that I have a book which will satisfy the purchaser and exceed all his expectations The recipes that follow are not copied from other books or written down from memory but each one of them have been repeatedly tested and found correct in the course of many years of practice They comprise the most saleable and popular forms of Cake and Confectionery such as is generally found in first class establishments Many books have been written on the various branches of our trade but none I believe treat on the subject with which I propose to deal in this book I have classed these mixtures in an honest spirit and to the best of my knowledge and ability It would not be possible to give recipes for all kinds of Cake and Confectionery in so small a work as in many cases the ingredients are very simple and the success of the experiment depends altogether on the skill of the workman and years are often necessary to attain the requisite proficiency Any one with a fair share of courage and intelligence can with this book in hand produce in a short time better and purer Cake and Candies than are generally offered for sale In order to keep this book in the reach of all I will have to divide the Cake baking into three parts which we may call thus Rubbing Mixing any imperfections that remain are intentionally left to preserve the state of such historical works
