Revolutionary Love Michael Lerner, 2019-10-15 From social theorist and psychotherapist Rabbi Michael Lerner comes a strategy for a new socialism built on love kindness and compassion for one another Revolutionary Love proposes a method to replace what Lerner terms the capitalist globalization of selfishness with a globalization of generosity prophetic empathy and environmental sanity Lerner challenges liberal and progressive forces to move beyond often weak kneed and visionless politics to build instead a movement that can reverse the environmental destructiveness and social injustice caused by the relentless pursuit of economic growth and profits Revisiting

the hidden injuries of class Lerner shows that much of the suffering in our society including most of its addictions and the growing embrace of right wing nationalism and reactionary versions of fundamentalism is driven by frustrated needs for community love respect and connection to a higher purpose in life Yet these needs are too often missing from liberal discourse No matter that progressive programs are smartly constructed they cannot be achieved unless they speak to the heart and address the pain so many people experience Liberals and progressives need coherent alternatives to capitalism but previous visions of socialism do not address the yearning for anything beyond material benefits Inspired by Herbert Marcuse Erich Fromm and Carol Gilligan Revolutionary Love offers a strategy to create the Caring Society Lerner details how a civilization infused with love could put an end to global poverty homelessness and hunger while democratizing the economy shifting to a twenty eight hour work week and saving the life support system of Earth He asks that we develop the courage to stop listening to those who tell us that fundamental social transformation is unrealistic
