This fully indexed copyedited volume provides a rich source for the latest evidence based research and lessons from practice in a range of information science fields The contributors are leaders in the library publishing and vendor communities **Social E-Enterprise: Value** Creation through ICT Torres-Coronas, Teresa, Vidal-Blasco, María Arántzazu, 2012-12-31 As the importance of the social sector has increased in recent years utilizing social enterprise aids in the development of knowledge research and practices in order to achieve an organizations goals Therefore an understanding of ICT implementation in regards to social enterprise is crucial for effectiveness Social E Enterprise Value Creation through ICT provides research on the understanding of ICT in the social enterprise field as it emerges as a major component of both business model and developed economy This reference source focuses on the role of information communication technology as it promotes the development of the social sector Knowledge Partnering for Community Development Robyn Eversole, 2014-10-17 Effective community development means

that many different stakeholders have to work together governments development organizations and NGOs and most importantly the people they serve Knowledge Partnering for Community Development teaches community development professionals how to mediate community needs and development agendas to make community based solutions for development challenges Based on the newest research in community and global development Eversole shows readers a strong research and theoretically based framework for understanding local development processes and gives them the skills to turn this into cutting edge practice Each chapter features global case studies of innovative community state partnerships and practical application exercises and strategies for professionals looking to bring new approaches to their research Knowledge Partnering for Community Development is essential for community workers and students of community development looking to bridge the gap between research insight and best practice between community actors

Economics: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2015-06-30 Organizations governments and corporations are all concerned with distributing their goods and services to those who need them most consequently benefiting in the process Only by carefully considering the interrelated nature of social systems can organizations achieve the success they strive for Economics Concepts Methodolgies Tools and Applications explores the interactions between market agents and their impact on global prosperity Incorporating both theoretical background and advanced concepts in the discipline this multi volume reference is intended for policymakers economists business leaders governmental and non governmental organizations and students of economic theory **Sector Performance** Richard Greatbanks, 2016-02-17 Global financial crisis and colossal sovereign debt has resulted in the need for radical cuts in public expenditure in many countries Against this background the contributions in Third Sector Performance acknowledge that as a result more imaginative ways of delivering public services are being sought In countries like the UK the new concept of The Big Society envisages third sector or not for profit or charitable organizations and social enterprises stepping in to mitigate the loss of vital public services. This development also gives rise to the likelihood that third sector financial institutions such as credit unions and a possible Big Society Bank will grow in importance The performance of all these enterprises looks set to become a much more critical issue than it has been in the past The editors have gathered in this volume chapters reflecting the fact that third sector organizations are not the same as conventional businesses and are also subtly different from the public sector There is currently a dearth of knowledge and a lack of research into issues around performance in the Third Sector or Civil Society This book begins to fill a void in the knowledge base The internationally sourced contributions represent a balanced offering of academic research findings and practitioner accounts from the Third Sector together with a section devoted specifically to third sector finance institutions This book will appeal internationally to policy makers within the third sector or involved in the management of n f p and voluntary organisations as well as to those with responsibility for wider public policy scholars teaching or researching in this area and students of
