## **News Media Relations For Law Enforcement Leaders:**

**News Media Relations for Law Enforcement Leaders (2nd Ed.)** Gerald W. Garner, 2018-09-19 To one extent or another dealing with the news media is a fact of life for every American law enforcement leader. However, news organizations, although a pain at times, can aid law enforcement in a number of ways. This text avoids theory and the intangible and concentrates on the practicalities by exploring past troubled times and focuses on what cops and reporters have to offer each other. The news is defined and broken down into some of its technical component parts. The secrets for establishing a mutually beneficial relationship with reporters are revealed, including the absolute necessity for credibility on the part of the law enforcement leader. Common sense policies and procedures concerning relations with the news media and the importance of an effective Public Information Officer (PIO) is explored. The following topics are featured: newspaper journalism, the all-seeing eye called television, a look at what radio has to offer, Internet news and what the Net can provide, the police officer in twenty-first century America. The law enforcement officer will learn how to give an effective interview, produce news releases that will be used by the media, the art of leading a successful news conference, and the dirty tricks used by the occasional unscrupulous journalist. Solid advice for overcoming this media misbehavior is given, which will prepare the leader for dealing with the media challenges found at the scene of a major crime, disaster, or other high-profile incident. Instructions for the responses required to recover from an episode of bad news is included, aiding the leader in how to inform the public of all good news that the agency generates. Each chapter concludes with a summary of vital points to remember and a glossary of terms appears at the end of the text. A new chapter has been added on the topic of fake news. Law enforcement leaders need to understand what this phenomenon is and how to protect themselves from its negative effects. This how-to-do-it book is a troubleshooting guide that will enable the law enforcement leader to undertake any challenging media situation that is encountered.

*Common Sense Law Enforcement Leadership* Gerald W. Garner, 2025-08-25 Author Garner provides advice from his numerous books for aspiring sergeants, first-line supervisors, law enforcement mid-managers, and police chiefs, which can all be found here along with a lot of new information. These different leadership ranks have enough in common that a single book would be of value to each of them. That is, of course, if the book contained practical advice that the law enforcement leader could apply to the challenges they face virtually every shift. This is intended to be that book. It recognizes that while many leadership issues are the same regardless of the rank of the leader, some of the challenges faced by the sergeant are not identical to the ones confronted by the chief or sheriff. While advice applicable to every rank is furnished in each chapter, each chapter also addresses the different issues encountered at each leadership level. Hopefully, all that helpful advice emphasizes practical application, not theory. After all, that is what common sense is all about. You will draw heavily upon your training, knowledge, and experience to do that. To be truly effective in your quest, you must add a healthy dose of common sense to these things. This book will aid you immeasurably by relating the experiences, good and bad, of other law

enforcement leaders The information provided is not based on theory but on actual practice A solid core of common sense supports it The book will also help you take care of yourself by offering time proven advice on working for someone handling bad events when and how to ask for help and surviving the hazards of your position This book is about helping you do your important job extremely well while living to enjoy great satisfaction from your accomplishments It s all about being a leader with common sense It s about you *In Pursuit of Excellence: Leadership Lessons for Law Enforcement* Daniel D.

Terry,2023-09-28 This book has been written specifically for the leadership and management needs of the law enforcement professional Most examples in this book are real life examples and will relate directly to law enforcement and therefore should be practical to the law enforcement professional This book will discuss many principles of leadership It will provide stories examples and experiences that offer lessons and takeaways linked directly to leadership principles It will also dive into management and law enforcement specific topics as to how you might drive performance maintain accountability or just do a more effective job as a supervisor The ideas and suggestions made in this book are founded on sound leadership behaviors The content is practical and though the foundational leadership principles are nothing new they are presented differently and specifically to law enforcement Everything rises and falls on your ability to lead All the supervisors in your organization may be carrying out the same tasks as expected of your organization s management However whether they are successful or whether their work group is effective will depend on the type of leaders they are This book shows how a person can take action to eliminate or minimize leadership voids to enhance their ability to lead and develop high performing successful work groups The book has a useful appendix and references have been included for the reader to continue to grow and seek out materials that reinforce the principles presented **Emergency Management for Law Enforcement** James

