*Our Moral Life in Christ* Peter V. Armenio, Gerald Korson, Kevin Aldrich, **The Trinity and Our Moral Life according to St. Paul** Ceslas Spicq, 2004-05-19 Roman citizenship was important to St Paul for it brought privileges and powers granted to no other men Yet with this in mind after his conversion Paul tells the community of Philippi As for us our commonwealth is in heaven Christians thus he says are to claim the citizenship of heaven fully aware of the privileges powers and responsibilities of that great destiny From the writings of St Paul the author shows how the Saint wishes us to live as citizens of heaven Christians you are already saved from the moment of your baptism you are already glorified with Christ here and now The author first shows how the paganism of the times indicated the necessity of revelation from God and how this revelation came from the Father in the person of Christ in the New Testament Christians as a result must express their gratitude to the Father by living anew in Christ Jesus This Christian concept of life is not a mere institution involving a moral code and abstract doctrine but is rather summed up in the Person of Christ The Christian can accomplish this by the work of the Holy Spirit who fosters a life of faith in Christ dominated by a love and a freedom of the children of God The fruit of this conformity to the Spirit is the beauty of the moral life Yet for all its nobility such a life is incomplete Fulfillment comes only in heaven where those who have struggled to obtain the victory will merit the living and eternal crown of blessedness with the Trinity Filled with the spirit of St Paul this volume will be of great value to those who seek a sound Scriptural theology The great Pauline themes are marvelously interwoven and highlighted in presenting a unified spiritual doctrine *Our Moral Life in Christ* Midwest Theological Forum, 2005-01-01 Our Moral Life in Christ Peter V. **Christ and the Moral Life** James M. Gustafson, 1979-06-15 In this work originally published in 1968 the distinguished theologian James M Gustafson asks the fundamental question What is the significance of Jesus Christ for the moral life His answer is in the form of an ethical map showing the ways in which theological affirmations about Christ relate to moral life in the writings of a number of important Christian thinkers

**The Acting Person and Christian Moral Life** Darlene Fozard Weaver, 2011-11-18 What may we say about the significance of particular moral actions for one's relationship with God In this provocative analysis of contemporary Catholic moral theology Darlene Fozard Weaver shows the person as a moral agent acting in relation to God Using an overarching theological context of sinful estrangement from and gracious reconciliation in God Weaver shows how individuals negotiate their relationships with God in and through their involvement with others and the world Much of current Christian ethics focuses more on persons and their virtues and vices exemplified by the work of virtue ethicists or on sinful social structures illustrated in the work of liberation theologians These judgments fail to appreciate the reflexive character of human action and neglect the way our actions negotiate our response to God Weaver develops a theologically robust moral anthropology that advances Christian understanding of persons and moral actions and contends we can better understand the theological import of moral actions by seeing ourselves as creatures who live move and have our being in God

**Spirit of Truth Student Workbook Grade 8** Sophia Institute for Teachers, **"In the Beginning . . ."** Eduardo J. Echeverria, 2011-01-01 One of the most significant contributions of Pope John Paul II to the church and arguably to the culture was his development of a theology of the body This theology explores the rich meaning and vocation of human embodiment of the body person in light of the fundamental truths of creation fall into sin and redemption in Jesus Christ In this book Eduardo J Echeverria inquires into the biblical theological and philosophical foundations of the Pope's theology of the body In a wide ranging discussion of a Catholic theology of revelation biblical hermeneutics and a biblical perspective on the Christ centered dynamics of the moral life Echeverria clearly establishes the fundamental principles needed for a full understanding of John Paul II's thought He probes the philosophical foundations of the Pope's thought in the context of a Catholic theology of nature sin and grace The book concludes with an analysis of the normative implications of the Pope's theology for sexual ethics and provides a novel and provocative application of the theology of the body to the morality of homosexuality Echeverria's study of John Paul II's theology of the body helps us to make sense of how the pope's theology deepens our understanding of the Catholic teaching that the human body shares in the dignity of the image of God Catechism of the Catholic Church no 364

Stanley Hauerwas, 2025-02-15 Christian Ethics has been far too concerned with ethical decision making It would seem that both the advocates of situation ethics with their ever more outlandish paradigms and the proponents of traditional moral theology with their carefully qualified abstract deliberations have focused too narrowly upon the individual faced with a moral choice This collection of essays comes as a much needed change Whereas others have bemoaned the state of Christian ethics today Hauerwas has attempted to work out a serious alternative to the situationists and to the traditional moral theologians The book is divided into three parts The first and perhaps most important deals with theoretical and methodological issues The second under the title the new morality and normative ethics applies his method to a number of areas of individual morality such as abortion and euthanasia The third tackles certain problems in social ethics namely the non resistant church politics and American culture *Foundations for African Theological Ethics* James Nkansah-Obrempong, 2013-05-14 Having taught on ethics in Africa for almost a decade James Nkansah Obrempong presents a work that goes some way to addressing the dearth of materials on ethics that combine African social religious cultural and moral values with biblical and theological values Integrating these from African Western and biblical contexts Nkansah demonstrates how important they are for dealing with contemporary moral and social issues facing the church in Africa and African societies The book develops a theoretical biblical and theological foundation for Theological Ethics and uses this to address the broader issues that affect the socio political and economic life of African people and the church *Slavery, Sabbath, War & Women* Willard M. Swartley, 1983-05-07 The Bible appears to give mixed and even conflicting signals on the four case issues of slavery Sabbath war and women New Testament scholar Willard Swartley seeks to identify the difficulties surrounding these discussions and clarify basic learnings in biblical interpretation in a spirit of unity and dialogue As a predecessor to his 2003 publication *Homosexuality* this book rounds out a thorough spirit filled discussion of some of the most contentious and sensitive issues facing the church today **Walk with Jesus Christ, the Truth Iii' 2008**
