Organized Crime and American Power Michael Woodiwiss, 2001-01-01 Historisch overzicht van de samenhang en wederzijdse beïnvloeding van de georganiseerde misdaad en de politiek in de Verenigde Staten

Organized Crime and American Power Michael Woodiwiss, 2024-06-03 Popular histories of organized crime in the United States often look to the Mafia and the sons of early twentieth century immigrants such as Al Capone Lucky Luciano and Meyer Lansky for their origins In this second edition of *Organized Crime and American Power* Michael Woodiwiss refocuses on US organized crime as an American problem The book starts in 1789 with the birth of a new nation intended to be run according to laws and conventions with a written commitment to civil rights Woodiwiss examines the organization of crime before the Civil War which damaged or destroyed the lives of those excluded from constitutional protections Indigenous peoples Black people and women The book focuses on white supremacist crime and the pernicious influence of Southern leaders in alliance with opportunistic politicians It examines the organized crimes of powerful business interests in alliance with politicians as well as the corrupt consequences of the US moralistic campaigns against alcohol gambling drugs and abortion *Organized Crime and American Power* brings solid historical evidence and analysis to the task of refuting conventional wisdom that frames organized crime as something external to US political economic and social systems

Heroin, Organized Crime, and the Making of Modern Turkey Ryan Gingeras, 2018-01-26 *Heroin Organized Crime and the Making of Modern Turkey* explores the history of organized crime in Turkey and the roles which gangs and gangsters have played in the making of the Turkish state and Turkish politics Turkey's underworld which has been at the heart of several devastating scandals over the last several decades is strongly tied to the country's long history of opium production and heroin trafficking As an industry at the centre of the Ottoman Empire's long transition into the modern Turkish Republic as important as the silk road had been in earlier centuries the modern rise of the opium and heroin trade helped to solidify and complicate long standing relationships between state officials and criminal syndicates Such relationships produced not only ongoing patterns of corruption but helped fuel and enable repeated acts of state violence Drawing upon new archival sources from the United States and Turkey including declassified documents from the Prime Minister's Archives of the Republic of Turkey and the Central Intelligence Agency *Heroin Organized Crime and the Making of Modern Turkey* provides a critical window into how a handful of criminal syndicates played supporting roles in the making of national security politics in the contemporary Turkey The rise of the Turkish mafia from its origins in the late Ottoman period to its role in the deep state revealed by the so called Susurluk and Ergenekon scandals is a story that mirrors troubling elements in the republic's establishment and emphasizes the transnational and comparative significance of narcotics and gangs in the country's past

American Book Publishing Record , 2002 **Book Review Digest** , 2002 Gangster Capitalism Michael Woodiwiss, 2005 We know all about organized crime Blockbuster movies and books and thousands of news stories continually tell an eager public that organized crime is what gangsters do Closely knit ethnically distinct and ruthlessly efficient these mafias control the drugs trade people trafficking and other serious crimes If only states would take the threat seriously and recognize the global nature of modern organized crime the FBI's success against the New York mafias could be replicated throughout the world The wicked trade in addictive drugs could be halted The trouble is as Michael Woodiwiss demonstrates in shocking and surprising detail what everyone knows is pretty much completely wrong Organized crime is dominated by

employees of multinational companies politicians and bureaucrats Gangsters are a problem but they are minor players when compared with the intelligence and law enforcement agencies that selectively enforce drugs prohibition and profit from it The position of large corporations in the global economy provides the most mouth watering opportunities for illegal profits Woodiwiss shows how respectable businessmen and revered statesmen have seized these opportunities in an orgy of fraud and illegal violence that would leave the most hardened Mafioso speechless with admiration *International Criminal Justice Review*, 2004 **The North American Review** James Russell Lowell, 1929 Vols 227 230 no 2 include Stuff and nonsense v 5 6 no 8 Jan 1929 Aug 1930 **Nevada Historical Society Quarterly** Nevada Historical Society, 2004

Organised Crime André Standing, 2006 *Crime, Crusades and Corruption* Michael Woodiwiss, 1988-08-12 Drawing on a wide range of sources the author examines the attempts by law enforcement agencies to prevent the violation of prohibition laws on alcohol drugs gambling and prostitution throughout the 20th century Although legislation was intended to end all behavior that a Protestant culture defined as sinful and non productive the laws actually fostered and sustained a level of crime and corruption far in excess of that to be found in more tolerant societies and were at best selectively enforced The author argues that the authorities presented the concept of organized crime in the shape of the Mafia to disguise the fact that the existing laws were virtually impossible to enforce Also examined is the extensive corruption at all levels of officialdom Contents Foreword by Hugh Brogan Introduction Part I 3 Losing the war against liquor 1920 1934 1 Making crime pay 2 The dangers of enforcement 3 The fall of Al Capone 4 The end of one prohibition Part II 3 Crusades and corruption in the cities 1930 1950 5 New York gangbusters 6 Chicago corrupt and content 7 Los Angeles city of fallen angels 8 Post war perfidy Part III 3 Distracting from failure 1945 9 Blaming aliens 10 The Kefauver Crime Show 11 Prolonging the crusade Part IV 3 The final phase drugs crime and politics 1960 12 Expansion 13 Perpetuation Epilogue Notes Index
