Isolationism Charles A. Kupchan, 2020-09-01 The first book to tell the full story of American isolationism from the founding era through the Trump presidency In his Farewell Address of 1796 President George Washington admonished the young nation to steer clear of permanent alliances with any portion of the foreign world Isolationism thereafter became one of the most influential political trends in American history From the founding era until the Japanese attack on Pearl Harbor the United States shunned strategic commitments abroad making only brief detours during the Spanish American War and World War I Amid World War II and the Cold War Americans abandoned isolationism they tried to run the world rather than run away from it But isolationism is making a comeback as Americans tire of foreign entanglement In this definitive and magisterial analysis the first book to tell the fascinating story of isolationism across the arc of American history Charles Kupchan explores the enduring connection between the isolationist impulse and the American experience He also refurbishes isolationism's reputation arguing that it constituted dangerous delusion during the 1930s but afforded the nation clear strategic advantages during its ascent Kupchan traces isolationism's staying power to the ideology of American exceptionalism Strategic detachment from the outside world was to protect the nation's unique experiment in liberty which America would then share with others through the power of example Since 1941 the United States has taken a much more interventionist approach to changing the world But it has overreached prompting Americans to rediscover the allure of nonentanglement and an America First foreign policy The United States is hardly destined to return to isolationism yet a strategic pullback is inevitable Americans now need to find the middle ground between doing too much and doing too little

The Illimitable Freedom of the Human Mind Andrew J. O'Shaughnessy, 2021-09-28 Already renowned as a statesman Thomas Jefferson in his retirement from government turned his attention to the founding of an institution of higher learning Never merely a patron the former president oversaw every aspect of the creation of what would become the University of Virginia Along with the Declaration of Independence and the Virginia Statute for Religious Freedom he regarded it as one of the three greatest achievements in his life Nonetheless historians often treat this period as an epilogue to Jefferson's career In *The Illimitable Freedom of the Human Mind* Andrew O'Shaughnessy offers a twin biography of Jefferson in retirement and of the University of Virginia in its earliest years He reveals how Jefferson's vision anticipated the modern university and profoundly influenced the development of American higher education The University of Virginia was the most visible apex of what was a much broader educational vision that distinguishes Jefferson as one of the earliest advocates of a public

education system Just as Jefferson's proclamation that all men are created equal was tainted by the ongoing institution of slavery however so was his university O Shaughnessy addresses this tragic conflict in Jefferson's conception of the university and society showing how Jefferson's loftier aspirations for the university were not fully realized Nevertheless his remarkable vision in founding the university remains vital to any consideration of the role of education in the success of the democratic experiment

Cornel West, 2002-01-01 In this his premiere work Cornel West provides readers with a new understanding of the African American experience based largely on his own political and cultural perspectives borne out of his own life's experiences He challenges African Americans to consider the incorporation of Marxism into their theological perspectives thereby adopting the mindset that it is class more so than race that renders one powerless in America Armed with a new introduction by the author this Twentieth Anniversary Edition of *Prophesy Deliverance* is a must have

Franklin D. Roosevelt and the Third American Revolution Mario R. DiNunzio, 2011-04-07 This book argues that Franklin D Roosevelt's work of which the New Deal was a prime example was rooted in a definitive political ideology tied to the ideals of the Progressive movement and the social gospel of the late 19th century Roosevelt's New Deal resulted in such dramatic changes within the United States that it merits the label revolutionary and ranks with the work of Washington and Lincoln in its influence on the American nation The New Deal was not simply the response to a severe economic crisis it was also an expression of FDR's well developed political ideology stemming from his religious ideas and his experience in the Progressive movement of Theodore Roosevelt and Woodrow Wilson *Franklin D Roosevelt and the Third American Revolution* describes the unfolding of his New Deal response to the crisis of the Depression and chronicles the bitter conservative opposition that resisted every step in the Roosevelt revolution The author's analysis of Roosevelt's political thought is supported by FDR's own words contained in the key documents and

