Marine Corps, 2018-09-17 The Marines in Vietnam 1954 1973 An Anthology and Annotated Bibliography based on articles that appeared in the U S Naval Institute Proceedings Naval Review and Marine Corp s Gazette has served well for 14 years as an interim reference on the Vietnam War It has both complemented and supplemented our official histories on Marine operations in Vietnam Since its publication in 1974 however events in Vietnam and the appearance of additional significant articles in the three periodicals have made both the anthology and bibliography somewhat dated This expanded edition extends the coverage of the anthology to 1975 and the entries in the bibliography to 1984      U.S. Marines In Vietnam: The Bitter End, 1973-1975 Maj. George Ross Dunham, Col. David A. Quinlan, 2016-08-09 This publication represents the ninth volume in an operational and chronological series covering the Marine Corps participation in the Vietnam War This particular volume details the final chapter in the Corps involvement in South East Asia including chapters on Cambodia the refugees and the recovery of the container ship SS Mayaguez Although largely written from the perspective of the III Marine Amphibious Force this volume also describes the roles of the two joint commands operating in the region the Defense Attach Office Saigon and the United States Support Activities Group Thailand Thus while the volume emphasizes the Marine Corps role in the events of the period significant attention also is given to the overall contribution of these commands in executing U S policy in South east Asia from 1973 to 1975 Additionally a chapter is devoted to the Marine Corps role in assisting thousands of refugees who fled South Vietnam in the final weeks of that nation s existence      **U.S. Marines in Vietnam** George Ross Dunham, David A. Bureau of Naval Personnel, 1985      **The Iranian Hostage Rescue Attempt: A Case Study** Major Peter D. Buck USMC, 2015-11-06 Operation Eagle Claw was tactically feasible operationally vacant and strategically risky This paper examines the failed hostage rescue mission conducted by the U S in Iran during April of 1980 The following text will recreate the rescue mission in its historical context while identifying factors across the three levels of war which contributed to its

outcome The three levels of war referred to in this discussion are the tactical operational and strategic levels This study concludes that 1 The fall of the Shah unearthed a gap in U S military influence in the Middle East which could not rapidly be overcome 2 the hostage rescue mission although tied directly to the strategic objective of returning the 53 American hostages provided little influence in terms of salvaging U S honor and interests in the Middle East In reality it is probable that mission failure protracted eventual diplomatic resolution of the crisis 3 the hostage rescue mission a limited objective and high risk raid should only have been executed in the event that hostages lives were directly threatened and 4 since 1961 sixty six separate hostage kidnapping or hijacking incidents have occurred involving U S diplomats servicemen and private citizens The frequency of these actions equate to 1 6 per year over the past 41 years This data demonstrates the relevancy of the subject and the frequency of its occurrence
