Reliable School Leadership Jeff Swensson, Lynn Lehman, 2021-04-01 Trapped between an encroaching tide of privatization and a rocky theoretical shore educational leadership in America's public schools is ardently researched and professionally practiced but frequently besmirched and poorly understood Despite the intentions of public educators to engage all students with the original power of education disconnections caused by mandates ideologies and theoretical fuzziness render educational leadership unreliable The capacities necessary for school leadership to function reliably on behalf of all students are well within the grasp of present day public educators But the action or agency sufficient to enacting educational leadership reliably is on hold Educational leadership throughout US public schools is submarined when disconnections and ideological misdirection impede the primary purpose and the moral obligation of public education To fulfill the promises of public education and restore the intentions of educational leadership requires that educators policymakers and proponents of US public education reimagine the interconnections that yield the primary purpose and moral obligation of public education Functional educational leadership is examined throughout this book as the agency necessary and sufficient for public education to discard the forces and factors that impose unreliability

Leadership in Education Russ Marion, Leslie D. Gonzales, 2013-06-12 With new coauthor Leslie Gonzales Russ Marion maintains the tradition of well balanced well researched and lively discussions of classic and contemporary leadership theories and their applications The extensively revised Second Edition adds coverage of leader member exchange theory sensemaking group conflict and critical race and critical feminist perspectives as well as a fuller treatment of transformational leadership The authors begin with a brief look at the pros and cons of general entity and collectivist based approaches to leadership reflecting key debates in the leadership literature Next readers encounter the history and applications of specific entity based theories followed by a discussion of conflict theory which provides an apt transition to the exploration of collectivist ideas The book finishes with coverage of critical theory institutionalism and population ecology theories that focus more on the organizational context for leadership than on leadership styles Throughout

this updated edition the authors use metaphors and real world examples from inside and outside educational contexts Numerous figures case studies roundtable discussions group activities and reflective exercises engage readers and accelerate learning Link Forward and Link Back sections reference upcoming or previous chapters to show that theories are dynamic Leadership in Education Second Edition raises the bar for understanding and reinforcing practical applications of various theories in settings and situations that school administrators are likely to encounter

The Role of Leaders in Educational Decision-Making Nancy H. Matthews, 2023-07-21 This book presents insights into the experiences and perspectives of educators in formal positions of leadership involved in decision making processes in an education system Drawing on qualitative research conducted in the New Brunswick education system the author identifies factors in the decision making process which influence whether or not a decision is implemented Probing what is required for effective decision making defined as decision making that results in implementation the book examines not only the role of formal educational leaders of schools administrators but also the roles played by district and department of education formal leaders It uses five central themes that surfaced from research to develop a novel leadership model for ensuring implantation of decisions These include knowledge and skill collaboration and communication balance of autonomy accountability and direction political and bureaucratic considerations and strong moral imperative The newfound model is presented in the form of antecedent steps to the decision making process Extending the literature by offering new empirically grounded insights for influencing the likelihood of implementation following a decision making process it will appeal to leaders scholars and students of educational leadership and reform

Effective Communication for District and School Administrators Theodore J.