F. Prescott, Jr.,2023-12-06 With renewed interest in both emergency management and homeland security disproportionate attention and resources have been focused on terrorist threats However natural hazards pose a far greater risk of death injury and property damage to the typical American jurisdiction Hurricanes floods and tornadoes cause billions of dollars in damage and substantial numbers of deaths and injuries each year The aim of this book is to focus on these natural hazards and the linkage between law enforcement and emergency management It draws from criminal justice psychology public administration emergency management public health meteorology leadership and management in an effort to synthesize a wealth of knowledge to better prepare police officers to respond to the complete range of emergencies and disasters they encounter on the job *Emergency Management for Law Enforcement Strategies Operations and Tactics* will help to better integrate law enforcement officers with other first responder agencies as they work together to resolve critical incidents It pulls together important information obtained from empirical research and disaster experience This knowledge is designed to help law enforcement officers deal with disasters and emergencies more effectively as important players in emergency management Learning these evidence based practical applications will assist police officers in making better decisions in

order to take more effective actions at critical incident scenes *Thin Blue Fault Line - Policing America* John C. Franklin, John F. Hein, 2021-02-22 Authors Franklin and Hein have witnessed firsthand difficulties experienced in some black communities They use their knowledge to analyze and discuss the interactions between American policing a subculture of the black community and the BLM movement The authors wrote this book not because of attacks on police officers but because of overzealous actions by officers to shoot black men It describes how blue on black shootings along with police tactics sometimes cause intense citizen responses through public statements outbursts and demonstrations It begins with an examination of the differences between the black and white communities how the same incident can be viewed from two different perspectives and how a discussion can be perceived unbiased by one but biased and unjust by another Because of civil rights efforts American policing is going through a transformation A change in policing tactics must be met with a re evaluation of some cultural norms by the black community They also discuss the lack of support by blacks shown to other blacks when there is an impression of being not black enough The authors believe in political correctness but also believe that political correctness is harming the black community because well recognized negative issues in some communities are not being addressed to avoid criticism of black culture In the final chapter the authors discuss the failure of black leadership to make any earnest effort to rescue a wanting black subculture from itself Finally the authors believe that American policing understands its 21st century obligations and is taking steps to meet them High-Risk Patrol Gerald W. Garner, 2020-05-28 This book provides a general orientation for survival using the author s everyone goes home approach as in previous editions to keep the police officer safe and secure It details the specifics the intelligent police professional must master in order to survive the many types of risky situations he will be exposed to over a career The book is painstakingly thorough in its approach to officer survival in an era where peacekeepers are required to be highly transparent and accountable in all their actions Every use of force by a law enforcement officer will be closely scrutinized This is one reason why it is important that today s officer has access to every viable tactic and technique that may prevent the need for force in the first place The book details everything from searching an arrested individual to searching a building arresting a 300 pound outlaw biker to a surly teenager Techniques and strategies discussed in the book include personal preparation for risk reduction vehicle stops and contacts defusing disturbances domestic violence burglaries and structure searching barricades and hostage takers vehicle pursuits ambush attacks emotionally disturbed and mentally ill persons prisoner control and transport terrorist threats off duty confrontations and reducing the emotional risks involved At the end of each vital chapter a quick and concise Risk Reduction Checklist is presented These chapter summaries are excellent for review and merit rereading by the police professional intent on surviving to a healthy retirement An Appendix has been included containing informative accounts of police deaths culled from the Law Enforcement Officers Killed and Assaulted Report put together by the Federal Bureau of Investigation Other accounts are also found at the end of each chapter Each one makes a point by way of grim example yet

every tragedy described can help save the life of an alert police officer who might otherwise become one more statistic This unique and comprehensive text will be invaluable to all law enforcement professionals investigators policymakers and police academics

