Parcc Grade 4 Mathematics
PARCC Assessments Test Prep Team, Origins Publications, 2018-01-27

The objective of our Grade 4 Mathematics PARCC Test Prep Book is to provide students, educators, and parents with practice materials focused on the core skills needed to help students succeed on the fourth grade Math PARCC Assessment in 2017-18. A student will fare better on a test when s/he has practiced and mastered the skills measured by the assessment. A student also excels when s/he is familiar with the format and structure of the test. This book helps students do both. Students can use this math practice workbook to review key material and practice with standard-tethered skill-building exercises. They can also take math practice tests that reflect the rigor and format of the PARCC tests for 4th graders. Students will become accustomed to how test content is presented, which will enhance their test-taking skills. By exam day, students will feel confident and prepared to do their best on this challenging mathematics assessment.

CCSS Test Preparation Common Core Workbook For State Test

In many states, including Colorado, District of Columbia, Illinois, Maryland, New Jersey, New Mexico, and Rhode Island, students are required to take the Grade 4 PARCC mathematics test. The assessment determines if students have mastered Common Core mathematics standards and makes sure that they are getting ready for fifth grade. Preparation for these state assessments is essential. This book includes questions that mimic the format and content on the assessment so students can excel on exam day, including math problems for 4th grade arithmetic, geometry, algebra, and measurement.

What You Get When You Purchase this PARCC Test Prep grade 4 Math Book

Skill-building exercises organized by Common Core standard to help students learn, review, and concepts in the order that they will be presented in the classroom. These worksheets also help identify weaknesses that need to be addressed to excel on the exam. We include a variety of question types to help build skills in answering questions in multiple formats so students don't get tripped up by unfamiliar questions on test day.

Two Math PARCC Practice Tests

Our math practice tests are based on the official PARCC assessments. They contain the 3 major task types: I, II, and III, and include the major PARCC question types, e.g., Multiple Choice, Constructed Response, Multi-select, Equation Editor, Matching, Item Table, Item, etc. The practice tests include the same rigorous content found on the real PARCC math tests.

Practice with Technology Enhanced Items (TEIs) in a paper-based format. By using this workbook, students can get used to the test's item types and response formats. This fourth grade math workbook with answer keys contains detailed explanations to help students not make the same mistake twice. If a student is having difficulty in one area, encourage the student to practice that specific set of skills in the relevant worksheet.

Test prep tips so students approach the test strategically with confidence.
