**News from Tartary** Peter Fleming, 2014-10-28 News from Tartary describes a phenomenally successful attempt that legendary adventurer Peter Fleming made to travel overland from Peking to Kashmir The journey took seven months and covered about 3 500 miles and Motivated largely by curiosity he set out with his companion Ella Maillart across a China torn by civil war to journey through Xinjiang to British India It had been eight years since anyone had crossed Xinjiang in between those who had entered this inhospitable and politically volatile area under the control of a warlord supported by Stalin s Red Army seldom left alive Entering the province by a little known route and following the path of the Silk Road they ended up in Kashgar before crossing the Pamirs to India Beautifully written and superbly observed this is not simply an account of a part of the world few of us will ever see but also a marvellous insight into the last days of the Great Game when Britain and Russia still faced each other across a Central Asia in a state of anarchy

**The Silk Road** Tim Winter, 2022 From the Great Game to the present an international cultural and political biography of one of our most evocative compelling and poorly understood narratives of history The Silk Road is rapidly becoming one of the key geocultural and geostrategic concepts of the twenty first century Yet for much of the twentieth century the Silk Road received little attention overshadowed by nationalism and its invented pasts and a world dominated by conflict and Cold War standoffs In The Silk Road Tim Winter reveals the different paths this history of connected cultures took towards global fame a century after the first evidence of contact between China and Europe was unearthed He also reveals how this remarkably popular depiction of the past took hold as a platform for geopolitical ambition a celebration of peace and cosmopolitan harmony and created dreams of exploration and grand adventure Winter further explores themes that reappear today as China seeks to revive the Silk Roads for the twenty first century Known across the globe the Silk Road is a concept fit for the modern world and yet its significance and origins remain poorly understood and are the subject of much confusion Pathbreaking in its analysis this book presents an entirely new reading of this increasingly important concept one that is likely to remain at the center of world affairs for decades to come

ONES COMPANY A Journey to China By PETER FLEMING Originally published in 1934 FOREWORD THIS book is a superficial account of an unsensational journey My Warning to the Reader justifies I think its superficiality It is easy to be dogmatic at a distance and I dare say I could have made my half baked conclusions on the major issues of the Far Eastern situation sound convincing But it is one thing to bore your readers another to mislead them I did not like to run the risk of doing both I have therefore kept the major Issues in the back ground The book describes in some detail what I saw and what I did and in considerably less detail what most other travellers have also seen and done If it has any value at all it is the light which it throws on the processes of travel amateur travel in parts of the interior which though not remote are seldom visited On two occasions I admit I have attempted seriously to assess a politico military situation but only a because I thought I knew more about those particular situations than anyone else and because if they had not been explained certain sections of the book would have made nonsense For the rest I make no claim to be directly instructive One cannot it is true travel through a country without finding out something about it and the reader following vicariously In my footsteps may perhaps learn a little But not much I owe debts of gratitude to more people than can conveniently be named people of all degrees and many nationalities He who befriends a traveller is not easily forgotten and I am very grateful indeed to everyone who helped me on a long journey PETER FLEMING London 1934 Contents include PART I MANCHUKUO FACE I BOYS WILL BE BOYS 19 i j II INTO RUSSIA