**Occupation Under Siege** John Violanti,2021-09-29 This book brings to the forefront the realization that a successful police career involves not only surviving the danger involved in policing but also psychological survival In this book a mixed approach is employed that includes research and some practical suggestions from practitioners on how best to deal with the police health crisis It is based on research associated with police mental health together with the subsequent effects on officers performance physical health and lifestyle It begins by outlining the current challenges faced by police including increased civil unrest negative public reactions and a biological siege brought about by the COVID 19 pandemic Posttraumatic Stress Disorder and depression are reviewed and how these two conditions have been shown to promote negative health issues such as cardiovascular disease and gastrointestinal disorders comorbid psychological conditions as well as suicide Resilience is also discussed and its role in ameliorating stress An overview of factors related to resilience is provided and some of the mechanisms that underpin resilience in police work are examined Additionally suggestions are made that may help police organizations foster resiliency in officers The final chapter asks the question Where do we go from here The chapter discusses current legislation that will help police deal with the problem of psychological and physical health and suicide Interventions discussed include the need for wellness programs reducing stress through the police organization peers support development the use of mindfulness as a stress reduction strategy PTSD mitigation and reducing the fatigue health effects of shift work

**Making Sergeant** Gerald W. Garner,2021-02-24 Whether you are just pondering if you should go for the gold or are already radar locked on getting there this book MAKING SERGEANT is for you Written by a veteran police chief with over 50 years of law enforcement experience 15 of them spent as a sergeant it contains practical advice for 1 deciding on whether you are ready for the job and 2 getting it and succeeding at it if you are Short on theory and long on pragmatic advice the text also will help the already promoted supervisor successfully meet the challenges of this complex but vital position As most law enforcement agency CEOs will acknowledge first line supervisor or sergeant is often the single most important position in the police organization Without the best efforts of the highly competent man or woman wearing the stripes the organization is destined to flounder in relative ineffectiveness In the worst case scenario the agency may fail In other words the sergeant has got to get it right This book will help you decide if you want to be that sergeant If you do it will help you be him or her If at least at this stage of your career you decide that the answer is no that s fine too There is not a law enforcement agency anywhere that has enough talented first line officers Your goals may change later But if you choose to go for it the tips contained in this book will help you get there If you are already a supervisor MAKING SERGEANT will help you get better at what you are already doing

*Street Gangs Throughout the World* Herbert Covey,2021-07-01 This new third edition provides an update on what is known about street gangs throughout the world and summarizes some

of the major works on street gang phenomena It focuses on those countries that have a greater presence in the literature Chapter 1 introduces the reader to the topic of street gangs throughout the world Chapter 2 identifies some of the challenges faced by scholars when studying gangs in different countries Chapter 3 reviews some of the basic research on street gangs in the United States and Canada Chapter 4 covers what is known about street gangs in Europe and Russia Chapter 5 reviews the literature on street gangs in one of the hottest areas of the world for gangs Central America In addition this chapter examines South American and Caribbean gangs Street gangs in Brazil El Salvador Guatemala Jamaica Brazil Mexico Nicaragua Trinidad and other countries are covered The presence of street gangs and gang violence in these and other countries has been identified as a major factor in the mass migration of refugees to the United States Chapter 6 reports on the street gangs of Africa Research on gangs in South Africa goes back decades and the country has a unique history on how gangs evolved Other countries such as Egypt Nigeria and Kenya are developing a body of literature that highlights the distinctive nature of gangs and gang members in these countries Chapter 7 addresses street gangs in Asia including China India Hong Kong post reunification Japan and other countries This chapter provides rare glimpses of gangs in China a relatively secretive country Although different in many ways from gangs in Asia information is also included here about gangs in Australia and New Zealand Practitioners in the criminal justice and juvenile justice fields will find this book to be a valuable resource

