Performance in the Zócalo Ana Martínez, 2020-10-01 For more than five centuries the Plaza Mayor or Zócalo in Mexico City has been the site of performances for a public spectatorship During the

period of colonial rule performances designed to ensure loyalty to the Spanish monarchy were staged there but over time these displays gave way to staged demonstrations of resistance Today the Z calo is a site for both official government sponsored celebrations and performances that challenge the state Performance in the Z calo examines the ways that this city square has achieved symbolic significance over the centuries and how national ethnic and racial identity has been performed there A saying in Mexico City is *quien domina el centro domina el pa s* whoever dominates the center dominates the country as the Z calo continues to act as the performative embodiment of Mexican society This book highlights how particular performances build upon each other by recycling past architectures and performative practices for new purposes Ana Mart nez discusses the singular role of collective memory in creating meaning through space and landmarks providing a new perspective and further insight into the problem of Mexico s relationship with its own past Rather than merely describe the commemorations she traces the relationship between space and the invention of a Mexican imaginary She also explores how indigenous communities Mexico s alienated subalterns performed as exploited objects exotic characters and subjects with agency The book s dual purposes are to examine the Z calo as Mexico s central site of performance and to unmask without homogenizing the official discourse regarding Mexico s natives This book will be of interest for students and scholars in theater studies Mexican Studies Cultural Geography Latinx and Latin American Studies

Violence, Conflict and Discourse in Mexican Cinema (2002-2015) Miriam Haddu, 2022-01-26 The last two decades have seen dramatic changes to Mexico s socio political landscape A former president fleeing into exile political assassinations a rebellion in Chiapas and the eruption of the so called war on drugs provide key examples of critical events shaping the nation This book examines Mexican cinema s representations of and responses to these socio political moments Beginning with the definitive year 1994 which saw the Ej rcito Zapatista de Liberaci n Nacional EZLN declare war on the Mexican government the early chapters in this book discuss the outcome of these episodes in subsequent years and how they find screen representation The study then moves on to provide close readings of key filmic texts as reflections of the so called narco war and its effects on Mexican society Focusing on both fiction and documentary filmmaking this book explores notions of violence victimhood and the complex processing of grief in the context of enforced disappearances and the narco conflict In addition to examining films made in Mexico this investigation incorporates the work of three of the nation s most celebrated transnational directors Guillermo del Toro Alejandro Gonz lez I rritu and Alfonso Cuar n By examining their work on European soil as a comparative exercise the analyses offer an understanding of the imprints left by warfare and trauma upon the collective and individual psyche seen from a universal viewpoint Using rigorous theoretical frameworks and succinct filmic analyses this book will be essential reading for those interested in Mexican and Latin American film as well as those working in the fields of Cultural Screen and Trauma Studies

The Grammar of Civil War Will. Fowler, 2022-07 Unlike wars between nations wherein the population generally comes together to defend its borders and is united by a common national goal civil wars tear countries apart divide families and turn neighbors against each other Civil wars are a form of self harm in which a country s people seek redemption through self destruction punishing or severing those parts that are seen to have made the nation ill And yet civil wars with their characteristically appalling

violence remain chillingly common defying the notion that they are somehow an aberration In *The Grammar of Civil War* Will Fowler examines the origin process and outcome of civil war Using the Mexican Civil War of 1857-61 or the War of the Reform the political and military conflict that erupted between the competing liberal and conservative visions of Mexico's future Fowler seeks to understand how civil wars come about and when they do how they unfold and why By outlining the grammatical principles that underpin a new framework for the study of civil war Fowler stresses what is essential for one to take place and explains how once it has erupted it can be expected to develop and end according to the syntax morphology and meanings that characterize and help understand the grammar of civil war generally *La seguridad nacional de México*

el año 2737 a.C. el emperador de China Shen Nung describió el uso médico de la marihuana en el tratamiento de la malaria y el reumatismo. El consumo de marihuana también se conoció en la antigua India y en la península Arábiga. De hecho, en el libro sagrado Zend Avesta escrito por el profeta persa Zoroastro o Zaratustra, como se le conoce en español, aparece una lista de más de 10 000 plantas medicinales y entre ellas se nombra la marihuana como uno de los mejores remedios. Después la marihuana del indio malihua fue traída al Nuevo Mundo por los españoles aproximadamente en 1545 y su uso se propagó como medicina y alucinógeno en el resto de América Latina y en Estados Unidos.

Historia de la muerte en México Carlos Manuel Cruz Meza, 2024-10-16. A diferencia de otros países en México la muerte no es un concepto incómodo sino una amiga entrañable. Esta obra intenta además de establecer la relación del mexicano con el final de la existencia, contar historias sobre la manera en que los difuntos forman parte de esta cultura. Aquí protagonizan además de la muerte los muertos. Los mexicanos conviven todo el tiempo con los cadáveres: les toman fotografías, los visten, se los comen, los desentierran, los exhiben en museos destinados a ese fin, los convierten en juguetes, los conservan e incluso los criminales envían mensajes utilizando restos humanos y llegando a hacer verdaderas instalaciones cadavéricas. A caballo entre la investigación histórica, la biografía, el ensayo y la crónica, este libro pretende demostrar un hecho fundamental: ayer, hoy y mañana los muertos en México están más vivos que nunca.