various speeches of his political career This book also documents FDR's recognition of the dangers to democracy from unresponsive government and identifies his specific motivations to provide for the general welfare *Success Magazine*, 1908 *Scribner's Magazine*, 1895 *Scribner's Magazine* Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1894 **Imaginary Futures** Richard Barbrook, 2007-04-20 This book is a history of the future It shows how our contemporary understanding of the Internet is shaped by visions of the future that were put together in the 1950s and 1960s At the height of the Cold War the Americans invented the only working model of communism in human history the Internet Yet for all of its libertarian potential the goal of this hi tech project was geopolitical dominance the ownership of time was control over the destiny of humanity The potentially subversive theory of cybernetics was transformed into the military friendly project of artificial intelligence Capitalist growth became the fastest route to the information society The rest of the world was expected to follow America's path into the networked future Today we're still being told that the Internet is creating the information society and that America today is everywhere else tomorrow Thankfully at the beginning of the twenty first century the DIY ethic of the Internet shows that people can resist these authoritarian prophecies by shaping information technologies in their own interest Ultimately if we don't want the future to be what it used to be we must invent our own improved and truly revolutionary future **Abraham Lincoln Campaign Newspapers 1860 - 1864**, 518 pages of Abraham Lincoln campaign newspapers from the elections of 1860 and 1864 Many newspapers at the time took specific and clearly partisan positions which were often reflected in the names of the newspaper The newspapers in this collection go beyond just a partisan political bias These newspapers were created and existed only to get Abraham Lincoln elected or re-elected President then ceased publication after the election Election 1860 In 1860 there were three mainstream political parties in the United States Republican Democratic and the new Constitutional Union party The Democratic Party split into two over the issue of slavery making 1860 a four way race In 1860 Abraham Lincoln was the least known of all candidates seeking the nomination of the Republican Party Best known and leading the Republican pack was United States Senator former governor of New York and future United States Secretary of State William H Seward Second was Ohio governor and future United States Secretary of the Treasury Salmon P Chase Third was Missouri lawyer politician and future United States Attorney General Edward Bates Fourth was Horace Greeley founder and editor The New York Tribune former member of the U S House of Representatives from New York's 6th district and in 1872 the founder of the Liberal Republican Party Fifth was Illinois lawyer and former member of the U S House of Representatives from Illinois 7th district 1847-1849 Abraham Lincoln A former Whig party member Lincoln became engaged in Illinois state Republican Party politics in 1854 At the 1856 Republican National Convention the nominating process for the Vice President spot on the party's ticket ended with Lincoln coming in second place In 1858 Lincoln sought to replace the incumbent Democrat United States Senator from Illinois Stephen A Douglas The two clashed during a series of seven debates In 1858 United States

senators were elected by their state legislatures Democrats won a slight majority of seats in the Illinois General Assembly in 1858 The legislature then re elected Douglas Despite his loss due to internal party politics Lincoln gained popular publicity from his performance during the Lincoln Douglas debates which allowed him to enter the pack of Republican candidates in 1860 One by one the Republican candidates fell away The consensus was that Greeley was too unpredictable Bates was too old and Chase did not possess political skills Lincoln won out over Seward Seward s outspokenness on the spread of slavery made many believe that was he too radical on the issue Lincoln was seen as a moderate when came to slavery also it was hoped that since he was from Illinois that he would appeal to voters in the west The Democratic Party split into two during its national convention in Charleston South Carolina in April 1860 The leading Democratic candidate was Illinois Senator Stephen Douglas Douglas advocated popular sovereignty where the majority within a state would decide if slavery was to exist in that state This angered most Southern Democrats who wanted the right to hold slaves guaranteed in the western territories and future states Delegates from eight southern states withdrew from the convention and nominated their own candidate Vice President of the United States John C Breckinridge A group of conservative former Whigs along with Know Nothing party members and some Southern Democrats who were against succession joined to form the Constitutional Union Party In their platform they strongly spoke out against disunion and avoided the issue of slavery They nominated former United States Senator from Tennessee John Bell On Election Day Tuesday November 6 1860 Republican Lincoln received 39 9 percent of the popular vote Northern Democrat Douglas 29 5 percent Southern Democrat Breckinridge 18 1 percent and Constitutional Unionist Bell 12 5 percent In the Electoral College Lincoln received 180 electoral votes Breckinridge won 72 of the 303 total available electoral votes Election 1860 Newspaper The Freeport Wide Awake 52 pages of the Freeport Wide Awake constituting 13 issues dating from August 18 1860 to November 17 1860 This weekly campaign newspaper was published between the time of the Chicago Convention and after the election in November it supported Abraham Lincoln and Republican candidates The newspaper s slogan was No slumber till the battle is won Three other newspapers were published in 1860 with Wide Awake in their title in Providence De Witt Iowa and Akron Only one copy of any of the issues of these other Wide Awake newspapers is known to still be in existence In the 1850 s the Republican Party organized marching clubs made up of young men across the United States In 1860 a number of Wide Awake Clubs were organized to support Abraham Lincoln The Wide Awakes adopted a paramilitary style Members wore black glazed hats oil cloth capes to protect themselves from flames and carried six foot long torches with a whale oil canister at its top Wide Awakes held rallies where they marched with their torches lit singing political campaign songs and reciting campaign slogans Also included in this collection is a four page circular produced by the Albany New York Republican Wide Awake Club regarding the uniform and the organization of the club Election 1860 Serial Tract Lincoln and Liberty 38 pages of the tract Lincoln and Liberty constituting 10 issues dating from June 19th 1860 to October 2 1860 This serial was published by the Young Men s Republican Union of
