Preaching Prevention Lydia Boyd, 2015-10-29 Preaching Prevention examines the controversial U S President s Emergency Plan for AIDS Relief PEPFAR initiative to abstain and be faithful as a primary prevention strategy in Africa This ethnography of the born again Christians who led the new anti AIDS push in Uganda provides insight into both what it means for foreign governments to export approaches to care and treatment and the ways communities respond to and repurpose such projects By examining born again Christians support of Uganda s controversial 2009 Anti Homosexuality Bill the book s final chapter explores the enduring tensions surrounding the message of personal accountability heralded by U S policy makers Preaching Prevention is the first to examine the cultural reception of PEPFAR in Africa Lydia Boyd asks What are the consequences when individual responsibility and autonomy are valorized in public health initiatives and those values are at odds with the existing cultural context Her book investigates the cultures of the U S and Ugandan evangelical communities and how the flow of U S directed monies influenced Ugandan discourses about sexuality and personal agency It is a pioneering examination of a global health policy whose legacies are still unfolding

The Essentials of Suicide

Prevention Karen Mason, 2023-01-24 Suicide is a growing tragedy in the US and in the church We can stop the climbing numbers of suicide deaths but it is going to take everyone working together including the church Without the church suicidal people may not hear the life affirming messages they need to hear Without an informed church people who have lost loved ones to suicide may leave the church Too often the church watches from the sidelines not knowing what to do Why is it that the wider secular culture is more engaged in suicide prevention than God s people especially given that Christians care deeply about the sanctity of life The apostle Paul modeled suicide prevention for the church when he stopped the suicide of the Philippian jailer But pastors and congregants may not know how to follow his example The result is that people who struggle with suicide or who have lost loved ones to suicide wonder if the Bible or their church have anything relevant to say about suicide This book will provide the resources needed to help prevent suicide in a church even when a church does not want to start one more program

Positive Psychology in Christian Perspective Charles Hackney, 2021-03-16 Positive psychology is about fostering strength and living well about how to do a good job at being human Charles Hackney connects this still new movement to foundational concepts in philosophy and Christian theology He then explores topics such as subjective states cognitive processes and the roles of personality relationships and environment

Imagining Persecution

Jason Bruner, 2021-03-12 Many American Christians have come to understand their relationship to other Christian denominations and traditions through the lens of religious persecution This book provides a historical account of these developments showing the global theological and political changes that made it possible for contemporary Christians to claim that there is a global war on Christians This book however does not advocate on behalf of particular repressed Christian communities nor does it argue for the genuineness or lack thereof of certain Christians claims of persecution Instead this

book is the first to examine the idea that there is a global war on Christians and its analytical implications It does so by giving a concise history of the categories like martyrs evidence statistics and metrics and theologies that have come together to produce a global Christian imagination premised upon the notion of shared suffering for one s faith The purpose in doing so is not to deny certain instances of suffering or death rather it is to reflect upon the consequences for thinking about religious violence and Christianity worldwide using terms such as a global war on Christians
