"Uncool and Incorrect" in Chile Stephen M. Streeter, 2023-02-21 The military coup that toppled Chilean President Salvador Allende in 1973 led to one of the most repressive military dictatorships in Latin American history Although the coup's full origin remains one of the great mysteries of the Cold War most assume that powers in Washington were largely to blame given the long history of U S interventionism in Latin America These assumptions were only strengthened by ongoing suspicions about the Nixon administration's role in a failed campaign to prevent Allende's inauguration in 1970 Providing a comprehensive account of the Nixon administration's efforts to undermine and unseat Allende the book relies heavily on newly declassified records addressing several crucial questions regarding U S involvement The author explores several counterfactual scenarios to highlight important turning points and crucial decisions which contributed to the failure of Chilean democracy

Contrarrevolución, colaboracionismo y protesta

Marcelo Casals Araya,2022-12-27 El golpe militar del 11 de septiembre de 1973 contra el gobierno de la Unidad Popular no fue producto exclusivo de la decisión de los altos mandos de las Fuerzas Armadas de destruir la democracia chilena También fue posible gracias a un masivo movimiento contrarrevolucionario forjado en la lucha política contra la izquierda en el poder en el que destacaron organizaciones sociales que se entendían a sí mismas y eran reconocidas como las representantes de la clase media Este libro describe el camino seguido por esa clase media organizada profesionales transportistas comerciantes pequeños empresarios masones entre otros desde su movilización contrarrevolucionaria la colaboración en distintos niveles con la dictadura militar instalada en 1973 hasta su desafección con ese régimen y su participación en las masivas protestas nacionales en los años 80 Es por tanto una historia política social y cultural de la dictadura desde la perspectiva de quienes asumieron y movilizaron la identidad de clase media A través de la experiencia de esos grupos podemos acceder a los dilemas ambivalentes y trayectorias fluctuantes de quienes vivieron los años más dramáticos del siglo XX chileno

logo es la condición de aislamiento de la región debida a la división ideológica de los países a la falta de foros de encuentro para los gobiernos de la región y sobre todo a la falta de una voz propia en el mundo. A lo largo de esta conversación a tres bandas entre Santiago de Chile, Nueva York y Ciudad de México, los interlocutores revisan cuestiones como la nueva guerra fría entre China y Estados Unidos y los retos que plantea para América Latina los desafíos de la democracia ante el populismo y la convulsión del cambio digital, las causas y los efectos de la nueva ola de gobiernos de izquierda en la región, los problemas claves del crecimiento económico y un mundo que ha salido más desigual de la pandemia. Lagos Castaeda y Aguilar Camarena renuncian su experiencia y su amplio conocimiento sobre la materia para discutir los graves problemas que aquejan a los países latinoamericanos en este momento de su historia y sobre todo plantean alternativas para salir de este aislamiento paralizador.