### **A Comprehensive History of American Law Enforcement** Tomas C. Mijares,2024-04-22

This book provides knowledge on the history of law enforcement and its development and explains the factors leading to the evolution of the modern police officer The first chapter provides information about the book s purpose and methods of data collection and analysis The next two chapters summarize ancient forms of law enforcement in Europe and the Middle East Chapters Four through Ten describe the eras of American history from the early settlements to the modern metropolitan areas and how law enforcement evolved to serve and protect through these eras Chapters Eleven and Twelve explain the Omnibus Crime Control and Safe Streets Act of 1968 and how this legislation affected law enforcement through increased availability of equipment and opportunities for education for all personnel in the criminal justice system Chapters Thirteen through Fifteen describe specific problems that have developed throughout modern American society and how law enforcement has responded to these problems Chapter Sixteen summarizes the evolution of police technology and how it affects the most visible member of policing the patrol officer Chapter Seventeen reviews the recent criticism and politicization of law enforcement The final chapter provides conclusions that can be reached about the past and recommendations for improvement in the future Whether the reader is a college student preparing to enter a career in criminal justice or a seasoned professional this book will help avoid systemic mistakes of the past For politicians journalists educators and other people whose professions take them close to law enforcement personnel this book will explain the evolution of those who have chosen to serve and protect and how they have gone from captured slaves to caring professionals

### Counterinsurgency Strategy--A Path to Effective Policing Howard Rahtz,2024-08-29 Counterinsurgency Strategy A Path to Effective Policing opens with American military action in Mosul Iraq in 2003 The civil authority in a city of 1 7 million people had collapsed government ministry buildings had been looted and criminal gangs and ethnic conflict raged out of control General David Petraeus utilizing the military s Counterinsurgency Doctrine COIN restored security allowing the re emergence of the local economy He worked with the local leaders to hold elections and in short order restored civil society The COIN principles used by General Petraeus in Iraq have application to the violent crime issues plaguing cities in

the United States Increasing disorder in the face of declining police legitimacy and a growing trust gap between police and the communities they serve are analogous to the situation facing military commanders combatting insurgencies Given the current debate on police militarization occurring across the country the book reviews the history of police militarization the provision of military equipment to police through the Department of Defense and the impact of militarization on police tactics COIN operational values in the context of the militarization debate are reviewed A paradox in policing is the growth of militarism concurrent with the movement toward Community Policing While Community Policing has received significant attention among military COIN adherents discussion of COIN strategy among police researchers has been nearly nonexistent This book examines the commonalities of COIN strategy with the philosophy of Community Oriented Policing Effective policing efforts to reduce crime and disorder are highlighted and the role of the COIN strategy in these efforts is reviewed A detailed guide to adapting COIN strategy and tactics for local police departments is also provided This book aims to provide for neighborhood safety based on police legitimacy effective security and a whole of government effort to address local community problems

Police Unions and the Reform Movement Ron DeLord, Ron York, 2023-01-05 The authors have more than 100 years of collective experience in assisting police unions It all seemed so simple and formulaic A social movement that had been lingering for decades reached a tipping point and unions now had their greatest challenge ever The last 5 years have seen what unions would describe as apocalyptic demands for reforms Union leaders ranted about a war on the police the end of the profession and increasing hostility towards the police by the liberal media and politicians Unions must change the way they do business if they want to survive This book identifies the who what and why of the reform movement how to mount an effective political campaign the complexities of an effective message and the reasons police union leaders succeed and fail This book is divided into five primary parts each of which explores a police profession under attack from reform activists left leaning media politically correct chiefs and weak mayors and councils afraid to push back against unrealistic and overreaching demands for reforms Part I focuses on viewing reform as a social movement Part II examines the battle between unions and reform activists Part III unravels the mysterious world of police unions Part IV predicts the future of the reform movement and police unions in light of the struggle taking place nationwide and finally Part V are case studies perspectives and predictions from contributing authors who are on the front lines of the police labor movement in the U S and Australia By following the superb analysis and creative ideas in this book police union leaders police management law enforcement personnel criminal justice professors and policymakers will see a path to reaching an accord on reform and advancing the police profession

**The Police Manager** Egan K. Green, Ronald G. Lynch, Scott R. Lynch, 2024-01-22 The Police Manager provides a roadmap for the challenges that police administrators face in their day to day duties including considerations for dealing with subordinate officers and for interacting with the public Covering a wide range of topics from fiscal management to use of force policies this text prepares readers for the tasks that police managers are confronted with

