HEATLEY,1894 **A  
New and Complete Greek Gradus, Or Poetical Lexicon of the Greek Language** Edward Maltby,2017-10-28 Excerpt  
from A New and Complete Greek Gradus or Poetical Lexicon of the Greek Language With a Latin and English Translation an English Greek Vocabulary and a Treatise on Some of the Principal Rules for Ascertaining the Quantity of Syllables and on the Most Popular Greek Metres It was thought desirable by the Proprietors to diminish the extent and expense of the Thesaurus so as to render it accessible to the less wealthy and to add an English as well as Latin translation for the benefit of the young and less informed I was requested to undertake the work and I own engaged in it with some reluctance because in addition to the pressure of professional engagements and studies it threatened a very serious amount of labour However I have now spared no pains to accomplish the ends in view and while the size of the book has been greatly diminished the utmost care has been taken to condense into a small compass as much real information as possible Above all it has been my aim so far as the limits of my design would permit to make the quotations complete in metre or in meaning About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
