Gil, 2012-08-17 This is a story of Mexican family that arrived in America in the 1920s for the first time And so it is a tale of immigration settlement and cultural adjustment as well as generational progress Carlos B Gil one of the American sons born to this family places a magnifying glass on his ancestors who abandoned Mexico to arrive on the northern edge of Los Angeles California He narrates how his unprivileged relatives walked away from their homes in western Jalisco and northern Michoacán and traveled over several years to the U S border crossing it at Nogales Arizona and then finally settling into the barrio of the city of San Fernando Based on actual interviews the author recounts how his parents met married and started a family on the eve of the Great Depression With the aid of their testimonials the author s brothers and sisters help him tell of their growing up They call to memory their father s trials and tribulations as he tried to succeed in a new land laboring as a common citrus worker and how their mother helped shore him up as thousands of workers lost their jobs on account of the economic crash of 1929 Their story takes a look at how the

family survived the Depression and a tragic accident how they engaged in micro businesses as a survival tactic and how the Gil children gradually became American or Mexican American as they entered young adulthood beginning in the 1940s It also describes what life was like in their barrio The author also comments briefly on the advancement of the second and third Gil generations and in the Afterword likewise offers a wide ranging assessment of his family s experience including observations about the challenges facing other Latinos today

Remembering Conquest Omar Valerio-Jiménez, 2024-04-10 This book analyzes the ways collective memories of the US Mexico War have shaped Mexican Americans civil rights struggles over several generations As the first Latinx people incorporated into the nation Mexican Americans were offered US citizenship by the Treaty of Guadalupe Hidalgo which ended the war Because the 1790 Naturalization Act declared whites solely eligible for citizenship the treaty pronounced Mexican Americans to be legally white While their incorporation as citizens appeared as progress towards racial justice and

the electorate's diversification their second class citizenship demonstrated a retrenchment in racial progress Over several generations civil rights activists summoned conquest memories to link Mexican Americans poverty electoral disenfranchisement low educational attainment and health disparities to structural and institutional inequalities resulting from racial retrenchments Activists also recalled the treaty's citizenship guarantees to push for property rights protection from vigilante attacks and educational reform Omar Valerio Jimenez addresses the politics of memory by exploring how succeeding generations reinforced or modified earlier memories of conquest according to their contemporary social and political contexts The book also examines collective memories in the US and Mexico to illustrate transnational influences on Mexican Americans and to demonstrate how community and national memories can be used strategically to advance political agendas