La segunda alternancia Marcos Bucio, 2019-06-13. Parece que Marcos Bucio está empeñado en ser un cronista de las elecciones presidenciales: este libro es el tercero de la serie que inicia con *Dos visiones para el triunfo* continúa con *Suma de restas* y ahora con *La segunda alternancia* finaliza una trilogía de textos sobre las campañas presidenciales. En esta obra analiza detalladamente no dos sino tres estrategias: la del ganador Enrique Peña Nieto, la de López Obrador que por segunda vez es estudiado contrastando los cambios que muestra en seis años y la de Josefina Vázquez Mota que siendo la primera mujer candidata de un partido competitivo y representar el partido en el poder no supo consolidar una estrategia ganadora. La lectura de este material es la forma en que un buen investigador se acerca a lo que realmente ocurrió en 2012 y que dio lugar en México a la segunda alternancia.

Narcotráfico a ocho columnas. Historia de la narrativa periodística sobre el narco en México Rodrigo Marcial Jiménez, 2024-01-30. El objetivo principal de la investigación fue documentar los problemas políticos y sociales generados por la guerra contra las drogas en México que consignó la prensa nacional al final del siglo XX. Se aborda el periodo de gobierno del presidente Ronald Reagan y las políticas intervencionistas impulsadas por Estados Unidos en América Latina en la década de los ochenta. Además se describen varios episodios delincuenciales cronicados en los medios periodísticos de la época en los que participaron distintos miembros del cartel de Guadalajara y agentes de la agencia antidrogas norteamericana DEA. Los casos en concreto que se exponen en este trabajo son el caso Camarena, el caso Iváñez Machain y el caso Posadas Ocampo. Los mismos fueron descritos por la prensa mexicana de la época que construyó diferentes discursos y narrativas que a la postre dieron paso a la aparición de los periodistas y el género especializado en el narcotráfico.

En la niebla de la guerra Andreas Schedler, 2015-09-01 Imaginemos que México estuviera gobernado por una dictadura que haya asesinado a cien mil personas en los últimos tres lustros Por un régimen que torturara secuestrara y extorsionara de manera sistemática Que exhibiera a sus víctimas en plazas públicas los colgara de puentes y los abandonara desnudos y mutilados Sería un horror una herida abierta un escándalo intolerable para todos los ciudadanos decentes Afortunadamente no es el caso y México es una democracia Desafortunadamente los hechos de violencia son reales No son producto de un gobierno dictatorial sino de una guerra civil económica que comúnmente describimos como la narcoviencia

Más que plata o plomo Gustavo Duncan, 2015-02-01 Una lectura clave para entender los alcances del poder del narcotráfico Esta aproximación a las implicaciones políticas de la guerra contra el narcotráfico sugiere una historia más compleja que la de una simple disputa del estado contra violentas organizaciones criminales con alta capacidad de corrupción Es en realidad la historia por un lado de cómo sectores subordinados en la sociedad aprovechan la disponibilidad de coerción y capital para organizar un proceso de acumulación de poder y riqueza y por otro lado de cómo alrededor de este proceso las sociedades periféricas son de manera espontánea y sin ningún plan preconcebido incluidas dentro de la economía y la política nacional Es también la historia de cómo el estado es forzado a compartir y en ocasiones delegar el ejercicio de la coerción para satisfacer demandas sociales Y recurrentemente es la historia de los desencuentros entre el estado y las organizaciones criminales por imponer sus instituciones a lo largo de la geografía nacional con las

consiguientes explosiones de violencia que desbordan los actores directamente comprometidos en el enfrentamiento e involucran a poblaciones que en apariencia nada tienen que ver con la guerra contra las drogas Gustavo Duncan Proceso, 2013 *Siempre!*, 2013 **Cartografías críticas y enseñanza literaria** Quevedo Alvarado, María Piedad, 2019-11-30 En este libro se lleva a cabo un homenaje a la trayectoria vital y académica de Cristo Figueroa quien a lo largo de su carrera en el campo de los Estudios Literarios se ha destacado como profesor crítico te rico de la literatura cartógrafo y lector agudo y sensible A través de los trabajos aquí reunidos escritos por colegas y exestudiantes suyos se hace evidente que el trabajo de Cristo Figueroa no solo nos habla sobre problemas literarios o textos periodos o autores sino sobre la constitución de una personalidad intelectual la confluencia de centros afectos y experiencias de vida la sensibilidad crítica la pasión por leer y escribir
