**Michelangelo** Martin Gayford, 2013-11-07 At thirty one Michelangelo was considered the finest artist in Italy perhaps the world long before he died at almost 90 he was widely believed to be the greatest sculptor or painter who had ever lived and by his enemies to be an arrogant uncouth swindling miser For decade after decade he worked near the dynamic centre of events the vortex at which European history was changing from Renaissance to Counter Reformation Few of his works including the huge frescoes of the Sistine Chapel Ceiling the marble giant David and the Last Judgment were small or easy to accomplish Like a hero of classical mythology such as Hercules whose statue he carved in his youth he was subject to constant trials and labours In Michelangelo Martin Gayford describes what it felt like to be Michelangelo Buonarroti and how he transformed forever our notion of what an artist could be

**Michelangelo's Painting** Leo Steinberg, 2019-12-31 Leo Steinberg was one of the most original art historians of the twentieth century known for taking interpretive risks that challenged the profession by overturning reigning orthodoxies In essays and lectures ranging from old masters to contemporary art he combined scholarly erudition with an eloquent prose that illuminated his subject and a credo that privileged the visual evidence of the image over the literature written about it His writings sometimes provocative and controversial remain vital and influential reading For half a century Steinberg delved into Michelangelo's work revealing the symbolic structures underlying the artist's highly charged idiom This volume of essays and unpublished lectures elucidates many of Michelangelo's paintings from frescoes in the Sistine Chapel to the Conversion of St Paul and the Crucifixion of St Peter the artist's lesser known works in the Vatican's Pauline Chapel also included is a study of the relationship of the Doni Madonna to Leonardo Steinberg's perceptions evolved from long hard looking Almost everything he wrote included passages of old fashioned formal analysis but always put into the service of interpretation He understood that Michelangelo's rendering of figures as well as their gestures and interrelations conveys an emblematic significance masquerading under the guise of naturalism Michelangelo pushed Renaissance naturalism into the furthest reaches of metaphor using the language of the body to express fundamental Christian tenets once expressible only by poets and preachers Leo Steinberg was one of the most original art historians of the twentieth century known for taking interpretive risks that challenged the profession by overturning reigning orthodoxies Michelangelo's Painting is the second volume in a series that presents Steinberg's writings selected and edited by his longtime associate Sheila Schwartz

**Michelangelo in Print** Bernadine Barnes, 2017-07-05 In

seeing printed reproductions as a form of response to Michelangelo's work Bernadine Barnes focuses on the choices that printmakers and publishers made as they selected which works would be reproduced and how they would be presented to various audiences Six essays set the reproductions in historical context and consider the challenges presented by works in various media and with varying degrees of accessibility while a seventh considers how published verbal descriptions competed with visual reproductions Rather than concentrating on the intentions of the artist Barnes treats the prints as important indicators of the use of and public reaction to Michelangelo's works Emphasizing reception and the construction of history her approach adds to the growing body of scholarship on print culture in the Renaissance The volume includes a comprehensive checklist organized by the work reproduced

**Michelangelo and the English Martyrs** Anne Dillon, 2016-12-05 In May 1555 a broadsheet was produced in Rome depicting the torture and execution in London and York of the Carthusians of the Charterhouses of London Axeholme Beauvale and Sheen during the reign of Henry VIII This single page martyrology provides the basis for an in-depth exploration of several interconnected artistic scientific and scholarly communities active in Rome in 1555 which are identified as having been involved in its production Their work and concerns which reflect their time and intellectual environment are deeply embedded in the broadsheet especially those occupying the groups and individuals who came to be known as Spirituali and in particular those associated with Cardinal Reginald Pole who is shown to have played a key role in its production Following an examination of the text and a discussion of the narrative intentions of its producers a systematic analysis is made of the images This reveals that the structure content and intention of what at first sight seems to be nothing

more than a confessionally charged Catholic image of the English Carthusian martyrs typical of the genre of propaganda produced during the Reformation is astonishingly dominated by the most celebrated name of the Italian Renaissance the artist Michelangelo Buonarroti Not only are there direct borrowings from two works by Michelangelo which had just been completed in Rome The Conversion of St Paul and The Crucifixion of St Peter in the Pauline Chapel but many other of his works are deliberately cited by the broadsheet s producers Through the use of a variety of artistic scientific and historical approaches the author makes a compelling case for the reasons for Michelangelo s presence in the broadsheet and his influence on its design and production The book not only demonstrates Michelangelo s close relationship with notable Catholic reformers but shows him to have been at the heart of the English Counter Reformation at its inception This detailed analysis of the broadsheet also throws fresh light on the Marian religious policy in England in 1555 the influence of Spain and the broader preoccupations of the Counter Reformation papacy while at the same time enriching our understanding of martyrology across the confessional divide of the Reformation