Readers benefit by gaining a thorough understanding of the complexities involved in an occupation that creates demands from the public from public officials and from other police officers The book delivers information on these issues with chapters dedicated to leadership styles and planning for leadership loss as well civil liability considerations New material in this edition covers specific challenges for small and underexamined police agencies such as university police departments The Police Manager is an ideal textbook for college students hoping to work in police administration in the future and is useful for current police managers who know that their jobs require a constant influx of ideas for overcoming new challenges

*Supervising Police Employees in the Twenty-First Century* Gerald W. Garner, 2019 To carry out their wide array of vital duties supervisors require a whole toolbox of complex skills This handbook was created with the purpose of supplying or where already present strengthening those skills Assembled by a veteran police chief who served 15 years as a first line supervisor the book provides practical how to advice for confronting and mastering the multiple challenges of the first line supervisor s life Chances are you are already a good leader This handbook will make you better It contains the information you will need to succeed as decision maker tactician trainer counselor disciplinarian and officer safety expert It will help you accurately to evaluate your employees job performance serve as an integral part of the leadership team and lead your people to deliver exceptional customer service It will in sum serve as a true handbook for leadership success As you doubtlessly have figured out for yourself today s law enforcement employees are by no means identical in personality or work style to their predecessors of even a decade ago But they are good people with outstanding potential They along with their more senior colleagues are waiting for a great leader to bring out their best That leader should be you This handbook will equip today s capable first line leader to excel in his or her vital role of influencing the future of policing Surely nothing is more vital to an increasingly complex and too often troubled society

**Police Chief 101** Gerald W. Garner, 2010 Based on forty years of extensive experience the author draws on current knowledge to provide a thorough overview of the highs and lows of the job The book provides practical common sense advice for doing the multitude of jobs the chief faces with effectiveness and efficiency It furnishes sound advice intended to help the chief retain his physical emotional and ethical health while leading a professional law enforcement agency Chapter topics include advice on taking control of the police department and setting the agenda in place emphasizing the extreme importance of role modeling the behavior that the chief expects of his people the requirements for a productive relationship with the chief OCOs top staff exploring the multifaceted relationship a chief has with his employees guidelines for managing relations with the various factions that make up the community getting along with the boss discipline and the role of the chief in this vital process deciding on a course of action when things go wrong the death of a police officer officer involved shootings misconduct and a good working relationship with the media Each chapter concludes with OC Points to Remember OCO that will be beneficial to the new police chief in order to avoid previous mistakes and build on the body of knowledge that constitutes professional law enforcement leadership This resource will be invaluable

to all law enforcement professionals policymakers and police academics      *The Management of Police Specialized Tactical Units* Tomas C. Mijares, Ronald M. McCarthy, 2020-11-30 A major responsibility of the leadership of any specialized police unit is the awareness of endlessly changing societal legal and managerial developments that affect operations This third edition of *The Management of Police Specialized Tactical Units* represents a significant updating and expansion of each of the chapters from previous editions In addition to explaining the steps for developing and maintaining a realistic and effective response to increasingly violent levels of crime this edition discusses the social political and technological matters that must be continuously identified defined and resolved prior to the implementation of any substantive or procedural change in tactical policy and practice Legal and operational guidelines are provided to help tactical leaders to develop their leadership abilities and tactical success thereby enhancing the tactical unit s ability to safeguard the public The authors make extensive use of the latest court decisions to provide the legal bases for operations as well as recent case histories to illustrate the various aspects of organizational management These case histories do much more than summarize the sequence of events They also point out what was learned from the successes and failures alike Of particular interest is the new material on how the range of activities assigned to tactical units has expanded dramatically since September 11 2001 and how the law enforcement community has been forced to respond to its newest critics Emphasis is placed on how decision makers must not only be organizational managers and administrators but also on how they should possess a firm grasp of confrontation tactics and leadership principles      **FBI Law Enforcement Bulletin** ,1979      **FBI Law Enforcement Bulletin** United States. Federal Bureau of Investigation,1935
