## **Online Books For Ipad:**

**Editing and Publishing e-Books** Nicolae Sfetcu, 2015-01-01 You wrote a book Very nice But you didn't write to keep it for you You should publish it The problem is that the publishers charge high prices for some authors pockets and do it objectively due to the high cost of printing But you allowed that luxury and now you have a printed book with you as the author You can keep hundreds or thousands of volumes in your personal library and give it as a gift to your friends in special occasions or try to distribute in various libraries You managed to distribute it the book is beautifully placed in shelves In time dust is spread on covers After a while the book is withdrawn It remains to use it as decoration at home or support for various household items But lucky for you there is an alternative cheaper and more effective in selling your book e Books e Book and online publishing market has evolved rapidly in recent years and a lot of companies have entered this market as publishers online bookstores or promoting e books E-books in Libraries Kate Price, Virginia Havergal, 2011 Despite the fact that e books have been in existence for decades in various guises and added to library collections for several years now there has been a noticeable lack of published manuals on the subject This is doubtless owing to the rapidly evolving nature of the market There is now a plethora of different types of digital object that may be termed e books and a bewildering number of business and access models to match Moreover the pace of change shows no sign of abating but there is an increasing amount of popular interest in e books and what is needed is practical information to assist library and information professionals managing collections of e books and doing their best to inform their users right now The book is divided into five parts The production and distribution of e books Planning and developing an e book collection Delivering e books to library readers Engaging readers with e books The future of e books Virginia Havergal BA Hons MSc MEd FIFL is a Learning Centres and e Resources Manager for Petroc a further education college in Devon Prior to this role she was an e Learning Advisor with JISC with a particular focus on Learning Resources Kate Price BA Hons MA MCLIP is Head of E Strategy and Resources at the University of Surrey **How and Why to Read and Create Children's Digital Books** Natalia Kucirkova, 2018-12-03 How and Why to Read and Create Children's Digital Books outlines effective ways of using digital books in early years and primary classrooms and specifies the educational potential of using digital books and apps in physical spaces and virtual communities With a particular focus on apps and personalised reading Natalia Kucirkova combines theory and practice to argue that personalised reading is only truly personalised when it is created or co created by reading communities Divided into two parts Part I suggests criteria to evaluate the educational quality of digital books and practical strategies for their use in the classroom Specific attention is paid to the ways in which digital books can support individual children's strengths and difficulties digital literacies language and communication skills Part II explores digital books created by children their caregivers teachers and librarians and Kucirkova also offers insights into how smart toys tangibles and augmented virtual reality tools can enrich children's reading for pleasure How and Why to Read and Create

Children's Digital Books is of interest to an international readership ranging from trainee or established teachers to MA level students and researchers as well as designers librarians and publishers All are inspired to approach children's reading on and with screens with an agentic perspective of creating and sharing Praise for How and Why to Read and Create Children's Digital Books This is an exciting and innovative book not least because it is freely available to read online but because its origins are in primary practice The author is an accomplished storyteller and whether you know as yet little about the value of digital literacy in the storymaking process or you are an accomplished digital player this book is full of evidence informed ideas explanations and inspiration Liz Chamberlain Open University At a time when children's reading is increasingly on screen many teachers parents and carers are seeking practical straightforward guidance on how to support children's engagement with digital books This volume written by the leading expert on personalised e books is packed with app reviews suggestions and insights from recent international research all underpinned by careful analysis of digital book features and recognition of reading as a social and cultural practice Providing accessible guidance on finding choosing sharing and creating digital books it will be welcomed by those excited by the possibilities of enthusing children about reading in the digital age Cathy Burnett Professor of Literacy and Education Sheffield Hallam University *IPad 2* J.D.
