Our Lies Are Better Than Theirs:

The Long Way Home Sammy Simms,2015-12-21 This book seeks to share an entertaining view of society which I believe has some serious cracks in it Perhaps we will find the fortitude it takes to mend them My experiences were mild considering some of the things we read in the newspapers every day The traumas I suffered and their repercussions are being recognized more widely and in this I find hope Recognition is primary in positive resolution **Get a Job** Robert D. Crutchfield,2014-05-02 Are the unemployed more likely to commit crimes Does having a job make one less likely to commit a crime Criminologists have found that individuals who are marginalized from the labor market are more likely to commit crimes and communities with more members who are marginal to the labor market have higher rates of crime Yet as Robert Crutchfield explains contrary to popular expectations unemployment has been found to be an inconsistent predictor of either individual criminality or collective crime rates In *Get a Job* Crutchfield offers a carefully nuanced understanding of the links among work unemployment and crime Crutchfield explains how people's positioning in the labor market affects their participation in all kinds of crimes from violent acts to profit motivated offenses such as theft and drug trafficking Crutchfield also draws on his first hand knowledge of growing up in a poor black neighborhood in Pittsburgh and later working on the streets as a parole officer enabling him to develop a more complete understanding of how work and crime are related and both contribute to and are a result of social inequalities and disadvantage Well researched and informative *Get a Job* tells a powerful story of one of the most troubling side effects of economic disparities in America Cobbett's Parliamentary History of England Great Britain.
