Classics Penguin (Firm),2001 **Intercourse (Volume 2 of 2) (EasyRead Super Large 18pt Edition)** , The Bedtrick Wendy Doniger,2022-08-22 Somehow I woke up one day and found myself in bed with a stranger Meant literally or figuratively this statement describes one of the best known plots in world mythology and popular storytelling In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova the erudite and irrepressible Wendy Doniger shows us the variety danger and allure of the bedtrick or what it means to wake up with a stranger The Bedtrick brings together hundreds of stories from all over the world from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of Here you will find wives who accidentally commit adultery with their own husbands You will read Lincoln s truly terrible poem about a bedtrick You will learn that in Hong Kong the film The Crying Game was retitled Oh No My Girlfriend Has a Penis And that President Clinton was not the first man to be identified by an idiosyncratic organ At the bottom of these wonderful stories ancient myths and historical anecdotes lie the dynamics of sex and gender power and identity Why can t people tell the difference in the dark Can love always tell the difference between one lover and another And what kind of truth does sex tell Funny sexy and engaging The Bedtrick is a masterful work of energetic storytelling and dazzling scholarship Give it to your spouse and your lover **Penguin Classics Complete Annotated Catalog** Penguin Books,2003

Intercourse Andrea Dworkin,2009-09-14 Intercourse is a book that moves through the sexed world of dominance and submission It moves in descending circles not in a straight line and as in a vortex each spiral goes down deeper Its formal model is Dante s Inferno its lyrical debt is to Rimbaud the equality it envisions is rooted in the dreams of women silent

generations pioneer voices lone rebels and masses who agitated demanded cried out broke laws and even begged The begging was a substitute for retaliatory violence doing bodily harm back to those who use or injure you I want women to be done with begging The public censure of women as if we are rabid because we speak without apology about the world in which we live is a strategy of threat that usually works Men often react to women's words speaking and writing as if they were acts of violence sometimes men react to women's words with violence So we lower our voices Women whisper Women apologize Women shut up Women trivialize what we know Women shrink Women pull back Most women have experienced enough dominance from men control violence insult contempt that no threat seems empty Intercourse does not say forgive me and love me It does not say I forgive you I love you For a woman writer to thrive or arguably to survive in these current hard times forgiveness and love must be subtext No I say no Intercourse is search and assertion passion and fury and its form no less than its content deserves critical scrutiny and respect

PREFACE One for the Books Joe Queenan, 2013-10-29 An absolute must read for anyone who loves books In Closing Time Joe Queenan shared how he became a voracious reader to escape a joyless childhood Now like many bibliophiles he fears for the books that once saved him In One for the Books Queenan examines the entire culture of reading and what books really mean in people's lives today What does it suggest if a person has no books displayed in his living room Can an obsession with reading prove detrimental to one's well being How useful are covers in selling books Queenan's many fans as well as anyone who loves books and reading will want to join him on his unforgettably funny and moving journey

Dysfluencies Chris Eagle, 2013-11-07 Dysfluencies is the first comprehensive study of how speech disorders are portrayed in modern literature Tracing the roots of this interaction between literary practice and speech pathology back to the rise of aphasiology in the 1860s Dysfluencies examines portrayals of disordered speech by writers like Zola Proust Joyce Melville and Mishima as well as contemporary writers like Philip Roth Gail Jones and Jonathan Lethem Dysfluencies thus speaks directly to the growing interest at present both in popular culture and the Humanities regarding the status of the Self in relation to speech pathology The need for this type of study is clear considering the number of prominent writers whose works foreground disorders of speech Melville Zola Kesey Mishima Roth et al Moreover thinkers like Freud Bergson and Jakobson were similarly concerned with the implications of language breakdown This volume shows this concern began with the rise of neurology and aphasiology which challenged spiritual conceptions of language and replaced them with a view of language as a material process rooted in the brain Dysfluencies traces the history of this interaction between literary practice and speech pathology arguing that works of literature have responded differently to the issue of language breakdown as the dominant views on the issue have shifted from neurological circa 1860s to 1920s to psychological circa 1920s to 1980s and back to neurological during the so called decade of the Brain the 1990s

Our Man Down in Havana Christopher Hull, 2019-03-05 When U S immigration authorities deported Graham Greene from Puerto Rico in 1954 the British author made an unplanned visit to Havana and the former MI6 officer had stumbled upon the ideal setting for a comic espionage story Three years later he returned in the midst of Castro's guerrilla insurgency against a U S backed dictator to begin writing his iconic novel *Our Man in Havana* Twelve weeks after its publication in January 1959 the Cuban Revolution triumphed soon transforming a capitalist playground into a communist stronghold Combining biography history politics and a

measure of psychoanalysis Our Man Down in Havana investigates the real story behind Greene's fiction It includes his many visits to a pleasure island that became a revolutionary island turning his chance involvement into a political commitment His Cuban novel describes an amateur agent who dupes his intelligence chiefs with invented reports about concrete platforms and unidentifiable pieces of giant machinery With eerie prescience Greene's satirical tale had foretold the Cold War's most perilous episode the 1962 Cuban Missile Crisis

The Human Factor Graham Greene, 2008-09-30 Maurice Castle is a high level operative in the British secret service during the Cold War He is deeply in love with his African wife who escaped apartheid South Africa with the help of his communist friend Despite his misgivings Castle decides to act as a double agent passing information to the Soviets to help his in-laws in South Africa In order to evade detection he allows his assistant to be wrongly identified as the source of the leaks But when suspicions remain Castle is forced to make an even more excruciating sacrifice to save himself Originally published in 1978 The Human Factor is an exciting novel of espionage drawn from Greene's own experiences in MI6 during World War II and ultimately a deeply humanistic examination of the very nature of loyalty This edition features a new introduction by Colm Tóibín For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

Dictator's Dreamscape Joseph R. Hartman, 2019-04-23 Joseph Hartman focuses on the public works campaign of Cuban president and later dictator Gerardo Machado Political histories often condemn Machado as a US puppet dictator overthrown in a labor revolt and popular revolution in 1933 Architectural histories tend to catalogue his regime's public works as derivatives of US and European models Dictator's Dreamscape reassesses the regime's public works program as a highly nuanced visual project embedded in centuries old representations of Cuba alongside wider debates on the nature of art and architecture in general especially in regards to globalization and the spread of US style consumerism The cultural production overseen by Machado gives a fresh and greatly broadened perspective on his regime's accomplishments failures and crimes The book addresses the regime's architectural program as a visual and architectonic response to debates over Cuban national identity US imperialism and Machado's own cult of personality

The Portable Graham Greene Graham Greene, 2005-01-25 In his essays criticism screenplays autobiography and novels Graham Greene explored a territory located somewhere on the border between despair and faith treachery and love This cross section of Greene's work was originally selected with the author's help in 1973 and has now been extensively revised and updated It includes the complete novels The Heart of the Matter and The Third Man along with excerpts from ten other

novels short stories selections from Greene s memoirs and travel writings essays on English and American literature and public statements on issues that range from repression in the Soviet Union to torture in Northern Ireland to the paradoxical virtue of disloyalty An extensive critical and biographical introduction headnotes chronology and bibliography by editor Philip Stratford make The Portable Graham Greene as invaluable for scholars as it is essential for any traveler through Greene s richly menacing and strangely seductive literary landscapes For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators
