The Courage Consort Michel Faber, 2014-04-22 The Courage Consort possibly the seventh best known a cappella vocal ensemble in Britain are given two weeks in a Belgian chateau to rehearse their latest commission the monstrously complicated *Partitum Mutante* But can the piece be performed Does it matter that its composer is a maniac best known for attacking his wife with a stiletto shoe at the baggage reclaim of Milan airport Can the five members of the Consort endure their own sexual tensions and wildly differing temperaments And what is the inhuman voice that calls out to them from the woods at night The esoteric world of avant garde classical music is the unlikely setting for a story of rare power perhaps the most moving Michel Faber has yet written

Under The Skin Michel Faber, 2013-10-15 A brilliantly told and beautifully written novel that defies categorization Under the Skin introduces Isserley a woman obsessed with picking up male hitchhikers so long as they're well muscled and alone But why As the story unfolds and the reason is made explicit the reader is drawn inexorably into a completely unexpected and increasingly terrifying world

Some Rain Must Fall Michel Faber, 2013-10-15 Michel Faber's first collection of short stories reveals an extraordinarily vivid imagination a deep love of language and an adventurous versatility Playful yet profoundly moving wickedly satirical yet sincerely humane these tales never fail to strike unexpected chords The title story *Some Rain Must Fall* winner of the 1998 Ian St James Award juxtaposes the tragic circumstances of traumatized schoolchildren with the interior monologue of a teacher psychologist enlisted to aid their recovery In the pseudo sci fi *Fish* winner of the Macallan Scotland on Sunday Short Story Competition in 1996 a mother tries to protect her child in a terrifying world where fish swim through the streets and lurk in alleyways Faber has an exciting talent rich and assured with a dazzling reach *Some Rain Must Fall* is an exceptionally refreshing and engaging debut

[The Ontology of Death](#) Aaron Aquilina, 2023-05-18

Through examination of the death penalty in literature Aaron Aquilina contests Heidegger's concept of being towards death and proposes a new understanding of the political and philosophical subject

Dickens

Nabokov Hugo Sophocles and many others explore capital punishment in their works from Antigone to Invitation to a Beheading Using these varied case studies Aquilina demonstrates how they all highlight two aspects of the experience First they uncover a particular state of being or more precisely non being that comes with a death sentence and second they reveal how this state exists beyond death row as sovereignty and alterity are by no means confined to a prison cell In contrast to Heidegger's being towards death which individualizes the subject only I can die my own death supposedly this book argues that when condemned to death the self and death collide putting under erasure the category of subjectivity itself Be it death row or not when the supposed futurity of death is brought into the here and now we encounter what Aquilina calls relational death Living on with death severs the subject's relation to itself the other and political sociality as a whole rendering the human less a named and recognizable being than an anonymous living corpse a human thing In a sustained engagement with Blanchot Levinas Hegel Agamben and Derrida The Ontology of Death articulates a new theory of the subject beyond political subjectivity defined by sovereignty and beyond the Heideggerian notion of ontological selfhood

Character and Dystopia Aaron S. Rosenfeld, 2020-07-08 This is the first extended study to specifically focus on character in dystopia Through the lens of the last man figure Character and Dystopia The Last Men examines character

development in Yevgeny Zamyatin's *We*, Anthony Burgess's *A Clockwork Orange*, Kazuo Ishiguro's *Never Let Me Go*, Fyodor Dostoevsky's *Notes from Underground*, George Orwell's *Nineteen Eighty Four*, Nathanael West's *A Cool Million*, David Mamet's *Glengarry Glen Ross*, Octavia Butler's *Parable of the Sower*, Lois Lowry's *The Giver*, Michel Houellebecq's *Submission*, Chan Koonchung's *The Fat Years*, and Maggie Shen King's *An Excess Male* showing how in the 20th and 21st centuries dystopian nostalgia shades into reactionary humanism, a last stand mounted in defense of forms of subjectivity no longer supported by modernity. Unlike most work on dystopia that emphasizes dystopia's politics, this book's approach grows out of questions of poetics. What are the formal structures by which dystopian character is constructed? How do dystopian characters operate differently than other characters within texts and upon the reader? What is the relation between this character and other forms of literary character such as are found in romantic and modernist texts? By reading character as crucial to the dystopian project, the book makes a case for dystopia as a sensitive register of modern anxieties about subjectivity and its portrayal in literary works.

The Ethics and Aesthetics of Vulnerability in Contemporary British Fiction, Jean-Michel Ganteau, 2015-05-08. This book visits vulnerability in contemporary British fiction, considering vulnerability in its relation to poetics, politics, ethics, and trauma. Vulnerability and risk have become central issues in contemporary culture, and artistic productions have increasingly made it their responsibility to evoke various types of vulnerabilities, from individual fragilities to economic and political forms of precariousness and dispossession. Informed by trauma studies and the ethics of literature, this book addresses such issues by focusing on the literary evocations of vulnerability and analyzing various aspects of vulnerable form as represented and performed in British narratives, from contemporary classics by Peter Ackroyd, Pat Barker, Anne Enright, Ian McEwan, and Jeanette Winterson to less canonical texts by Nina Allan, Jon McGregor, and N. Royle. Chapters on romance, elegy, the ghost story, and the state of the nation novel draw on a variety of theoretical approaches from the fields of trauma studies, affect theory, the ethics of alterity, the ethics of care, and the ethics of vulnerability, among others. Showcasing how the contemporary novel is the privileged site of the expression and performance of vulnerability and vulnerable form, the volume broaches a poetics of vulnerability based on categories such as testimony, loss, unknowing, temporal disarray, and performance. On top of providing a book-length evocation of contemporary fictions of vulnerability and vulnerable form, this volume contributes significantly to considerations of the importance of Trauma Studies to Contemporary Literature.

was a crushing defeat for the Arab world one that tripled the area controlled by Israel and which sowed the seeds for the Yom Kippur War of 1973 and the continuing strife in the region Written by the author of Osprey's Yom Kippur War this volume covers the background to the war and the campaign against the Egyptians in the Sinai Peninsula including the initial devastating air assault that showed the world how vital air supremacy was in modern combat Joyce's Non-Fiction Writings Katherine Ebury, James Alexander Fraser, 2018-05-02 This book presents a fundamental shift in the way we approach discuss and evaluate Joyce's non-fictional writings Rather than simply proposing or applying new methodologies it historicises and reconceives the critical assumptions that have shaped scholarly approaches to these works for over half a century showing that non-fiction as a categorical distinction no matter how sensible it appears crumbles under closer inspection Bringing into conversation a group of key Joyce scholars this volume acts not only as a vital reimagining of our critical relationship to Joyce's non-fiction but as a contribution to similar debates being carried out across the broad range of modernist studies **Imagining the Pagan Past** Marion Gibson, 2013 Imagining the Pagan Past explores stories of Britain's pagan history These tales have been characterised by gods and fairies folklore and magic They have had an uncomfortable relationship with the scholarly world often being seen as historically dubious self-indulgent romance and worse encouraging tribal and nationalistic feelings or challenging church and state This book shows how important these stories are to the history of British culture taking the reader on a lively tour from prehistory to the present From the Middle Ages to the twenty-first century Marion Gibson explores the ways in which British pagan gods and goddesses have been represented in poetry novels plays chronicles scientific and scholarly writing From Geoffrey of Monmouth to Edmund Spenser William Shakespeare to Seamus Heaney and H G Wells to Naomi Mitchison it explores Romano-British Celtic and Anglo-Saxon deities and fictions The result is a comprehensive picture of the ways in which writers have peopled the British pagan pantheons throughout history Imagining the Pagan Past will be essential reading for all those interested in the history of paganism
