Deception and Delay in Organized Conflict Rodrick Wallace, 2022-02-25 This book explores the role of deception delay and self deception in the dynamics of organized conflict taking a formal approach that hews closely to the asymptotic limit theorems of information and control theories The resulting probability models can with some effort and some confidence be converted to statistical tools for the analysis of real time observational and experimental data on institutionalized

confrontation across both traditional and emerging Clausewitz Landscapes **Cognitive Dynamics on Clausewitz Landscapes** Rodrick Wallace, 2019-08-20 This book applies cutting edge methods from cognitive and evolutionary theories to develop models of conflict between hierarchically structured cognitive entities under circumstances of imprecision uncertainty and stress Characterized as friction and the fog of war by the Prussian military theorist Carl von Clausewitz such conditions impair institutional cognition in real time conflict and pose a real and continuing threat to organizations such as the US military In a linked collection of formal essays and a mathematical appendix the book explores different aspects of cognitive and evolutionary process as conducted under the direction of doctrine that acts as a kind of genome for retention of what is learned through Lamarckian evolutionary selection pressures armies and corporate entities learn from conflict and incorporate that learning into their ongoing procedures The book proposes models and policy solutions for strategic competence A central feature of the book is a formal description of the famous OODA loop of the US military theorist John Boyd in terms of the Data Rate Theorem that links control and information theories That description is expanded to cover more fully the impact of stochastic fog of war effects on tactical and operational scales of conflict Subsequent chapters examine in more detail the role of doctrine and the particular effect of embedding culture on cognitive and Lamarckian evolutionary processes associated with conflict on tactical operational and strategic scales and levels of organization A scientifically sophisticated exercise in applied mathematics history evolutionary theory and ecosystem theory this book will be appropriate for researchers and students interested in defense security and international relations as well as non academic career professionals in government and industry Decision Analytics Applications in Industry P. K. Kapur, Gurinder Singh, Yury S. Klochkov, Uday Kumar, 2020-05-27 This book presents a range of qualitative and quantitative analyses in areas such as cybersecurity sustainability multivariate analysis customer satisfaction parametric programming software reliability growth modeling and blockchain technology to name but a few It also highlights integrated methods and practices in the areas of machine learning and genetic algorithms After discussing applications in supply chains and logistics cloud computing six sigma production management big data analysis satellite imaging game theory biometric systems quality and system performance the book examines the latest developments and breakthroughs in the field of science and technology and provides novel problem solving methods The themes discussed in the book link contributions by researchers and practitioners from different branches of engineering and management and hailing from around the globe These contributions provide scholars with a platform to derive maximum utility in the area of analytics by subscribing to the idea of managing business through system sciences operations and management Managers and decision makers can learn a great deal from the respective chapters which will help them devise their own business strategies and find real world solutions to complex industrial problems **Deception and Democracy in Classical Athens** Jon Hesk, 2000-11-23 This book first published in 2000 is a full length study of the representation of deceit and lies in classical Athens Dr Hesk traces the ways in which

Athenian drama democratic oratory and elite prose writing construct and theorize a relationship between dishonesty and civic identity He focuses on the ideology of military trickery notions of the noble lie and the developing associations of rhetorical language with deceptive communication Deception and Democracy in Classical Athens combines close analysis of Athenian texts with lively critiques of modern theorists and classical scholars Athenian democratic culture was crucially informed by a nuanced anxious and dynamic discourse on the problems and opportunities which deception presented for its citizenry Mobilizing comparisons with twentieth century democracies the author argues that Athenian literature made deception a fundamental concern for democratic citizenship This ancient discourse on lying highlights the dangers of modern resignation and postmodern complacency concerning the politics and morality of deception **Essays on Strategy and**

Public Health Rodrick Wallace,2022-04-01 This book is a collection of essays that explore commonalities and contrasts between strategy in armed conflict and strategy in public health The first part uses the asymptotic limit theorems of information and control theories to study strategy as an exchange of messages between adversaries in the context of underlying power relations The messages to be exchanged are constructed from an alphabet of tactics available to each contender in a large sense The second part of the book explores four case histories from this perspective ranging across agribusiness generated pandemics through tuberculosis and COVID 19 The final chapter attempts a strategic synthesis applicable more specifically to public health than to the remarkably and disturbingly close parallel of armed conflict Taking a unique approach to public health tactics and strategy this volume will be of interest to social epidemiologists public health economists public policy scientists as well as public health researchers and practitioners **Military Review** ,1999

Studies in Intelligence ,2018 **Creativity and Morality** Hansika Kapoor,James C. Kaufman,2022-10-27 Creativity and Morality summarizes and integrates research on creativity used to achieve bad or immoral ends The book includes the use of deception novel ideas to commit wrongdoings across contexts including in organizations the classroom and terrorism Morality is discussed from an individual perspective and relative to broader sociocultural norms that allow people to believe actions are justified Chapters explore this research from an interdisciplinary perspective including from psychology philosophy media studies aesthetics and ethics Summarizes research on creativity used for immoral purposes Identifies individual and sociocultural perspectives on morality Explores creativity in business education design and criminal behavior Includes research from psychology philosophy ethics and more **New Principles of War** Marvin Pokrant,2021-04 Influenced in part by the writings of Sun Tzu Carl von Clausewitz Henri Jomini and other strategists most major militaries have adopted principles of war that are widely promulgated Marvin Pokrant argues that these commonly accepted principles fail to reflect the ideas that led to them Looking at the fundamental and enduring concepts behind the original principles of war Pokrant presents nine new principles of war To illustrate his points Pokrant uses numerous examples drawn from military history including land sea and air warfare from ancient times to the present By analyzing and reforming the

principles of war Pokrant provides a modern relevant and useful way to guide decisions made in times of war **Strategic**

