God the Geometer Thomas J. McAvoy, 2024-02-16 Faith is under assault today in the media and on college campuses Numerous recent surveys show that college professors and contemporary scientists have lower religiosity compared to the general population Parents are concerned that their children's faith is not as strong as it should be Unfortunately scientific advances can lead people to think that faith is passe supplanted by science and no longer necessary The average person is in awe of the accomplishments of science but overwhelmed by their complexity The purpose of this book is to demonstrate what one can learn from modern

science that leads to the conclusion that God created our universe This book demonstrates how cosmology physics astronomy and evolution do not conflict with faith but actually strongly support faith in God The title of this book God the Geometer describes an image which appeared in a thirteenth century codex The image conveys the message that God created the universe using geometric and harmonic principles *THE MAGNIFICENCE OF THE 3* Timeout A. Taumua,2023-10-05 Greetings The *THE MAGNIFICENCE OF THE 3* title was extracted from a quote attributed to the legendary NIKOLA TESLA stating that If you only knew the magnificence of the 3 6 and 9 then you would have the key to the universe The magnificence of the three as I claim was a reference to the atom s three particles Yes I found the ATOM in the Torah If you know then you know the implications As I followed its tracts to the New Testament God revealed to me the identities of the Tree of Knowledge Tree of Life Garden of Eden and the Ark of the Testimony along the way Scientists define their design and purposes without understanding and inadvertently reveal God s hidden treasures Come review the record for yourself and for your elders before they move on You will never fully know God until you know what this Garden is and its Trees God s design is a thing of beauty and it cannot be accessed with faith So enjoy and meet God the Scientist Creator of Heaven and Earth

com **A New Perspective of Genesis** Bishop Donald L. Thomas, 2017-06-15 In writing this commentary my goal was to make simple those things that were hidden so that those who read the book of Genesis could comprehend what they read I pray that all who do read my book will be blessed and enlightened and that the books contents may serve as a basic learning guide This commentary is for the purpose of causing the children of God to study his Word in the manner in which it was intended We cannot receive the nourishment needed for our spiritual being without understanding what we are reading It is not the intent of the Holy Spirit to paint a picture of the men and women of the Bible that escalates out of our reach but to create hope in the least of us as we read about their defeats and victories of their sicknesses and healings of their faith and fear of their sin and righteousness and of their joy and sorrow Things that were written were written for our learning but many of us have not learned the scriptures in the light of what they are declaring Consequently instead of finding the hope that the scriptures were written for many become discouraged because their focus is on the victories without understanding the struggles These men and women were the same as we are They were not supernatural beings though many had supernatural encounters At any rate there is not one of Gods children who have been truly born again who have not had a supernatural encounter When the Holy Spirit invaded your life there was nothing natural about that When you were transformed from darkness to light there was nothing natural about that When the blood of Jesus cleansed you from all of your sins there was nothing natural about that When you were transformed by the renewing of your mind there was nothing natural about that When heaven rejoiced in the news of your repentance there was nothing natural about that But if our focus is not right we will embrace the wrong thing We will cleave to the experience rather than the Creator of all things May God grant unto us all the ability to see the scriptures in the context that they were intended *God's Plan* Henrietta C. Mears, 2008-05-01 Finding Yourself in His Grand Design God s plan is exciting and timely and God s Word is relevant today Henrietta Mears vital concern was for people that they might have a comprehensive grasp of the Bible and realize that God has a wonderful plan to reveal to each one who seeks Him In God s Plan you ll discover that God does have a plan and His plan is eternal His plan predates creation and continues forever without limits The essence of God s plan is love pure unrequited love by the Almighty God for people This love prompted God to create the heavens and the earth to select a chosen people to reveal the plan of salvation to establish the church to direct the activities of that which He has created and one day to return in glory Christian Grace and Pagan Virtue J. Warren Smith, 2011-01-27 Warren Smith examines the neglected biblical liturgical and theological foundations of Ambrose s thought on ethics Earlier studies have found little that was distinctively Christian in Ambrose s image of the virtuous person Smith shows that although like the pagans he emphasized moderation courage justice and prudence for Ambrose these characteristics were shaped by the church s beliefs about God s salvific economy Rediscovering the Kingdom Myles Munroe, 2010-07-13 When governments collapse human philosophies fail and your life is crashing down around you Rediscovering the Kingdom will become your guide through the

human reason which provides the means of reaching that light Has anyone ever succeeded in reaching it I do not know All I know for sure is that I am not on the list of people who have My goal in The Ladder is simply to help the reader do some intellectual spelunking I will try to take the reader as many rungs up the ladder as I can Along the way we will discuss the nature of wisdom truth God and morality We will draw on the insights of Socrates Aristotle Hume Darwin and Wittgenstein Readers will no doubt find much in these pages with which to disagree We should consider this a good thing As noted in the Introduction the books that profit us the most are often the ones we find the least congenial What Is God Up To? - Why Earth?- Why Eternity?
