Our Universe Rotates Inside Gods Mighty Hand The Speed Of God:

Our Universe Rotates Inside God's Mighty Hand Ifeanyi Chukwujama, 2015-02-24 Working at the speed of God God created space in the 24 hours that constituted Day 2 of creation Genesis 1 6 8 Then in another 24 hours that constituted Day 4 of creation Genesis 1 14 19 God populated space completely to form our universe This is why God said in the Book of Isaiah My own hand laid the foundations of the earth and my right hand spread out the heavens when I summon them they all stand up together Isaiah 48 13 The last sentence alludes to God s commands in Genesis Chapter One which brought each of the creations into existence The Bible says that our entire Universe fits into God s mighty hand Isaiah 40 12 and rotates in God s hand 2 Peter 3 8 suspended over nothing Job 26 7 The Bible also says that our earth is right in the center of the universe Isaiah 40 15 Genesis 1 6 8 further confirming that the universe was created for the purpose of the humanity and not humanity resulting from some freak accident of nature The Bible says that the space has a rigid framework supported by pillars the same way we support heavy framework in our earthly structures Here is that passage from the Bible The pillars of the heavens quake aghast at his rebuke Job 26 11 And this quaking of the pillars of the space is a reference to the cataclysmic explosion of Day 4 of creation Genesis 1 14 19 which rocked space and reverberated throughout its expanse bringing the universe to life Nature was created to give humanity support and stability not because of our value and contributions in the larger scheme of things because we do measure up to anything but because of God s love for mankind The entire universe was designed to provide stability and safety to the human race Just as our sun powers the earth and all the planets revolving around the sun the glory of God directly powers our universe and causes the universe to rotate before God Just as is the case with all the planetary systems inside our universe one full rotation of the universe before God is one universe day before God And one universe day is equivalent to 365 243 earth days 2 Peter 3 8 **Preaching with Passion** James T. The Words Said Nursi, 2005 The Words forms the first part of the Risale i Nur collection an approximately 6 000 page Qur'anic commentary In this commentary Bediuzzaman Said Nursi's main concern is how to save and strengthen one's religious belief when confronted with the current prevalent materialist philosophy It does not explain when or why a verse was revealed but rather the truth that it represents Subjects discussed are God resurrection prophethood destiny ego worship and how the truth of these matters is revealed through nature The author also analyzes naturalist and materialist philosophy as well as scientific theories and findings and refutes them based on evidence that is clearly apparent in nature itself

Light on the Dark Passages of Scripture Mark Giszczak, 2015-12-07 Does God kill people Why do the innocent suffer Is Hell a just punishment Why would God allow Jesus to be crucified The Old Testament God vs New Testament God are they the same person If you've read the Bible you may have had these questions cross your mind Or you've heard your non believing friends ask these questions to justify their disbelief How do we reconcile these questions with our Faith in a loving just God The good news is that we CAN work through these difficult passages and arrive at a deeper

knowledge of who God really is leading to a closer relationship with him Light on the Dark Passages of Scripture guides you through God's revelation interpreting challenging texts providing reasonable answers to nagging questions and showing the mercies of a loving God The best book I know that explains and doesn't explain away the truly difficult texts of scripture I can't recommend this book enough Ralph Martin S T D Guides us through the museum of dark passages and eventually leads us to the display of God's love in Christ as the answer to the human messiness of redemptive history Taylor Marshall PhD

The Gospel Trumpet Enoch Edwin Byrum,1913 **God Is Relevant** Luis Palau,2010-05-26 Is God relevant In this intriguing work internationally renowned author and public speaker Luis Palau tackles what noted historian Will Durant calls the greatest question of our time whether we can live without God Admittedly many individuals today want to go it alone without God Either they feel no need for God or they don't want God in their lives for some reason perhaps because of a bad experience with organized religion Or perhaps some have doubts because God seems to be outdated or contrary to current thought At the heart of such doubts are intellectual questions raised originally by some of modern history's most influential and outspoken atheists and agnostics Yet despite whatever doubts exist as we near the turn of the millennium interest in faith and spirituality is as strong as it has ever been and it continues to grow Noted religion pollster George Barna says Americans are probably more interested in spiritual matters than they have been in any other time in the past forty years In this book Luis Palau shows how God is not an outdated idea but a powerful personal force that can transform our troubled times and guide us into the coming millennium *Secrets of the Blessed Man* Paul N. Life of a Soul Ram Malik,2022-11-07 The human soul is God miniaturized Soul consciousness is to experience the Divine and it is a part of you which never sleeps never forgets and is eternal The soul in this profundity has a likeliness and nearness to God The soul is the energy of universal love wisdom and compassion Souls are an expression of beauty imagination and creativity Rig Veda speaks of soul and God as two birds of beautiful wings friends by nature who are perched on the same twig of a tree You are neither body nor living being but Almighty Himself We are spiritual beings with human experience and not human beings with spiritual experience Matter body and souls although as real as God are dependent on God The soul is placed in the body like a rough diamond and must be polished or the luster of it will not appear If you see the moon you see the beauty of God If you see the sun you see the power of God If you see the mirror you see the best creation of God So choose the best you like the best creation of God The human body created by God in His own image and in His own liking is the jewel of creation and has the capacity to deliver the soul from the cycle of birth and death to a higher level of existence If you install God's image in the temple of your heart and keep His company all the time He does not have to wait to visit you at times of need The Independent ,1879 **Scientific American** ,1881 **Congressional Record** United States.
