Spirituality for Our Global Community Daniel A. Helminiak, 2008-02-08 In this groundbreaking book Daniel Helminiak provides a crucial spiritual option a middle path between modern society's secular materialism and traditional religion's otherworldly focus and institutional dogmatism The functional atheism of our contemporary consumer and scientific society as championed by current best selling authors Sam Harris The End of Faith Richard Dawkins The God Delusion and Christopher Hitchens God is Not Great doesn't satisfy our desire for lasting meaning and value But the parochial inflexible character of traditional religious beliefs increasingly result in personal local and global conflicts in our current world of pluralism globalization respect for science and progress Helminiak gives us a compelling vision of a global spirituality that downplays beliefs and emphasizes the essential spiritual dynamics of the common human quest for wholeness goodness freedom and community Spirituality for a Global Community builds on the spiritual facet of our common humanity stressing wholesome living on planet Earth and opening onto the range of religions and belief in God

Toward Genuine Global Governance Errol E. Harris, James A. Yunker, 1999-06-30 Nine well known authors associated with the world federalist movement critique the 1995 Report of the Commission on Global Governance entitled Our Global Neighborhood Although the contributors manifest a variety of viewpoints styles and approaches they are unanimous in condemning the Report as insufficiently imaginative and visionary Despite repeated calls in the Commission Report for a radically new way of thinking the substance of the Report mindlessly rubber stamps the legitimacy of the sovereign nation state system of today by means of summarily and peremptorily dismissing even the possibility of a supernational government qualitatively beyond the United Nations According to the contributors the concept of genuine world government is sufficiently advanced and the circumstances of the present day are conducive so that this concept is deserving of the most careful and serious attention by the general public and the political leadership Despite their unconventional conclusions these essays are lucid judicious and commanding
