Back to Black Fabrice Leroy, 2025-05-13 The legendary American cartoonist and author Jules Feiffer has enjoyed a long and varied career working on everything from illustrating *The Phantom Tollbooth* to writing the screenplay for the film *Popeye*. But some of his most innovative work came very late in his career with a trio of graphic novels he composed in his eighties: *Kill My Mother* 2014, *Cousin Joseph* 2016 and *The Ghost Script* 2018. *Back to Black* provides the first full-length critical analysis of this trilogy, exploring how it pays homage to the iconography and themes of film noir through constant graphic experimentation and a striking reinvention of Feiffer's distinctive style. Fabrice Leroy shows how Feiffer deftly alternates between dramatic and satirical tones as he plays with the conventions of noir to provide a caustic yet moving commentary on mid-twentieth-century American life. Through close readings of each novel in the trilogy, he examines Feiffer's singular depiction of the central political issues in the United States from the Great Depression to the 1950s, which still resonate today: unionization struggles, cinematic propaganda, McCarthyism, the American Dream, immigration, antisemitism, civil rights, and gender discrimination. Placing the noir trilogy into the context of Feiffer's long career, *Back to Black* demonstrates how he offers a loving pastiche of the genre without losing his unique voice or critical edge.

Sense of Wonder Bill Schelly, 2018-04-17 A fascinating story of growing up as a gay fan of comic books in the 1960s, building a fifty-year career as an award-winning writer and interacting with acclaimed comic book legends. Award-winning writer Bill Schelly relates how comics and fandom saved his life in this engrossing story that begins in the burgeoning comic fandom movement of the 1960s and follows the twists and turns of a career that spanned fifty years. Schelly recounts his struggle to come out at a time when homosexuality was considered a mental illness, how the egalitarian nature of fandom offered a safe haven for those who were different, and how his need for creative expression eventually overcame all obstacles. He describes living through the AIDS epidemic, finding the love of his life, and his unorthodox route to becoming a father. He also details his personal encounters with major talents of 1960s comics, such as Steve Ditko, co-creator of Spider-Man; Jim Shooter, writer for DC and later editor in chief of Marvel Comics; and Julius Schwartz, legendary architect of the Silver Age of comics.

Out of Line Dov Fedler, 2015-01-15 You'll be a dentist, says Dad. Why? I ask. Because you'll be called doctor, and you won't be called out at night. I'm not sticking my hands down anyone's mouth. Yech. DOV FEDLER was a *laatlammetjie* born and bred in Johannesburg in 1940, just as Hitler was getting into his stride. A third child was not on his parents' want list. It was hard enough supporting two much older children and a printing business struggling to exist. When Dov was about three, his mother had a nervous breakdown, which is when he remembers

seeing his first pencil and knowing precisely what it was that he wanted to do with his life There are no coincidences in Dov's life He believes that a hand of destiny has steered his path Many dramatic encounters not with aliens or spirits but with everyday people have shaped him and he wouldn't have missed any of it Dov's story is intensely personal and honest with a powerful combination of humour emotion and community history OUT OF LINE attempts to do a few short things It is an autobiography but it is also an attempt to capture a particular history of a specific generation that of the Jewish baby boomers who descended from mainly Lithuanian stock Dov has been a leading South African cartoonist for more than 45 years and his earliest dream was to work for Walt Disney He has always known his career was somewhere in drawing He got to visit Disney World and could not wait to leave He has never been to Europe or Brakpan and is a pure product of Johannesburg The last on his wish list was to become a political cartoonist *The Art of the Funnies* Robert C. Harvey, 1994 Exploration of the comic strip for elements that make the funnies one of the most appealing of the popular arts **Soul of the Dark Knight** Alex M. Wainer, 2014-06-19 This is a book about the comics genre and language how these were used to create Batman and how that character's longevity is largely due to the medium's unique formal qualities It argues that Batman's core appeal is his mythic nature which allows him to transcend changes in reader tastes the vicissitudes of the comics industry and the changing media landscape While including some historical elements it is mostly a study of how the formal aspects of comics are able to evoke uniquely mythic qualities that have made Batman such a long lived cultural phenomenon and how efforts to adapt these qualities into other media particularly live action feature films have succeeded or failed based on the strategies employed The book sheds light both on comics as a medium and art form with its own language syntax and codes and on the process of adaptation a growing area of study given Hollywood's continuing interest in working with comic book superheroes Empire of the Superheroes Mark Cotta Vaz, 2021-01-05 Superman may be faster than a speeding bullet but even he can't outrun copyright law Since the dawn of the pulp hero in the 1930s publishers and authors have fought over the privilege of making money off of comics and the authors and artists usually have lost Jerry Siegel and Joe Shuster the creators of Superman got all of 130 for the rights to the hero In *Empire of the Superheroes* Mark Cotta Vaz argues that licensing and litigation do as much as any ink stained creator to shape the mythology of comic characters Vaz reveals just how precarious life was for the legends of the industry Siegel and Shuster and their heirs spent seventy years battling lawyers to regain rights to Superman Jack Kirby and Joe Simon were cheated out of their interest in Captain America and Kirby's children brought a case against Marvel to the doorstep of the Supreme Court To make matters worse the infant comics medium was nearly strangled in its crib by censorship and moral condemnation For the writers and illustrators now celebrated as visionaries the golden age of comics felt more like hard times The fantastical characters that now earn Hollywood billions have all too human roots *Empire of the Superheroes* digs them up detailing the creative martyrdom at the heart of a pop culture powerhouse **Will Eisner** Michael Schumacher, 2010-11-09 Depicts the artist's career over eight

decades from the dawn of comics Golden Age in the late 1930s to the early 21st century when Pulitzers began being awarded to graphic novels and features interviews with his family friends and colleagues

Scars of Conquest/Masks of Resistance Tejumola Olaniyan,1995-06-22 This original work redefines and broadens our understanding of the drama of the English speaking African diaspora Looking closely at the work of Amiri Baraka Nobel prize winners Wole Soyinka and Derek Walcott and Ntozake Shange the author contends that the refashioning of the collective cultural self in black drama originates from the complex intersection of three discourses Eurocentric Afrocentric and Post Afrocentric From blackface minstrelsy to the Trinidad Carnival from the Black Aesthetic to the South African Black Consciousness theatres and the scholarly debate on the non existence of African drama Olaniyan cogently maps the terrains of a cultural struggle and underscores a peculiar situation in which the inferiorization of black performance forms is most often a shorthand for subordinating black culture and corporeality Drawing on insights from contemporary theory and cultural studies and offering detailed readings of the above writers Olaniyan shows how they occupy the interface between the Afrocentric and a liberating Post Afrocentric space where black theatrical cultural difference could be envisioned as a site of multiple articulations race class gender genre and language
