

A vertical strip on the left side of the cover features a medieval manuscript illustration. It depicts a knight in full armor, including a surcoat and a pointed helmet, mounted on a dark horse. The knight is holding a long lance. Below him, another figure in armor is visible, also on horseback. The style is characteristic of late medieval manuscript illumination, with flat colors and stylized figures.

Our Mother Tongue An Introductory Guide To English Grammar:

Our Mother Tongue Nancy Wilson, 2003-08-01 The importance of the spoken and written word in Christian culture cannot be overestimated In this English grammar guide Nancy Wilson surveys the major concepts in English grammar for beginners at the late elementary and junior high level even adults seeking a brush up Wilson avoids common contrived sentences that serve merely to illustrate her point instead she uses many selections from Scripture and from great English writers which help to instruct the student through their content style and structure In addition to a helpful format that highlights key definitions punctuation issues and important concepts short historical sidebars tell the fascinating story of the development of English She continues the traditional and challenging exercise of sentence diagramming which trains students to quickly analyze the structure of any given sentence The grammatical explanations the logic of diagrams and the rhetoric of her examples blend with complementary emphases to create a helpful classical and Christian text **Our Mother Tongue: A**
