Signs of the Second Coming of Jesus Christ and the End of the World Steve Urick, 2009-08 One of the most interesting topics in the Bible is the doctrine of the Second Coming of Christ God has not left us in the dark concerning the details of Christ's future coming but has given us several clear prophetic signs to watch for Signs of the Second Coming of Jesus Christ and the End of the World looks at key events the Bible says will lead to the glorious return of the Lord Jesus at the end of the age If you ever wondered why the world is the way it is and where it is headed then you need to read this book Whether you are a Christian or not this revealing work will give you the vital information you need to prepare for what may come in the near future and for eternity itself this book gives much historical information compares worldviews and provides several charts for a better understanding of historical developments

The Arc of Spirituality Robert P. Vande Kappelle, 2021-10-04 The Arc of Spirituality invites readers on a journey through Western history a journey that begins with the pioneering concepts of ancient Israelites who understood spirituality communally and covenantally Continuing biblically with wisdom and apocalyptic conceptions The Arc of Spirituality examines Western Christian spirituality as it developed historically through twelve phases culminating in the modern period with ethical ecumenical pluralist and ecological expressions and most recently with postmodern secular alternatives Having described his own journey in previous volumes in this culminating book Vande Kappelle builds on earlier writings such as *Response to the Other* *The Second Journey* and *The Church Alumni Association* to tell the story of the Western world's unfolding love affair with God The narrative while continuously inspiring necessarily takes us through dark alleys and down deep rabbit holes in spirituality's never ending quest to know and experience the transcendence around us and within The goal of spirituality is always God and while God makes the journey interesting it is never easy for there are no clear steps to follow or learn While spirituality is more caught than taught at some point we discover it is more about unlearning than learning enriched more by subtraction than by addition The Arc of Spirituality is useful for individual or group study Each chapter concludes with questions for discussion or reflection

terminology associated with reading the Bible as literature clarify the various methods Bible scholars use to study biblical texts and illuminate how different interpretive approaches can contribute to our understanding Article references and topical bibliographies point readers to resources for further study This handbook now updated and revised to be even more useful for students was previously published as *Interpreting the Bible A Handbook of Terms and Methods* It is a suitable complement to any standard hermeneutics textbook **Doing Ethics In A Diverse World** Robert Traer,2018-05-04

Nothing is more difficult today than deciding what to do about abortion gay marriage economic injustice war torture global warming euthanasia capital punishment and a host of other controversies particularly in a world in which people of varying religious cultural and ethnic backgrounds commonly live side by side Can we draw on the wisdom of the past to address these contemporary ethical dilemmas Can we see more clearly how we should consider what is right and wrong and good and bad and then work through these divisive problems toward decisions that make sense to us While challenging moral relativism *Doing Ethics in a Diverse World* uses a pluralist approach that draws on religious as well as secular positions and on Eastern as well as Western traditions The book s approach reasons by analogy from the rule of law including international human rights law as a means to constructing ethical presumptions about duty character relationships and rights These presumptions are weighed against the predicted consequences of acting on them which either confirm the presumptions or support alternative actions **A Dictionary of the Bible** ,2009-08-10 **Unchanging Witness** S. Donald Fortson,Rollin G. Grams,2016-02-01

In *Unchanging Witness* Donald Fortson and Rollin Grams articulate the consistent orthodox view historically held everywhere always and by all by presenting primary sources throughout Christian history and by interpreting the biblical texts in their cultural contexts **Theologies of Creation in Early Judaism and Ancient Christianity** Tobias Nicklas,Korinna Zamfir,Heike Braun,2010 As environmental destruction begins to seriously affect humans it has become increasingly relevant to reflect on the essential elements of the Jewish and Christian theologies of creation The essays in this volume explore key aspects of creation theology which poses the question of the origin of the world and of man Creation theology is rooted in the concept of man who owes his existence to God and who is placed in a cosmos which God created as good At the same time the essays show that even back in antiquity the creation discussion held high potential for ideological criticism **Retrieving the Tradition and Renewing Evangelicalism** Daniel H. Williams,1999

A learned and uniquely constructive book that gently urges suspicious Christians to reclaim the patristic roots of their faith This is the first book of its kind meant to help Protestant Christians recognize the early church fathers as an essential part of their faith Writing primarily to the evangelical independent and free church communities who remain largely suspicious of church history and the relationship between Scripture and tradition D H Williams clearly explains why every branch of today s church owes its heritage to the doctrinal foundation laid by postapostolic Christianity Based on solid historical scholarship this volume shows that embracing the catholic roots of the faith will not lead to the loss of Protestant distinctiveness but is

essential for preserving the Christian vision in our rapidly changing world *Light in a Dark Place* John S.

Feinberg, 2018-04-30 What we believe about the Bible is foundational to every part of life Scripture is the very Word of God the final authority for all of theology the governing source of all other doctrines In the latest volume of the Foundations of Evangelical Theology series theology professor John S Feinberg has written a landmark work on the doctrine of Scripture offering a robust serious treatment of topics such as revelation the canon inerrancy infallibility sufficiency preservation and more all with the goal of helping readers cherish obey and be transformed by what God has spoken in his Word **To Read and To Know** Bogdan Costea, Alexandru Costea, 2024-01-10 In some language groups Bible commentaries and translations are of lesser quality often due to the lack of training in Greek Hebrew and Aramaic for their authors and translators Additionally many commentaries are authored by those who are unfamiliar with the language church and culture of the target audience Further some language groups struggle with the quality of translations even of the biblical text itself A translation may not be based on the biblical languages but on a Bible translation in another modern language This can result in the theological perspective of the previous translators being unwittingly written into the subsequent translation How can these challenges be addressed In this volume of the Tyndale Theological Seminary Theses Series two brothers Bogdan and Alexandru Costea address these types of biblical studies issues in Romania Bogdan writes about the importance of having a Romanian commentary series that compares the biblical languages with the Romanian Bible versions used by Evangelicals and interacts with the Church Fathers Alexandru evaluates the meaning and implications of as translated in the Romanian Orthodox Bible a word commonly translated as save in many English contexts These two men thus grapple with the core issues related to commentary production suitable for the Romanian context as well as provide a model for other language contexts Their interest in conjunction with that of Dr Octavian Baban and Dr H H Drake Williams III has helped to produce the *Seria Comentarii Exegetice Rom ne ti Oradea RO Decenu 2023* *The Cambridge Bible for Schools and Colleges*, 1897

The Cambridge Bible for Schools and Colleges Alexander Francis Kirkpatrick, 1908 **Landscapes of Christianity** Frederick A. Stoutland, Sr., 2006 A major shame in contemporary Christianity is the large number of ordinary Christians who are biblically illiterate This robs them of their inheritance as believers and makes their witness to others often weak In response *Landscapes of Christianity* unpacks the history and truths of our Faith logically and powerfully answering virtually every question ordinary churchgoers ask or are too embarrassed to ask for fear of being labeled ignorant of Scripture Already praised by leaders in churches across America this book offers a fascinating glimpse into God's redemptive plan for people discussing intelligently clearly and impartially the debated issues that have separated Christians for centuries Furthermore it addresses from the Bible some of the great issues of this day as they relate to homosexuality among the clergy abortion and the death of other innocents euthanasia and the relevance of Scripture in contemporary society John MacArthur world renowned Bible teacher says I am stunned at the excellence and comprehensiveness I can only pray that

the Lord will find many uses for it Others call the book compelling and required reading for anyone who wants to have a fuller grasp of Christianity without denominational bias *Liberating Christianity* Thomas C. Sorenson, 2008-11-01 Christianity is in crisis in our North American context especially among the cultural elite and people with progressive views The reasons for the faith's loss of credibility have to do in large part with the dominant philosophical materialism of our culture and with the understanding of the faith almost universally held by Americans both inside the churches and outside them In this book Thomas C Sorenson calls this understanding Biblicism by which he means the belief that the Bible is to be understood only literally and that in one way or another its authority comes from its claimed origin with God Many enlightened people also reject Christianity because the only Christianity they know is the judgmental socially conservative faith that the most vocal and visible advocates of the faith among us so loudly espouse This book offers a different understanding of the faith It begins with a discussion of the universal human experience of the spiritual dimension of reality It then discusses symbol and myth as the necessary language for communicating that experience The book shows that all human experience is necessarily subjective and that religious truth is thus also necessarily subjective Therefore religious truth is relative not universal and absolute The work argues that the Bible is a human work expressing its authors experience of the divine The book then discusses other obstacles to faith and offers a different understanding of the issues they raise The book replaces the classical theory of atonement with a theology of the cross based mainly on the work of Douglas John Hall It redefines salvation as having to do with this life not with the afterlife It closes with a section that replaces the dominant social conservatism of popular Christianity with Jesus's teachings of nonviolence economic justice and radical inclusivity

The Encyclopedia Americana, 1998 *Geoliturgy and Ecological Crisis* Jeffrey S. Lamp, 2024-12-15 *Geoliturgy and Ecological Crisis* The Spiritual Practice of Caring for Creation examines sources and select practices within Christian tradition Scripture the Nicene Creed the Eucharist and fasting from an ecological perspective in order to develop a practical spirituality for living in an ecologically responsible way in the world This spirituality which Jeffrey S Lamp labels Geoliturgy describes a way to read the Bible ecologically and to understand the doctrinal content of the Nicene Creed in ecological terms Lamp then examines the Eucharist and fasting as liturgical and devotional practices that form the structure of a spirituality that extends from church services into the daily lives of the faithful The resulting vision of this study is the reclamation of the biblical mandate for human beings to function as benevolent priestly co rulers with God in creation to prepare creation to become the dwelling place of God
