**Doctrine of Revelation** A.W Pink,Rev Terry Kulakowski, Editor,2015-11-30 What we propose doing in this book namely to make a serious attempt to assist some of those who have inhaled the poisonous fumes of infidelity and been left in a state of mental indecision concerning sacred things Our principal object will be to set forth some of the numerous indications that the Bible is something far superior to any human production and give some of the rules which require to be heeded if the Scriptures are to be properly interpreted and though their scope will go beyond the general title of Divine revelation yet they will complement and complete the earlier ones

The Fire That Consumes Edward William Fudge,2012-10-25 While

carefully examining the complete teaching of Scripture on the subject of Final Punishment Fudge defends the view that the destiny of the unsaved will be final destruction rather than eternal conscious torment in hell as defended by the traditional view The 3rd edition of this meticulous and compelling book takes a close look at the traditionalist critics and brings an overview of developments in the last thirty years

**Consuming Glory** Gannon Murphy,2006-09-22 In the late 1990s Open Theism took the theological world by storm Advocated by several prominent theologians among them Clark H Pinnock the

view argues that human beings cannot have a genuine relationship with God if God possesses what classical theology has affirmed to be exhaustive foreknowledge of future events Such foreknowledge open theists claim would make human freedom and salvation itself meaningless and divine power akin to little more than meaningless cosmic puppeteering While

several works have taken the important step of addressing open theisms scriptural deficiencies in its denial of Gods foreknowledge none have dealt with the vital issue of divine human relationality and how it can be understood in a classical orthodox framework that maintains such foreknowledge Consuming Glory remedies that lack by first providing a fresh critique of open theism using Clark Pinnock s version of it as representative but then offering a reconstruction of divine

human relationality centered on the Biblical principle of Christus in nobis Christ in us Christus in nobis is coupled with an outworking of meticulous divine providence that serves Gods own self glorifying orientation It reverses the relational ordering advocated in open theism by grounding human love of God theologically rather than anthropologically Love of God and divine human relationality is established precisely because it is Gods own self love that is providentially given to us and thus reciprocated as believers are brought into adoptive communion with the Triune Godhead Drawing on diverse resources throughout the corpus of historical theology Murphy concludes that divine human relationality can be summarized as God

delighting in himself in us

**Atonement** Chris Woodall,2015-01-27 Theologians are constantly accused of only speaking in theories positing arguments to be considered by the mind with little bearing on the practicalities of life This view is both

blinkered and generally unjust but it is also the case that some fit that description without perhaps realizing it Chris Woodall argues that doctrine is not only a compelling tool but also a critical one without which we would struggle to understand God s purpose or our place in it The atonement is not a subject that lends itself easily to being considered from a merely

philosophical perspective After all how could you possibly present the atonement as being necessary real and beneficial without that presentation impinging on its practical application In this book Woodall seeks to treat the subject matter as a valid hermeneutic by which our understanding of the whole of Scripture may be greatly enhanced Thus the concept of the atonement must be seen as both a continuous thread in the Bible and a key to unlocking some of its secrets

**Programmed by God or Free to Choose?** Dudley Ward,2008-07-01 Are we in fact more than just inert clay in the divine Potter s hands This book seeks to prove conclusively from Scripture that mankind s freedom to seek God was not retracted at the fall and that all humanity s sins were borne on the cross by the Lord Jesus Christ The five points of Calvinism under scrutiny often known by their acronym TULIP are a resume of doctrines formulated at the Council of Dort in 1619 This council maintained that the fall of Adam resulted in the inability of man to seek or even to desire to seek God The Council of Dort declared that only those who have received prior regenerating grace are in fact capable of seeking Him As you read this book you will see that God has sovereignly decided to preserve genuine human freedom of choice and that this brings Him glory and delight You will also see that predestination is not about who is destined to become a Christian but about whom a Christian is destined to become     *Trinitarian Spirituality* Brian K. Kay,2008-02-01 This work examines the problem of how to connect the historic doctrine of the Trinity to Christian devotional practice Two criteria for a successful Trinitarian spirituality are proposed that of drawing significantly from nuances of the classic formulations of the doctrine and dealing with the mode of original Trinitarian self disclosure that is the unfolding biblical doctrine of the *historia salutis* Various historical attempts at articulating a method are examined with special emphasis given to the Puritan John Owen

**Her Gates Will Never Be Shut** Brad Jersak,2010-01-01 Everlasting hell and divine judgment a lake of fire and brimstone these mainstays of evangelical tradition have come under fire once again in recent decades Would the God of love revealed by Jesus really consign the vast majority of humankind to a destiny of eternal conscious torment Is divine mercy bound by the demands of justice How can anyone presume to know who is saved from the flames and who is not Reacting to presumptions in like manner others write off the fiery images of final judgment altogether If there is a God who loves us then surely all are welcome into the heavenly kingdom regardless of their beliefs or behaviors in this life Yet given the sheer volume of threat rhetoric in the Scriptures and the wickedness manifest in human history the pop universalism of our day sounds more like denial than hope Mercy triumphs over judgment it does not skirt it Her Gates Will Never Be Shut endeavors to reconsider what the Bible and the Church have actually said about hell and hope noting a breadth of real possibilities that undermines every presumption The polyphony of perspectives on hell and hope offered by the prophets apostles and Jesus humble our obsessive need to harmonize every text into a neat theological system But they open the door to the eternal hope found in Revelation 21 22 the City whose gates will never be shut where the Spirit and Bride perpetually invite the thirsty who are outside the city to Come drink of the waters of life     **AB Bookman's Weekly** ,1997     *Paperbound Books in Print* ,1992
