Maurer, Judith M. Nixon, Terrance W. Peck, 1996 A guide to the current power structures of 200 diverse companies large and small international and local public and private Included are actual diagrams showing each company's internal structure *Great Boards Plain & Simple : a Guidebook for Non-profit Managers & Board Members* Paula J. MacLean, 2003 *Business and Non-profit Organizations Facing Increased Competition and Growing Customers' Demands* Adam Nalepka, Anna Ujwary-Gil, 2017 From the perspective of commercial and non commercial organizations this monograph with contemporary organizational and management problems focus on four thematic areas Traditionally the first one is concentrating the reader's attention on the internal aspects of the organization's functioning as an object of research In this regard articles related to the concept of corporate social responsibility in two ways organizational research and bibliometric analysis The authors used an analogical bibliometric approach to examine trends in publishing for the concept of learning organizations In this part of the discussion the social aspect has been strongly displayed also thanks to the social capital and enterprise Another topic in this section is the role of the workers knowledge in creating innovative solutions emphasizing the role of trust and culture rich collaboration between employees employees participation in creating projects and organizational change In addition it discusses the role of information and knowledge networks and sharing knowledge among employees which does remain without influence on the shaping of individual employees careers Slightly different from the other articles though set in this section there is an article referring to the organizational pathology These considerations are much more valuable usually because of the difficult access to negative information The next section presents articles in the context of the modern tools used in the management of commercial and non commercial organizations This part of the discussion starts an article about forecasting methods and modern models of business management In opposition to these considerations the problem of unused modern management methods in the local government sector remains valid Also it refers to social media as a source of customer knowledge and management control which should be considered as a strong and innovative determinant influencing the development of contemporary management methods of a modern enterprise Interesting considerations are included in the article on the process management with emphasis on the dynamic management of business processes and IT systems that go with it The other articles present the concepts of the risk management model in a technology project business model used in franchising and the concept of accountability in conjunction with the development of innovation thanks to negotiating the role of intellectual capital The modern market economy forces organizations to develop their ability to adapt to the conditions by improving their organization continually It shows how modern day commercial and non

commercial organizations are competing in a competitive market This section opens the article referring to the social competences of students developed during their studies and the competences of the future which were studied and compared in two universities The integral part of the organization s functioning of the organization in the environment is their broadly understood cooperation for the implementation of the objectives and achieving a competitive advantage in the market This trend covers articles referring to the participation of county in networking modeling synergistic interrelations within the business association or the conditions that should be met between enterprises and institutions supporting the technological development of the organization Other considerations concern customer preferences concerning their choice of commercial banks the factors that determine the choice of financial instruments by small and medium enterprises or the demands of sustainable family business development The final part of the articles is related to a broader perspective and so the functioning of the organization from a sectoral perspective and across industries A distinctive feature is a sectoral approach to knowledge based business services the determinants of knowledge based products in the pharmaceutical industry and the behavior of competing companies in the chocolate and confectionery industry A separate topic in this section is the concept of capturing value or the value in a sectoral approach The issues related to the protection of personal data in the healthcare sector patent activity of enterprises in the technology park as well as the management of resources in the cluster The prepared monograph is an interdisciplinary compendium of knowledge on the functioning of both commercial and non commercial organizations in the context of three perspectives micro meso and macro The advantage of this type of studies is modern and up to date look at the problems of management organization behavior or the functioning of the organizations in the sector *International Encyclopedia of Public Policy and Administration Volume 4* Jay Shafritz,2019-03-01 This is the fourth volume of a four volume encyclopaedia which combines public administration and policy and contains approximately 900 articles by over 300 specialists This Volume covers entries from R to Z It covers all of the core concepts terms and processes of applied behavioural science budgeting comparative public administration devel *Encyclopedia of Business Information Sources* Linda D.
