Out of Mulberry Street Riis, 1898 **Out of Mulberry Street: Stories of Tenement Life in New York City** Jacob

August Riis, 2011-01-01 It was just a sprig of holly with scarlet berries showing against the green stuck in by one of the office boys probably behind the sign that pointed the way up to the editorial rooms There was no reason why it should have made me start when I came suddenly upon it at the turn of the stairs but it did Perhaps it was because that dingy hall given over to dust and drafts all the days of the year was the last place in which I expected to meet with any sign of Christmas perhaps it was because I myself had nearly forgotten the holiday Whatever the cause it gave me quite a turn I stood and stared at it It looked dry almost withered Probably it had come a long way Not much holly grows about Printing House Square except in the colored supplements and that is scarcely of a kind to stir tender memories Withered and dry this did I thought with a twinge of conscience of secret little conclaves of my children of private views of things hidden from mama at the bottom of drawers of wild flights when papa appeared unbidden in the door which I had allowed for once to pass unheeded Absorbed in the business of the office I had hardly thought of Christmas coming on until now it was here And this sprig of holly on the wall that had come to remind me come nobody knew how far did it grow yet in the beech wood clearings as it did when I gathered it as a boy tracking through the snow Christ thorn we called it in our Danish tongue The red berries to our simple faith were the drops of blood that fell from the Saviour s brow as it drooped under its cruel crown upon the cross Back to the long ago wandered my thoughts to the moss grown beech in which I cut my name and that of a little girl with yellow curls of blessed memory with the first jack knife I ever owned to the story book with the little fir tree that pined because it was small and because the hare jumped over it and would not be content though the wind and the sun kissed it and the dews wept over it and told it to rejoice in its young life and that was so proud when in the second year the hare had to go round it because then it knew it was getting big Hans Christian Andersen s story that we loved above all the rest for we knew the tree right well and the hare even the tracks it left in the snow we had seen Ah those were the Yule tide seasons when the old Domkirke shone with a thousand wax candles on Christmas eve when all business was laid aside to let the world make merry one whole week when big red apples were roasted on the stove and bigger doughnuts were baked within it for the long feast Never such had been known since Christmas to day is but a name a memory A door slammed below and let in the noises of the street The holly rustled in the draft Some one going out said A Merry Christmas to you all in a big hearty voice I awoke from my reverie to find myself back in New York with a glad glow at the heart It was not true I had only forgotten It was myself that had changed not Christmas That was here with the old cheer the old message of good will the old royal road to the heart of mankind How often had I seen its blessed charity that never corrupts make light in the hovels of darkness and despair how often watched its spirit of self sacrifice and devotion in those who had besides themselves nothing to give and as often the

sight had made whole my faith in human nature No Christmas was not of the past its spirit not dead The lad who fixed the sprig of holly on the stairs knew it my reporter's note book bore witness to it Witness of my contrition for the wrong I did the gentle spirit of the holiday here let the book tell the story of one Christmas in the tenements of the poor Out of Mulberry Street Jacob A. Riis, 2015-09-03 Since I wrote *How the Other Half Lives* I have been asked many times upon what basis of experience of fact I built that account of life in New York tenements These stories contain the answer They are from the daily grist of the police hopper in Mulberry street at which I have been grinding for twenty years They are reprinted from the columns of my newspaper and from the magazines as a contribution to the discussion of the lives and homes of the poor which in recent years has done much to better their lot and is yet to do much more when we have all come to understand each other In this discussion only facts are of value and these stories are true In the few instances in which I have taken the ordering of events into my own hands it is chiefly their sequence with which I have interfered The facts themselves remain as I found them J A R *Classified Catalogue of the Carnegie Library of Pittsburgh* Carnegie Library of Pittsburgh, 1907

Journalism and the American Experience Bruce J. Evensen, 2018-02-12 Journalism and the American Experience offers a comprehensive examination of the critical role journalism has played in the struggle over America's democratic institutions and culture Journalism is central to the story of the nation's founding and has continued to influence and shape debates over public policy American exceptionalism and the meaning and significance of the United States in world history Placed at the intersection of American Studies and Communications scholarship this book provides an essential introduction to journalism's curious and conflicted co-existence with the American democratic experiment Catalogue of the Minneapolis Public Library Minneapolis Public Library, 1901 **Quarterly Bulletin** Berkshire Athenaeum and Museum, 1900 Book News, 1899 **Italy in Early American Cinema** Giorgio Bertellini, 2010 Giorgio Bertellini traces

the origins of American cinema's century-long fascination with Italy and Italian immigrants to the popularity of the pre-photographic aesthetic the picturesque. Once associated with landscape painting in northern Europe, the picturesque came to symbolize Mediterranean Europe through comforting views of distant landscapes and exotic characters. Taking its cue from a picturesque stage backdrop from *The Godfather Part II*, Italy in Early American Cinema shows how this aesthetic was transferred from 19th-century American painters to early 20th-century American filmmakers. Italy in Early American Cinema offers readings of early films that pay close attention to how landscape representations that were related to narrative settings and filmmaking locations conveyed distinct ideas about racial difference and national destiny.

A Companion to the American Short Story Alfred Bendixen, James Nagel, 2020-08-24 *A COMPANION TO THE AMERICAN SHORT STORY* A Companion to the American Short Story traces the development of this versatile literary genre over the past two centuries. Written by leading critics in the field and edited by two major scholars, it explores a wide range of writers from Edgar Allan Poe and Edith Wharton at the end of the nineteenth century to important modern writers such as Ernest Hemingway, William Faulkner, F. Scott Fitzgerald, and Richard Wright. Contributions with a broader focus address groups of multiethnic Asian and Jewish writers. Each chapter places the short story into context, focusing on the interaction of cultural forces and aesthetic principles. The Companion takes account of cutting-edge approaches to literary studies and contributes to the ongoing redefinition of the American canon, embracing genres such as ghost and detective fiction, cycles of interrelated short fiction, and comic social and political stories. The volume also reflects the diverse communities that have adopted this literary form and made it their own, featuring entries on a variety of feminist and multicultural traditions. This volume presents an important new consideration of the role of the short story in the literary history of American literature.

Looking Forward Jamie L. Pietruska, 2017-12-08 In the decades after the Civil War the world experienced monumental changes in industry trade and governance As Americans faced this uncertain future public debate sprang up over the accuracy and value of predictions asking whether it was possible to look into the future with any degree of certainty In *Looking Forward* Jamie L Pietruska uncovers a culture of prediction in the modern era where forecasts became commonplace as crop forecasters weather prophets business forecasters utopian novelists and fortune tellers produced and sold their visions of the future Private and government forecasters competed for authority as well as for an audience and a single prediction could make or break a forecaster s reputation Pietruska argues that this late nineteenth century quest for future certainty had an especially ironic consequence it led Americans to accept uncertainty as an inescapable part of both forecasting and twentieth century economic and cultural life Drawing together histories of science technology capitalism environment and culture *Looking Forward* explores how forecasts functioned as new forms of knowledge and risk management tools that sometimes mitigated but at other times exacerbated the very uncertainties they were designed to conquer Ultimately Pietruska shows how Americans came to understand the future itself as predictable yet still uncertain
