50 Spiritual Classics Tom Butler-Bowdon,2010-12-07 A kaleidoscope of inspiration that lets the reader delve into the ideas of many of our great spiritual thinkers *Dao Theory The Ultimate* Theory Based on the Universe Origin Xiao Ran Huang,2024-10-12 Dao theory is an all inclusive ultimate theory established by ancient Chinese thinkers according to the Origin of the universe It is used to explain all the basic

phenomena in the universe to guide people's thought and behavior to guide the establishment of a just and perfect society and so on. It can be proved through Dao theory that the Origin of the universe is a spiritual body in a zero state which is the most perfect. The universe comes from the Origin of the universe. The theory established according to the Origin is bound to be all inclusive and can explain the most important phenomena in the universe: life and consciousness. Because the Origin is the most perfect, the theory established according to the Origin will inevitably be able to guide mankind to build a perfect society. There are two versions: the physical version and the popular version. The popular version contains spiritual physics that explains consciousness and soul, omitting general physics. The physical version has the results of the author's research on general physics, suitable for researchers, teachers, and readers who are interested in physics. The cover of the physical version is blue and the cover of the popular version is yellow. This book is the physical version. Afterlife Barry Eaton, 2013-08-15. For the thousands of people who loved To Heaven and Back, Heaven is for Real and Proof of Heaven, a warm and detailed account of life between lives and our lives to come. What happens when someone dies? What does it feel like? What exactly is the light at the end of the tunnel? Is reincarnation real? And if so, do spirits have any influence over their lives to come? Based on his own amazing experiences communicating with those who have passed over, Barry Eaton answers these questions about the spirit world and many, many more. Taking the reader on a journey through the realm of the spirit, the author details the whole process of crossing into the next life, from the journey home to adapting to new living conditions in the afterlife, and even delving into what kinds of activities will be available there and how we can be prepared for our own personal journey. This book will give hope, alleviate fear, and provide comfort for anyone who has questions or concerns about life after death.

With his blend of engineering and the fields of personal transformation, Peter Hey takes us on a deep yet accessible journey into the inner recesses of our minds. He presents a unique model of the mind and the mechanisms that define our behavior. Based on his own personal experiences as the son of a Holocaust survivor, his sessions with his own clients, and his background in computer design, he brings the concept of programs in our unconscious as the basic mechanism that determines our actions. Millions of programs operating below our everyday awareness, each of them associated with emotions that in fact are the actual power behind our decisions in daily life. Leading Mind explains how these programs are created from all our experiences, starting already at conception, through our time in the mother's womb all the way to full adulthood. It also shows how, when accessing our deep unconscious, we discover aspects in us that transcend our current physical life. Based on thousands and thousands of sessions done by practitioners around the world with remarkably consistent results.

across cultures education social status and personal beliefs Leading Mind shows how the current events that are impacting our civilization nowadays are the result of our emotional ignorance It brings to light an urgent call to reform our educational curriculum to teach how our mind works and tools for personal transformation and conflict resolution Understanding our minds brings tolerance and compassion for all It gives us the knowledge to change our limiting behaviors The start of real personal power to direct our lives in the direction that is our authentic individual expression