Warning Intelligence John A. Gentry, Joseph S. Gordon, 2019-03-01 John A Gentry and Joseph S Gordon update our understanding of strategic warning intelligence analysis for the twenty first century Strategic warning the process of long range analysis to alert senior leaders to trending threats and opportunities that require action is a critical intelligence function It also is frequently misunderstood and underappreciated Gentry and Gordon draw on both their practitioner and academic backgrounds to present a history of the strategic warning function in the US intelligence community In doing so they outline the capabilities of analytic methods explain why strategic warning analysis is so hard and discuss the special challenges strategic warning encounters from senior decision makers They also compare how strategic warning functions in other countries evaluate why the United States has in recent years emphasized current intelligence instead of strategic warning and recommend warning related structural and procedural improvements in the US intelligence community The authors examine historical case studies including postmortems of warning failures to provide examples of the analytic points they make Strategic Warning Intelligence will interest scholars and practitioners and will be an ideal teaching text for intermediate and advanced students

The Oxford Handbook of Expertise Paul Ward, Jan Maarten Schraagen, Julie Gore, Emilie M. Roth, 2020 The Oxford Handbook of Expertise provides a comprehensive picture of the field of Expertise Studies It offers both traditional and contemporary perspectives and importantly a multidiscipline multimethod view of the science and engineering research on expertise *Hitler's War in Africa 1941-1942* David Mitchelhill-Green, 2021-08-04 Adolf Hitler s war in Africa arose from the urgent need to reinforce the Italian dictator Benito Mussolini whose 1940 invasion of Egypt had been soundly beaten Of secondary importance to his ideological dream of conquering the Soviet Union Germany s F hrer rushed a small mechanised force into the unfamiliar North African theatre to stave off defeat and avert any political fallout This fresh account begins with the arrival of the largely unprepared German formations soon to be stricken by disease and heavily reliant upon captured materiel as they fought a bloody series of see sawing battles across the Western Desert David Mitchelhill Green has gathered a wealth of personal narratives from both sides as he follows the brash exploits of General Erwin Rommel intent on retaking Libya the Nile firmly in his sights Against this backdrop is the brutal human experience of war itself

Fighting Rommel Kaushik Roy, 2019-09-10 Fighting Rommel examines how and why some armies innovate under pressure while others do not Focusing on the learning culture of the British Imperial Forces it looks at the Allied campaign during the Second World War against the Afrika Korps of Rommel The volume highlights the hitherto unexplored yet key role of the British Indian Army the largest volunteer force in the world It also introduces learning culture as a heuristic device Further it goes on to analyze military innovation on the battlefield in victory and defeat A major intervention in the study of the Second World War this book will be indispensable to scholars and researchers of military history especially British and German battlefield history and defence and strategic studies **Routledge Handbook of**

Disinformation and National Security Rubén Arcos,Irena Chiru,Cristina Ivan,2023-11-17 This interdisciplinary Handbook provides an in depth analysis of the complex security phenomenon of disinformation and offers a toolkit to counter such tactics Disinformation used to propagate false inexact or out of context information is today a frequently used tool of political manipulation and information warfare both online and offline This Handbook evidences a historical thread of continuing practices and modus operandi in overt state propaganda and covert information operations Further it attempts to unveil current methods used by propaganda actors the inherent vulnerabilities they exploit in the fabric of democratic societies and last but not least to highlight current practices in countering disinformation and building resilient audiences The Handbook is divided into six thematic sections The first part provides a set of theoretical approaches to hostile influencing disinformation and covert information operations The second part looks at disinformation and propaganda in historical perspective offering case study analysis of disinformation and the third focuses on providing understanding of the contemporary challenges posed by disinformation and hostile influencing The fourth part examines information and communication practices used for countering disinformation and building resilience The fifth part analyses specific regional experiences in countering and deterring disinformation as well as international policy responses from transnational institutions and security practitioners Finally the sixth part offers a practical toolkit for practitioners to counter disinformation and hostile influencing This handbook will be of much interest to students of national security propaganda studies media and communications studies intelligence studies and International Relations in general

The U.S. Navy and the Rise of Great Power Competition James J. Wirtz,Jeffrey E. Kline,James A. Russell,2023-12-22 This volume describes how technological and geo political trends are rapidly transforming maritime affairs A mix of original and previously published material this volume describes how the 21st century great power competition is changing the face of naval operations in general and U S Navy operations in the Western Pacific in particular The rise of an assertive China and its new anti access and area denial capabilities threaten the aircraft carrier based maritime dominance of the U S Navy Military and political trends in the Western Pacific and beyond suggest that the world is encountering a pivotal moment when existing weapons tactics and operations might be rendered obsolete by techno strategic change This volume considers these developments from three perspectives by describing 1 the techno strategic setting 2 the institutional constraints that impede the ability of the U S Navy to respond to these changes and 3 a new approach to naval force planning and strategy to cope with these developments The volume culminates in a discussion of sophisticated strategies and operational concepts that position the U S Navy and its maritime allies and partners to prevail in today s techno strategic churn This book will be of much interest to students of naval policy strategic studies Asia Pacific politics and International Relations
