Helping a Friend with an Alcohol Problem Jennifer Landau, 2016-12-15 A 2014 survey by the Substance Abuse and Mental Health Services Administration showed that 8.7 million youths ages twelve to twenty reported drinking alcohol beyond just a few sips in the previous month. Those who start drinking before age fifteen are five times more likely to become dependent on alcohol than those who begin at twenty-one. This resource shows young people how to help a friend who is abusing alcohol. It arms them with facts about alcohol, how it affects the teen mind and body, how to look for signs of a problem, and how to bring others on board to help. *Communication and Teamwork* Hali R. Keeler, Marie Keen Shaw, 2018-09-07 Support staff in all types of libraries must work together in a variety of situations. This is both a textbook and on the job manual covering the skills and behaviors necessary for effective teamwork and communication. Trained library support staff should know the basic concepts of interpersonal relations, customer service, teamwork, and communication. The range and diversity of staff in today's library requires that support staff understand and implement these basic principles. The chapters of this book are carefully and purposefully aligned with the new American Library Association Library Support Staff Certification LSSC competency standards for Communication and Teamwork. Each chapter begins with the LSSC Competencies that are to be addressed, a help to instructors who use this book as a teaching text. This is followed by a list of topics that will be covered, as well as a glossary of key terms. Chapters are then broken into easily readable sections that relate back to the key terms. No other book is available that uses the ALA LSSC standards as the focus for teaching through practical examples how library support staff can effectively use them on the job. Other books on this topic are written at a level that is aimed for professional librarians and not support staff. However, 85% of library support staff do not hold professional degrees. Written in clear language, this book will help library support staff become effective public service personnel. **Teens Guide to College & Career Planning** Peterson's, 2008-03-11 Handbook for high school students offering advice on college planning and career exploration.
