## **Orange County A Personal History:**

**Orange County** Gustavo Arellano, 2008-09-16 Bestselling author of *Ask a Mexican* Gustavo Arellano returns with *Orange County* a seamlessly woven history of California's Orange County with Gustavo's personal narrative of growing up within its neighborhoods. The story began in 1918 when Gustavo Arellano's great grandfather and grandfather arrived in the United States only to be met with flying potatoes. They ran and hid and then went to work in Orange County's citrus groves where eventually thousands of fellow Mexican villagers joined them. Gustavo was born sixty years later the son of a tomato canner who dropped out of school in the ninth grade and an illegal immigrant who snuck into this country in the trunk of a Chevy. Meanwhile Orange County changed radically from a bucolic paradise of orange groves to the land where good Republicans go to die, American Christianity blossoms and way too many bad television shows are green lit. Part personal narrative, part cultural history, *Orange County* is the outrageous and true story of the man behind the wildly popular and controversial column *Ask a Mexican* and the locale that spawned him. It is a tale of growing up in an immigrant enclave in a crime-ridden neighborhood but also in a promised land, a place that has nourished America's soul and Gustavo's family both in this country and back in Mexico for a century. Nationally bestselling author, syndicated columnist and the spiciest voice of the Mexican American community, Gustavo Arellano delivers the hilarious and poignant follow-up to *Ask a Mexican*, his critically acclaimed debut. *Orange County* not only weaves Gustavo's family story with the history of Orange County and the modern Mexican immigrant experience but also offers sharp, caliente insights into a wide range of political, cultural and social issues.

Baseball in Orange County Richard A. Santillan, Susan C. Luévano, Luis F. Fernandez, Angelina F. Veyna, 2013-04-08 Images of Baseball. Mexican American Baseball in Orange County celebrates the once vibrant culture of baseball and softball teams from Placentia, Anaheim, Santa Ana, Westminster, San Juan Capistrano and nearby towns. Baseball allowed men and women to showcase their athletic and leadership skills, engaged family members and enabled community members to develop social and political networks. Players from the barrios and colonias of La Brea, Campo Colorado, La Jolla, Logan, Cypress Street, El Modena and La Colonia Independencia among others affirmed their Mexican and American identities through their sport. Such legendary teams as the Placentia Merchants, the Juveniles of La Habra, the Lionettes de Orange, the Toreros of Westminster and the Road Kings of Colonia 17th made weekends memorable. Players and their families helped create the economic backbone and wealth evident in Orange County today. This book sheds light on powerful images and stories of the Mexican American community.      **Genealogical and Personal History of Fayette and Greene Counties, Pennsylvania**

Jadwiga E. Pieper Mooney,Fabio Lanza,2013-01-25 De Centering Cold War History challenges the Cold War master narratives that focus on super power politics by shifting our analytical perspective to include local level experiences and regional initiatives that were crucial to the making of a Cold War world Cold War histories are often told as stories of national leaders state policies and the global confrontation that pitted a Communist Eastern Bloc against a Capitalist West Taking a new analytical approach this book reveals unexpected complexities in the historical trajectory of the Cold War Contributions from an international group of scholars take a fresh look at historical agency in different places across the world including Africa Asia Europe and the Americas This collaborative effort shapes a street level history of the global Cold War era one that uses the analysis of the local to rethink and reframe the wider picture of the global connecting the political negotiations of individuals and communities at the intersection of places and of meeting points between ordinary people and political elites to the Cold War at large Essential reading for all students of Cold War history      Genealogical and Personal History of the Allegheny Valley, Pennsylvania

**The Return of the Moguls** Dan Kennedy, 2018-03-06 The Return of the Moguls chronicles an important story in the making one that will affect more than just the newspaper business it has the power to change democracy as we know it Over the course of a generation the story of the daily newspaper has been an unchecked slide from record profitability and readership to plummeting profits increasing irrelevance and inevitable obsolescence The forces killing major dailies alternative weeklies and small town shoppers are well understood or seem obvious in hindsight at least and the catalog of publications that have gone under reads like a who's who of American journalism During the past half century old style press barons gave way to a cabal of corporate interests unable or unwilling to invest in the future even as technological change was destroying their core business The Taylor family sold the Boston Globe to the New York Times Company in 1993 for a cool 1.1 billion Twenty years later the Times Company resold it for just 70 million The unexpected twist to the story however is not what they sold it for but who they sold it to John Henry the principal owner of the Boston Red Sox A billionaire who made his money in the world of high finance Henry inspired optimism in Boston because of his track record as a public spirited business executive and because his deep pockets seemed to ensure that the shrunken newspaper would not be subjected to further downsizing In just a few days the sale of the Globe was overtaken by much bigger news Jeff Bezos the founder of Amazon and one of the world's richest people had reached a deal to buy the Washington Post for 250 million Henry's ascension at the Globe sparked hope Bezos's purchase seemed to inspire nothing short of ecstasy as numerous observers expressed the belief that his lofty status as one of our leading digital visionaries could help him solve the daunting financial problems facing the newspaper business Though Bezos and Henry are the two most prominent individuals to enter the newspaper business a third preceded them Aaron Kushner a greeting card executive acquired California's Orange County Register in July 2012 and then pursued an audacious agenda expanding coverage and hiring journalists in an era when nearly all other newspaper owners were trying to avoid cutting both The newspaper business is at a perilous crossroads This essential book explains why and how today's new crop of media moguls might help it to survive
