**Healthy Stomach** Jacqueline Wolf, 2011-02-01. Why do my jeans fit only in the morning? Why am I always guzzling Pepto-Bismol before a big meeting? Could my PMS cramps mean something serious? Here finally are the answers to these questions and hundreds more about the nagging stomach problems that plague so many women. In this reassuring guide, Dr. Jacqueline L. Wolf, a leading expert in the field of gastrointestinal health, explains the causes and cures for women's most common digestive ailments including bloating, constipation, diarrhea, acid reflux, IBS and more serious life-altering conditions like Crohn's disease and endometriosis. This candid book deals with sensitive issues in a down-to-earth way and eradicates once and for all the secrecy and shame surrounding these urgent problems.

**Rewired Life** Audrey Michel, 2015-10-21. Isn't it time to put your health first? To give yourself the gift of whole-body wellness? What if embracing unconditional love and a life of self-care was the first step to wellness? Could you honor that for yourself? The real challenge is looking inward and creating a practice to move past stress. Wellness is more than a one-dimensional approach. Healing takes work on our mind, body and spirit. Wellness is a process to heal layers of physical and emotional pain, trauma and stress. Audrey Michel knows this from experience. She is an author, speaker and spiritual growth coach who survived seventeen years of chronic pain and endometriosis. Audrey spent more than half her life learning to cope with pain and overcome symptomatic issues. Now pain and symptom-free, she is passionate about listening to her body, honoring her body and sharing her story to empower women to heal. Join Audrey through her journey. Find inspiration and motivation to overcome your obstacles, climb your mountain and define your path to love yourself, heal your body and mind and celebrate life.

**Breast Cancer: The Complete Guide** Yashar Hirshaut, Peter Pressman, 2009-01-20. Written by two renowned authorities who specialize in the treatment of breast cancer—a surgeon and an oncologist—this lucid step-by-step guide has established itself as the indispensable book women need to make informed decisions about the care that is right for them. Breast cancer will strike one out of every eight women in the United States. Because there have been many important changes in the diagnosis and treatment of breast cancer in the last few years, this fully revised Third Edition contains information on the latest developments in the field, including new diagnostic procedures, changes in the treatment of in situ cancer, improved surgical techniques, gene testing, sequencing, radiation and chemotherapy, HER2/Neu, Herceptin, tamoxifen for prevention, bone marrow and stem cell transplants and more.
