Death nominalism humanism and the Conciliar Movement on the Reformation      **The Glossa Ordinaria**
